**SB 58**, relating to City of Farmington ordinances, was taken up by Representative Engler.

Representative Engler offered **House Amendment No. 1**.

*House Amendment No. 1*

AMEND Senate Bill No. 58, Page 1, Section A, Line 2, by inserting after all of said line the following:

"71.285. 1. Whenever weeds or trash, in violation of an ordinance, are allowed to grow or accumulate, as the case may be, on any part of any lot or ground within any city, town or village in this state, the owner of the ground, or in case of joint tenancy, tenancy by entitites or tenancy in common, each owner thereof, shall be liable. The marshal or other city official as designated in such ordinance shall give a hearing after ten days' notice thereof, either personally or by United States mail to the owner or owners, or the owner's agents, or by posting such notice on the premises; thereupon, the marshal or other designated city official may declare the weeds or trash to be a nuisance and order the same to be abated within five days; and in case the weeds or trash are not removed within the five days, the marshal or other designated city official shall have the weeds or trash removed, and shall certify the costs of same to the city clerk, who shall cause a special tax bill therefor against the property to be prepared and to be collected by the collector, with other taxes assessed against the property; and the tax bill from the date of its issuance shall be a lien on the property until paid and shall be prima facie evidence of the recitals therein and of its validity, and no mere clerical error or informality in the same, or in the proceedings leading up to the issuance, shall be a defense thereto. Each special tax bill shall be issued by the city clerk and delivered to the collector on or before the first day of June of each year. Such tax bills if not paid when due shall bear interest at the rate of eight percent per annum. Notwithstanding the time limitations of this section, any city, town or village located in a county of the first classification may hold the hearing provided in this section four days after notice is sent or posted, and may order at the hearing that the weeds or trash shall be abated within five business days after the hearing and if such weeds or trash are not removed within five business days after the hearing, the order shall allow the city to immediately remove the weeds or trash pursuant to this section. Except for lands owned by a public utility, rights-of-way, and easements appurtenant or incidental to lands controlled by any railroad, the department of transportation, the department of natural resources or the department of conservation, the provisions of this subsection shall not apply to any city with a population of at least seventy thousand inhabitants which is located in a county of the first classification with a population of less than one hundred thousand inhabitants which adjoins a county with a population of less than one hundred thousand inhabitants that contains part of a city with a population of three hundred fifty thousand or more inhabitants, any city with a population of one hundred thousand or more inhabitants which is located within a county of the first classification that adjoins no other county of the first classification, or any city, town or village located within a county of the first classification with a charter form of government with a population of nine hundred thousand or more inhabitants, or any city with a population of three hundred fifty thousand or more inhabitants which is located in more than one county, or the City of St. Louis, where such city, town or village establishes its own procedures for abatement of weeds or trash, and such city may charge its costs of collecting the tax bill, including attorney fees, in the event a lawsuit is required to enforce a tax bill.

2. Except as provided in subsection 3 of this section, if weeds are allowed to grow, or if trash is allowed to accumulate, on the same property in violation of an ordinance more than once during the same growing season in the case of weeds, or more than once during a calendar year in the case of trash, in any city with a population of three hundred fifty thousand or more inhabitants which is located in more than one county, in the City of St. Louis, in any city, town or village located in a county of the first classification with a charter form of government with a population of nine hundred thousand or more inhabitants, in any fourth class city located in a county of the first classification with a charter form of government and a population of less than three hundred thousand, or in any home rule city with more than one hundred thirteen thousand two hundred but less than one hundred thirteen thousand three hundred inhabitants located...
in a county with a charter form of government and with more than six hundred thousand but less than seven hundred thousand inhabitants, the marshal or other designated city official may order that the weeds or trash be abated within five business days after notice is sent to or posted on the property. In case the weeds or trash are not removed within the five days, the marshal or other designated city official may have the weeds or trash removed and the cost of the same shall be billed in the manner described in subsection 1 of this section.

3. If weeds are allowed to grow, or if trash is allowed to accumulate, on the same property in violation of an ordinance more than once during the same growing season in the case of weeds, or more than once during a calendar year in the case of trash, in any city with a population of three hundred fifty thousand or more inhabitants which is located in more than one county, in the City of St. Louis, in any city, town or village located in a county of the first classification with a charter form of government with a population of nine hundred thousand or more inhabitants, in any fourth class city located in a county of the first classification with a charter form of government and a population of less than three hundred thousand, in any home rule city with more than one hundred thirteen thousand two hundred but less than one hundred thirteen thousand three hundred inhabitants located in a county with a charter form of government and with more than six hundred thousand but less than seven hundred thousand inhabitants, in any third class city with a population of at least ten thousand inhabitants but less than fifteen thousand inhabitants with the greater part of the population located in a county of the first classification, in any city of the third classification with more than eighteen thousand nine hundred but less than seventeen thousand inhabitants, if weeds are allowed to grow or trash is allowed to accumulate on the same property in violation of an ordinance more than once during the same growing season in the case of weeds, or more than once during a calendar year in the case of trash, in any city, town or village located in a county of the first classification where such city establishes its own procedures for abatement of weeds or trash, and such city may charge its costs of collecting the tax bill, including attorney fees, in the event a lawsuit is required to enforce a tax bill."; and

Further amend said title, enacting clause and intersectional references accordingly.

On motion of Representative Engler, House Amendment No. 1 was adopted.

Representative Gatschenberger offered House Amendment No. 2.

House Amendment No. 2

AMEND Senate Bill No. 58, Section A, Page 1, Line 2, by inserting after all of said line the following:

"71.012. 1. Notwithstanding the provisions of sections 71.015 and 71.860 to 71.920, the governing body of any city, town or village may annex unincorporated areas which are contiguous and compact to the existing corporate limits of the city, town or village pursuant to this section. The term "contiguous and compact" does not include a situation whereby the unincorporated area proposed to be annexed is contiguous to the annexing city, town or village only by a railroad line, trail, pipeline or other strip of real property less than one-quarter mile in width within the city, town or village so that the boundaries of the city, town or village after annexation would leave unincorporated areas between the annexed area and the prior boundaries of the city, town or village connected only by such railroad line, trail, pipeline or other such strip of real property. The term "contiguous and compact" does not prohibit voluntary annexations pursuant to this section merely because such voluntary annexation would create an island of unincorporated area within the city, town or village, so long as the owners of the unincorporated island were also given the opportunity to voluntarily annex into the city, town or village. Notwithstanding the provisions of this section, the governing body of any city, town or village in any county of the third classification which borders a county of the fourth classification, a county of the second classification and the Mississippi River may annex areas along a road or highway up to two miles from existing boundaries of the city, town or village or the governing body in any city, town or village in any county of the third
classification without a township form of government with a population of at least twenty-four thousand inhabitants but
not more than thirty thousand inhabitants and such county contains a state correctional center may voluntarily annex such
correctional center pursuant to the provisions of this section if the correctional center is along a road or highway within
two miles from the existing boundaries of the city, town or village.

2. (1) When a [verified] notarized petition, requesting annexation and signed by the owners of all fee interests of
record in all tracts of real property located within the area proposed to be annexed, or a request for annexation signed
under the authority of the governing body of any common interest community and approved by a majority vote of unit
owners located within the area proposed to be annexed is presented to the governing body of the city, town or village,
the governing body shall hold a public hearing concerning the matter not less than fourteen nor more than sixty days after
the petition is received, and the hearing shall be held not less than seven days after notice of the hearing is published in
a newspaper of general circulation qualified to publish legal matters and located within the boundary of the petitioned
city, town or village. If no such newspaper exists within the boundary of such city, town or village, then the notice shall
be published in the qualified newspaper nearest the petitioned city, town or village. For the purposes of this subdivision,
the term "common-interest community" shall mean a condominium as said term is used in chapter 448, or a common-
interest community, a cooperative, or a planned community.

(a) A "common-interest community" shall be defined as real property with respect to which a person, by virtue
of such person's ownership of a unit, is obliged to pay for real property taxes, insurance premiums, maintenance or
improvement of other real property described in a declaration. "Ownership of a unit" does not include a leasehold
interest of less than twenty years in a unit, including renewal options;

(b) A "cooperative" shall be defined as a common-interest community in which the real property is owned by
an association, each of whose members is entitled by virtue of such member's ownership interest in the association to
exclusive possession of a unit;

(c) A "planned community" shall be defined as a common-interest community that is not a condominium or
a cooperative. A condominium or cooperative may be part of a planned community.

(2) At the public hearing any interested person, corporation or political subdivision may present evidence
regarding the proposed annexation.

If, after holding the hearing, the governing body of the city, town or village determines that the annexation is reasonable
and necessary to the proper development of the city, town or village, and the city, town or village has the ability to
furnish normal municipal services to the area to be annexed within a reasonable time, it may, subject to the provisions
of subdivision (3) of this subsection, annex the territory by ordinance without further action.

(3) If a written objection to the proposed annexation is filed with the governing body of the city, town or village
not later than fourteen days after the public hearing by at least five percent of the qualified voters of the city, town or
village, or two qualified voters of the area sought to be annexed if the same contains two qualified voters, the provisions
of sections 71.015 and 71.860 to 71.920, shall be followed.

3. If no objection is filed, the city, town or village shall extend its limits by ordinance to include such territory,
specifying with accuracy the new boundary lines to which the city's, town's or village's limits are extended. Upon duly
enacting such annexation ordinance, the city, town or village shall cause three certified copies of the same to be filed
with the county assessor and the clerk of the county wherein the city, town or village is located, and one certified copy
to be filed with the election authority, if different from the clerk of the county which has jurisdiction over the area being
annexed, whereupon the annexation shall be complete and final and thereafter all courts of this state shall take judicial
notice of the limits of that city, town or village as so extended.

4. That a petition requesting annexation is not or was not verified or notarized shall not affect the validity
of an annexation heretofore or hereafter undertaken in accordance with this section.

5. Any action of any kind seeking to deannex from any city, town, or village any area annexed under this
section, or seeking in any way to reverse, invalidate, set aside, or otherwise challenge such annexation or oust such
city, town, or village from jurisdiction over such annexed area shall be brought within five years of the date of
adoption of the annexation ordinance.

71.014. 1. Notwithstanding the provisions of section 71.015, the governing body of any city, town, or village
which is located within a county which borders a county of the first classification with a charter form of government with
a population in excess of six hundred fifty thousand, proceeding as otherwise authorized by law or charter, may annex
unincorporated areas which are contiguous and compact to the existing corporate limits upon [verified] notarized
petition requesting such annexation signed by the owners of all fee interests of record in all tracts located within the area
to be annexed. That a petition requesting annexation is not or was not verified or notarized shall not affect the
validity of an annexation heretofore or hereafter undertaken in accordance with this section.
2. Any action of any kind seeking to deannex from any city, town, or village any area annexed under this section, or seeking in any way to reverse, invalidate, set aside, or otherwise challenge such annexation or oust such city, town, or village from jurisdiction over such annexed area shall be brought within five years of the date of adoption of the annexation ordinance.

71.015. 1. Should any city, town, or village, not located in any county of the first classification which has adopted a constitutional charter for its own local government, seek to annex an area to which objection is made, the following shall be satisfied:

(1) Before the governing body of any city, town, or village has adopted a resolution to annex any unincorporated area of land, such city, town, or village shall first as a condition precedent determine that the land to be annexed is contiguous to the existing city, town, or village limits and that the length of the contiguous boundary common to the existing city, town, or village limit and the proposed area to be annexed is at least fifteen percent of the length of the perimeter of the area proposed for annexation.

(2) The governing body of any city, town, or village shall propose an ordinance setting forth the following:

(a) The area to be annexed and affirmatively stating that the boundaries comply with the condition precedent referred to in subdivision (1) above;
(b) That such annexation is reasonable and necessary to the proper development of the city, town, or village;
(c) That the city has developed a plan of intent to provide services to the area proposed for annexation;
(d) That a public hearing shall be held prior to the adoption of the ordinance;
(e) When the annexation is proposed to be effective, the effective date being up to thirty-six months from the date of any election held in conjunction thereto.

(3) The city, town, or village shall fix a date for a public hearing on the ordinance and make a good faith effort to notify all fee owners of record within the area proposed to be annexed by certified mail, not less than thirty nor more than sixty days before the hearing, and notify all residents of the area by publication of notice in a newspaper of general circulation qualified to publish legal matters in the county or counties where the proposed area is located, at least once a week for three consecutive weeks prior to the hearing, with at least one such notice being not more than twenty days and not less than ten days before the hearing.

(4) At the hearing referred to in subdivision (3), the city, town, or village shall present the plan of intent and evidence in support thereof to include:

(a) A list of major services presently provided by the city, town, or village including, but not limited to, police and fire protection, water and sewer systems, street maintenance, parks and recreation, and refuse collection, etc.;
(b) A proposed time schedule whereby the city, town, or village plans to provide such services to the residents of the proposed area to be annexed within three years from the date the annexation is to become effective;
(c) The level at which the city, town, or village assesses property and the rate at which it taxes that property;
(d) How the city, town, or village proposes to zone the area to be annexed;
(e) When the proposed annexation shall become effective.

(5) Following the hearing, and either before or after the election held in subdivision (6) of this subsection, should the governing body of the city, town, or village vote favorably by ordinance to annex the area, the governing body of the city, town, or village shall file an action in the circuit court of the county in which such unincorporated area is situated, under the provisions of chapter 527, praying for a declaratory judgment authorizing such annexation. The petition in such action shall state facts showing:

(a) The area to be annexed and its conformity with the condition precedent referred to in subdivision (1) of this subsection;
(b) That such annexation is reasonable and necessary to the proper development of the city, town, or village;
(c) The ability of the city, town, or village to furnish normal municipal services of the city, town, or village to the unincorporated area within a reasonable time not to exceed three years after the annexation is to become effective. Such action shall be a class action against the inhabitants of such unincorporated area under the provisions of section 507.070.

(6) Except as provided in subsection 3 of this section, if the court authorizes the city, town, or village to make an annexation, the legislative body of such city, town, or village shall not have the power to extend the limits of the city, town, or village by such annexation until an election is held at which the proposition for annexation is approved by a majority of the total votes cast in the city, town, or village and by a separate majority of the total votes cast in the unincorporated territory sought to be annexed. However, should less than a majority of the total votes cast in the area proposed to be annexed vote in favor of the proposal, but at least a majority of the total votes cast in the city, town, or village vote in favor of the proposal, then the proposal shall again be voted upon in not more than one hundred twenty
days by both the registered voters of the city, town, or village and the registered voters of the area proposed to be annexed. If at least two-thirds of the qualified electors voting thereon are in favor of the annexation, then the city, town, or village may proceed to annex the territory. If the proposal fails to receive the necessary majority, no part of the area sought to be annexed may be the subject of another proposal to annex for a period of two years from the date of the election, except that, during the two-year period, the owners of all fee interests of record in the area or any portion of the area may petition the city, town, or village for the annexation of the land owned by them pursuant to the procedures in section 71.012. The elections shall if authorized be held, except as herein otherwise provided, in accordance with the general state law governing special elections, and the entire cost of the election or elections shall be paid by the city, town, or village proposing to annex the territory.

(7) Failure to comply in providing services to the said area or to zone in compliance with the plan of intent within three years after the effective date of the annexation, unless compliance is made unreasonable by an act of God, shall give rise to a cause of action for deannexation which may be filed in the circuit court by any resident of the area who was residing in the area at the time the annexation became effective.

(8) No city, town, or village which has filed an action under this section as this section read prior to May 13, 1980, which action is part of an annexation proceeding pending on May 13, 1980, shall be required to comply with subdivision (5) of this subsection in regard to such annexation proceeding.

(9) If the area proposed for annexation includes a public road or highway but does not include all of the land adjoining such road or highway, then such fee owners of record, of the lands adjoining said highway shall be permitted to intervene in the declaratory judgment action described in subdivision (5) of this subsection.

2. Notwithstanding any provision of subsection 1 of this section, for any annexation by any city with a population of three hundred fifty thousand or more inhabitants which is located in more than one county that becomes effective after August 28, 1994, if such city has not provided water and sewer service to such annexed area within three years of the effective date of the annexation, a cause of action shall lie for deannexation, unless the failure to provide such water and sewer service to the annexed area is made unreasonable by an act of God. The cause of action for deannexation may be filed in the circuit court by any resident of the annexed area who is presently residing in the area at the time of the filing of the suit and was a resident of the annexed area at the time the annexation became effective. If the suit for deannexation is successful, the city shall be liable for all court costs and attorney fees.

3. Notwithstanding the provisions of subdivision (6) of subsection 1 of this section, all cities, towns, and villages located in any county of the first classification with a charter form of government with a population of two hundred thousand or more inhabitants which adjoins a county with a population of nine hundred thousand or more inhabitants shall comply with the provisions of this subsection. If the court authorizes any city, town, or village subject to this subsection to make an annexation, the legislative body of such city, town or village shall not have the power to extend the limits of such city, town, or village by such annexation until an election is held at which the proposition for annexation is approved by a majority of the total votes cast in such city, town, or village and by a separate majority of the total votes cast in the unincorporated territory sought to be annexed; except that:

(1) In the case of a proposed annexation in any area which is contiguous to the existing city, town or village and which is within an area designated as flood plain by the Federal Emergency Management Agency and which is inhabited by no more than thirty registered voters and for which a final declaratory judgment has been granted prior to January 1, 1993, approving such annexation and where notarized affidavits expressing approval of the proposed annexation are obtained from a majority of the registered voters residing in the area to be annexed, the area may be annexed by an ordinance duly enacted by the governing body and no elections shall be required; and

(2) In the case of a proposed annexation of unincorporated territory in which no qualified electors reside, if at least a majority of the qualified electors voting on the proposition are in favor of the annexation, the city, town or village may proceed to annex the territory and no subsequent election shall be required. If the proposal fails to receive the necessary separate majorities, no part of the area sought to be annexed may be the subject of any other proposal to annex for a period of two years from the date of such election, except that, during the two-year period, the owners of all fee interests of record in the area or any portion of the area may petition the city, town, or village for the annexation of the land owned by them pursuant to the procedures in section 71.012 or 71.014. The election shall, if authorized, be held, except as otherwise provided in this section, in accordance with the general state laws governing special elections, and the entire cost of the election or elections shall be paid by the city, town, or village proposing to annex the territory. Failure of the city, town or village to comply in providing services to the area or to zone in compliance with the plan of intent within three years after the effective date of the annexation, unless compliance is made unreasonable by an act of God, shall give rise to a cause of action for deannexation which may be filed in the circuit court not later than four years after the effective date of the annexation by any resident of the area who was residing in such area at the time the annexation became effective or by any nonresident owner of real property in such area. Except for a cause of action for deannexation under this subdivision (2) of this subsection, any action of any kind seeking to deannex from any
city, town, or village any area annexed under this section, or seeking in any way to reverse, invalidate, set aside, or otherwise challenge such annexation or oust such city, town, or village from jurisdiction over such annexed area shall be brought within five years of the date of the adoption of the annexation ordinance."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

(7) Any nursery school; and

(8) Any child-care facility in a third class county that discloses any noncompliance with sections 210.203 to 210.245 to the parent or guardian of the child being cared for and obtains written acknowledgment of such non-compliance from the parent or guardian."; and

**HCS SB 127**, relating to MO HealthNet benefits, was taken up by Representative Lichtenegger.

Representative Barnes offered **House Amendment No. 1**.

**House Amendment No. 1**

AMEND House Committee Substitute for Senate Bill No. 127, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"208.146. 1. The program established under this section shall be known as the "Ticket to Work Health Assurance Program". Subject to appropriations and in accordance with the federal Ticket to Work and Work Incentives Improvement Act of 1999 (TWWIA), Public Law 106-170, the medical assistance provided for in section 208.151 may be paid for a person who is employed and who:

(1) Except for earnings, meets the definition of disabled under the Supplemental Security Income Program or meets the definition of an employed individual with a medically improved disability under TWWIA;

(2) Has earned income, as defined in subsection 2 of this section;

(3) Meets the asset limits in subsection 3 of this section;

(4) Has net income, as defined in subsection 3 of this section, that does not exceed the limit for permanent and totally disabled individuals to receive nonspenddown MO HealthNet under subdivision (24) of subsection 1 of section 208.151; and

(5) Has a gross income of two hundred fifty percent or less of the federal poverty level, excluding any earned income of the worker with a disability between two hundred fifty and three hundred percent of the federal poverty level. For purposes of this subdivision, "gross income" includes all income of the person and the person's spouse that would be considered in determining MO HealthNet eligibility for permanent and totally disabled individuals under subdivision (24) of subsection 1 of section 208.151. Individuals with gross incomes in excess of one hundred percent of the federal poverty level shall pay a premium for participation in accordance with subsection 4 of this section.

2. For income to be considered earned income for purposes of this section, the department of social services shall document that Medicare and Social Security taxes are withheld from such income. Self-employed persons shall provide proof of payment of Medicare and Social Security taxes for income to be considered earned.

3. (1) For purposes of determining eligibility under this section, the available asset limit and the definition of available assets shall be the same as those used to determine MO HealthNet eligibility for permanent and totally disabled individuals under subdivision (24) of subsection 1 of section 208.151 except for:
(a) Medical savings accounts limited to deposits of earned income and earnings on such income while a participant in the program created under this section with a value not to exceed five thousand dollars per year; and

(b) Independent living accounts limited to deposits of earned income and earnings on such income while a participant in the program created under this section with a value not to exceed five thousand dollars per year. For purposes of this section, an "independent living account" means an account established and maintained to provide savings for transportation, housing, home modification, and personal care services and assistive devices associated with such person's disability.

(2) To determine net income, the following shall be disregarded:
   (a) All earned income of the disabled worker;
   (b) The first sixty-five dollars and one-half of the remaining earned income of a nondisabled spouse's earned income;
   (c) A twenty dollar standard deduction;
   (d) Health insurance premiums;
   (e) A seventy-five dollar a month standard deduction for the disabled worker's dental and optical insurance when the total dental and optical insurance premiums are less than seventy-five dollars;
   (f) All Supplemental Security Income payments, and the first fifty dollars of SSDI payments;
   (g) A standard deduction for impairment-related employment expenses equal to one-half of the disabled worker's earned income.

4. Any person whose gross income exceeds one hundred percent of the federal poverty level shall pay a premium for participation in the medical assistance provided in this section. Such premium shall be:
   (1) For a person whose gross income is more than one hundred percent but less than one hundred fifty percent of the federal poverty level, four percent of income at one hundred percent of the federal poverty level;
   (2) For a person whose gross income equals or exceeds one hundred fifty percent but is less than two hundred percent of the federal poverty level, four percent of income at one hundred fifty percent of the federal poverty level;
   (3) For a person whose gross income equals or exceeds two hundred percent but less than two hundred fifty percent of the federal poverty level, five percent of income at two hundred percent of the federal poverty level;
   (4) For a person whose gross income equals or exceeds two hundred fifty percent up to and including three hundred percent of the federal poverty level, six percent of income at two hundred fifty percent of the federal poverty level.

5. Recipients of services through this program shall report any change in income or household size within ten days of the occurrence of such change. An increase in premiums resulting from a reported change in income or household size shall be effective with the next premium invoice that is mailed to a person after due process requirements have been met. A decrease in premiums shall be effective the first day of the month immediately following the month in which the change is reported.

6. If an eligible person's employer offers employer-sponsored health insurance and the department of social services determines that it is more cost effective, such person shall participate in the employer-sponsored insurance. The department shall pay such person's portion of the premiums, co-payments, and any other costs associated with participation in the employer-sponsored health insurance.

208.151. 1. Medical assistance on behalf of needy persons shall be known as "MO HealthNet". For the purpose of paying MO HealthNet benefits and to comply with Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301, et seq.) as amended, the following needy persons shall be eligible to receive MO HealthNet benefits to the extent and in the manner hereinafter provided:

   (3) All participants receiving blind pension benefits;
   (4) All persons who would be determined to be eligible for old age assistance benefits, permanent and total disability benefits, or aid to the blind benefits under the eligibility standards in effect December 31, 1973, or less restrictive standards as established by rule of the family support division, who are sixty-five years of age or over and are patients in state institutions for mental diseases or tuberculosis;

(7) All persons eligible to receive nursing care benefits;

(8) All participants receiving family foster home or nonprofit private child-care institution care, subsidized adoption benefits and parental school care wherein state funds are used as partial or full payment for such care;

(9) All persons who were participants receiving old age assistance benefits, aid to the permanently and totally disabled, or aid to the blind benefits on December 31, 1973, and who continue to meet the eligibility requirements, except income, for these assistance categories, but who are no longer receiving such benefits because of the implementation of Title XVI of the federal Social Security Act, as amended;

(10) Pregnant women who meet the requirements for aid to families with dependent children, except for the existence of a dependent child in the home;

(12) Pregnant women or infants under one year of age, or both, whose family income does not exceed an income eligibility standard equal to one hundred eighty-five percent of the federal poverty level as established and amended by the federal Department of Health and Human Services, or its successor agency;

(13) Children who have attained one year of age but have not attained six years of age who are eligible for medical assistance under 6401 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989). An individual applying for a navigator license shall make application to the department on a form developed by the director and declare under penalty of refusal, suspension, or revocation of the license that the statements made in the application are true, correct, and complete to the best of the individual's knowledge and belief. 4. The navigator license held by an entity may be suspended or revoked, renewal or reinstatement thereof may be refused, or a fine may be levied, with or without a suspension, revocation, or refusal to renew a license, if the director finds that an individual licensee's violation was known or should have been known by the employing or supervising entity and the violation was not reported to the director and no corrective action was undertaken on a timely basis.

376.2011. 1. The provisions of sections 376.2000 to 376.2014 are severable, and the valid provisions or applications shall remain in full force and effect.

3. The director may promulgate rules and regulations to implement and administer the provisions of sections 376.2000 to 376.2014. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in sections 376.2000 to 376.2014 shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. (d) For individuals listed in paragraphs (d), (e) and (i) of subdivision (1) of this subsection, the department shall apply one hundred eighty-five percent of the federal poverty level converted to the MAGI equivalent net income standard;
(3) Individuals eligible for MO HealthNet under subdivision (1) of this subsection shall receive all applicable benefits under section 208.152.

3. The department or appropriate divisions of the department shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as the term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

4. The department shall submit such state plan amendments and waivers to the Centers for Medicare and Medicaid Services of the federal Department of Health and Human Services as the department determines are necessary to implement the provisions of this section.

Further amend said bill, Page 5, Line 9, by inserting after all of said line the following:

“Further amend said bill, Page 39, Section 376.1900, Line 56, by inserting after all of said line the following:

"660.315. 1. After an investigation and a determination has been made to place a person's name on the employee disqualification list, that person shall be notified in writing mailed to his or her last known address that:

(1) An allegation has been made against the person, the substance of the allegation and that an investigation has been conducted which tends to substantiate the allegation;
(2) The person's name will be included in the employee disqualification list of the department;
(3) The consequences of being so listed including the length of time to be listed; and
(4) The person's rights and the procedure to challenge the allegation.

2. If no reply has been received within thirty days of mailing the notice, the department may include the name of such person on its list. The length of time the person's name shall appear on the employee disqualification list shall be determined by the director or the director's designee, based upon the criteria contained in subsection 9 of this section.

3. If the person so notified wishes to challenge the allegation, such person may file an application for a hearing with the department. The department shall grant the application within thirty days after receipt by the department and set the matter for hearing, or the department shall notify the applicant that, after review, the allegation has been held to be unfounded and the applicant's name will not be listed.

4. If a person's name is included on the employee disqualification list without the department providing notice as required under subsection 1 of this section, such person may file a request with the department for removal of the name or for a hearing. Within thirty days after receipt of the request, the department shall either remove the name from the list or grant a hearing and set a date therefor.

5. Any hearing shall be conducted in the county of the person's residence by the director of the department or the director's designee. The provisions of chapter 536 for a contested case except those provisions or amendments which are in conflict with this section shall apply to and govern the proceedings contained in this section and the rights and duties of the parties involved. The person appealing such an action shall be entitled to present evidence, pursuant to the provisions of chapter 536, relevant to the allegations.

6. Upon the record made at the hearing, the director of the department or the director's designee shall determine all questions presented and shall determine whether the person shall be listed on the employee disqualification list. The director of the department or the director's designee shall clearly state the reasons for his or her decision and shall include a statement of findings of fact and conclusions of law pertinent to the questions in issue.

7. A person aggrieved by the decision following the hearing shall be informed of his or her right to seek judicial review as provided under chapter 536. If the person fails to appeal the director's findings, those findings shall constitute a final determination that the person shall be placed on the employee disqualification list.

8. A decision by the director shall be inadmissible in any civil action brought against a facility or the in-home services provider agency and arising out of the facts and circumstances which brought about the employment disqualification proceeding, unless the civil action is brought against the facility or the in-home services provider agency by the department of health and senior services or one of its divisions.

9. The length of time the person's name shall appear on the employee disqualification list shall be determined by the director of the department of health and senior services or the director's designee, based upon the following:

(1) Whether the person acted recklessly or knowingly, as defined in chapter 562;
(2) The degree of the physical, sexual, or emotional injury or harm; or the degree of the imminent danger to the health, safety or welfare of a resident or in-home services client;
(3) The degree of misappropriation of the property or funds, or falsification of any documents for service delivery of an in-home services client;

(4) Whether the person has previously been listed on the employee disqualification list;

(5) Any mitigating circumstances;

(6) Any aggravating circumstances; and

(7) Whether alternative sanctions resulting in conditions of continued employment are appropriate in lieu of placing a person’s name on the employee disqualification list. Such conditions of employment may include, but are not limited to, additional training and employee counseling. Conditional employment shall terminate upon the expiration of the designated length of time and the person’s submitting documentation which fulfills the department of health and senior services’ requirements.

10. The removal of any person’s name from the list under this section shall not prevent the director from keeping records of all acts finally determined to have occurred under this section.

11. The department shall provide the list maintained pursuant to this section to other state departments upon request and to any person, corporation, organization, or association who:

(1) Is licensed as an operator under chapter 198;

(2) Provides in-home services under contract with the department;

(3) Employs nurses and nursing assistants for temporary or intermittent placement in health care facilities;

(4) Is approved by the department to issue certificates for nursing assistants training;

(5) Is an entity licensed under chapter 197;

(6) Is a recognized school of nursing, medicine, or other health profession for the purpose of determining whether students scheduled to participate in clinical rotations with entities described in subdivision (1), (2), or (5) of this subsection are included in the employee disqualification list; or

(7) Is a consumer reporting agency regulated by the federal Fair Credit Reporting Act that conducts employee background checks on behalf of entities listed in subdivisions (1), (2), (5), or (6) of this subsection. Such a consumer reporting agency shall conduct the employee disqualification list check only upon the initiative or request of an entity described in subdivisions (1), (2), (5), or (6) of this subsection when the entity is fulfilling its duties required under this section. The information shall be disclosed only to the requesting entity.

The department shall inform any person listed above who inquires of the department whether or not a particular name is on the list. The department may require that the request be made in writing. No person, corporation, organization, or association who is entitled to access the employee disqualification list may disclose the information to any person, corporation, organization, or association who is not entitled to access the list. Any person, corporation, organization, or association who is entitled to access the employee disqualification list who discloses the information to any person, corporation, organization, or association who is not entitled to access the list shall be guilty of a violation.

12. No person, corporation, organization, or association who received the employee disqualification list under subdivisions (1) to (7) of subsection 11 of this section shall knowingly employ any person who is on the employee disqualification list. Any person, corporation, organization, or association who received the employee disqualification list under subdivisions (1) to (7) of subsection 11 of this section, or any person responsible for providing health care service, who declines to employ or terminates a person whose name is listed in this section shall be immune from suit by that person or anyone else acting for or in behalf of that person for the failure to employ or for the termination of the person whose name is listed on the employee disqualification list.

13. Any employer who is a vendor as defined in sections 197.250, 197.400, 198.006, 208.900, or 660.250 required to [discharge an employee because the employee was placed on a disqualification list maintained by the department of health and senior services after the date of hire] deny employment to an applicant or to discharge an employee, provisional or otherwise, as a result of information obtained through any portion of the background screening and employment eligibility determination process under section 210.903, or subsequent, periodic screenings, shall not be liable in any action brought by the applicant or employee relating to discharge where the employer is required by law to terminate the employee, provisional or otherwise, and shall not be charged for unemployment insurance benefits based on wages paid to the employee for work prior to the date of discharge, pursuant to section 288.100[.], if the employer terminated the employee because the employee:

(1) Has been found guilty, pled guilty or nolo contendere in this state or any other state of a crime as listed in subsection 6 of section 660.317;

(2) Was placed on the employee disqualification list under this section after the date of hire;

(3) Was placed on the employee disqualification registry maintained by the department of mental health after the date of hire;

(4) Has a disqualifying finding under this section, section 660.317, or is on any of the background check lists in the family care safety registry under sections 210.900 to 210.936; or
(5) Was denied a good cause waiver as provided for in subsection 10 of section 660.317.

14. Any person who has been listed on the employee disqualification list may request that the director remove his or her name from the employee disqualification list. The request shall be written and may not be made more than once every twelve months. The request will be granted by the director upon a clear showing, by written submission only, that the person will not commit additional acts of abuse, neglect, misappropriation of the property or funds, or the falsification of any documents of service delivery to an in-home services client. The director may make conditional the removal of a person's name from the list on any terms that the director deems appropriate, and failure to comply with such terms may result in the person's name being relisted. The director's determination of whether to remove the person's name from the list is not subject to appeal. ; and ; and

*House Amendment No. 2*

AMEND House Committee Substitute for House Bill No. 717, Pages 16-27, Sections 210.145, 210.152, 210.153, by deleting all of said sections from the bill and inserting in lieu thereof the following:

"210.145. 1. The division shall develop protocols which give priority to:

(1) Ensuring the well-being and safety of the child in instances where child abuse or neglect has been alleged;

(2) Promoting the preservation and reunification of children and families consistent with state and federal law;

(3) Providing due process for those accused of child abuse or neglect; and

(4) Maintaining an information system operating at all times, capable of receiving and maintaining reports. This information system shall have the ability to receive reports over a single, statewide toll-free number. Such information system shall maintain the results of all investigations, family assessments and services, and other relevant information.

2. The division shall utilize structured decision-making protocols for classification purposes of all child abuse and neglect reports. The protocols developed by the division shall give priority to ensuring the well-being and safety of the child. All child abuse and neglect reports shall be initiated within twenty-four hours and shall be classified based upon the reported risk and injury to the child. The division shall promulgate rules regarding the structured decision-making protocols to be utilized for all child abuse and neglect reports.

3. Upon receipt of a report, the division shall determine if the report merits investigation, including reports which if true would constitute a suspected violation of any of the following: section 565.020, 565.021, 565.023, 565.024, or 565.050 if the victim is a child less than eighteen years of age, section 566.030 or 566.060 if the victim is a child less than eighteen years of age, or other crimes under chapter 566 if the victim is a child less than eighteen years of age and the perpetrator is twenty-one years of age or older, section 567.050 if the victim is a child less than eighteen years of age, section 568.020, 568.030, 568.045, 568.050, 568.060, 568.080, or 568.090, section 573.025, 573.035, 573.037, or 573.040, or an attempt to commit any such crimes. The division shall immediately communicate all reports that merit investigation to its appropriate local office and any relevant information as may be contained in the information system. The local division staff shall determine, through the use of protocols developed by the division, whether an investigation or the family assessment and services approach should be used to respond to the allegation. The protocols developed by the division shall give priority to ensuring the well-being and safety of the child.

4. When the child abuse and neglect hotline receives three or more calls, within a seventy-two hour period, from one or more individuals concerning the same child, the division shall conduct a review to determine whether the calls meet the criteria and statutory definition for a child abuse and neglect report to be accepted. In conducting the review, the division shall contact the hotline caller or callers in order to collect information to determine whether the calls meet the criteria for harassment.

5. The local office shall contact the appropriate law enforcement agency immediately upon receipt of a report which division personnel determine merits an investigation and provide such agency with a detailed description of the report received. In such cases the local division office shall request the assistance of the local law enforcement agency in all aspects of the investigation of the complaint. The appropriate law enforcement agency shall either assist the division in the investigation or provide the division, within twenty-four hours, an explanation in writing detailing the reasons why it is unable to assist.

6. The local office of the division shall cause an investigation or family assessment and services approach to be initiated in accordance with the protocols established in subsection 2 of this section, except in cases where the sole basis for the report is educational neglect. If the report indicates that educational neglect is the only complaint and there is no suspicion of other neglect or abuse, the investigation shall be initiated within seventy-two hours of receipt of the report. If the report indicates the child is in danger of serious physical harm or threat to life, an investigation shall include direct observation of the subject child within twenty-four hours of the receipt of the report. Local law enforcement shall take all necessary steps to facilitate such direct observation. Callers to the child abuse and neglect hotline shall be instructed by the division's hotline to call 911 in instances where the child may be in immediate danger. If the parents of the child are not the alleged abusers, a parent of the child must be notified prior to the child being interviewed by the division. No person responding to or investigating a child abuse and neglect report shall call prior to a home visit or leave any documentation of any attempted visit, such as business cards, pamphlets, or other similar identifying information if he or she has a reasonable basis to believe the following factors are present:

(1) (a) No person is present in the home at the time of the home visit; and
The alleged perpetrator becomes aware of the attempted visit;

2. The alleged perpetrator will be alerted regarding the attempted visit; or

3. The family has a history of domestic violence or fleeing the community.

If the alleged perpetrator is present during a visit by the person responding to or investigating the report, such person shall provide written material to the alleged perpetrator informing him or her of his or her rights regarding such visit, including but not limited to the right to contact an attorney. The alleged perpetrator shall be given a reasonable amount of time to read such written material or have such material read to him or her by the case worker before the visit commences, but in no event shall such time exceed five minutes; except that, such requirement to provide written material and reasonable time to read such material shall not apply in cases where the child faces an immediate threat or danger, or the person responding to investigating the report is or feels threatened or in danger of physical harm. If the abuse is alleged to have occurred in a school or child care facility the division shall not meet with the child in any school building or child-care facility building where abuse of such child is alleged to have occurred. When the child is reported absent from the residence, the location and the well-being of the child shall be verified. For purposes of this subsection, child care facility shall have the same meaning as such term is defined in section 210.201.

7. The director of the division shall name at least one chief investigator for each local division office, who shall direct the division response on any case involving a second or subsequent incident regarding the same subject child or perpetrator. The duties of a chief investigator shall include verification of direct observation of the subject child by the division and shall ensure information regarding the status of an investigation is provided to the public school district liaison. The public school district liaison shall develop protocol in conjunction with the chief investigator to ensure information regarding an investigation is shared with appropriate school personnel. The superintendent of each school district shall designate a specific person or persons to act as the public school district liaison. Should the subject child attend a nonpublic school the chief investigator shall notify the school principal of the investigation. Upon notification of an investigation, all information received by the public school district liaison or the school shall be subject to the provisions of the federal Family Educational Rights and Privacy Act (FERPA), 20 U.S.C., Section 1232g, and federal rule 34 CFR, Part 99.

8. The investigation shall include but not be limited to the nature, extent, and cause of the abuse or neglect; the identity and age of the person responsible for the abuse or neglect; the names and conditions of other children in the home, if any; the home environment and the relationship of the subject child to the parents or other persons responsible for the child's care; any indication of incidents of physical violence against any other household or family member; and other pertinent data.

9. When a report has been made by a person required to report under section 210.115, the division shall contact the person who made such report within forty-eight hours of the receipt of the report in order to ensure that full information has been received and to obtain any additional information or medical records, or both, that may be pertinent.

10. Upon completion of the investigation, if the division suspects that the report was made maliciously or for the purpose of harassment, the division shall refer the report and any evidence of malice or harassment to the local prosecuting or circuit attorney.

11. Multidisciplinary teams shall be used whenever conducting the investigation as determined by the division in conjunction with local law enforcement. Multidisciplinary teams shall be used in providing protective or preventive social services, including the services of law enforcement, a liaison of the local public school, the juvenile officer, the juvenile court, and other agencies, both public and private.

12. For all family support team meetings involving an alleged victim of child abuse or neglect, the parents, legal counsel for the parents, foster parents, the legal guardian or custodian of the child, the guardian ad litem for the child, and the volunteer advocate for the child shall be provided notice and be permitted to attend all such meetings. Family members, other than alleged perpetrators, or other community informal or formal service providers that provide significant support to the child and other individuals may also be invited at the discretion of the parents of the child. In addition, the parents, the legal counsel for the parents, the legal guardian or custodian and the foster parents may request that other individuals, other than alleged perpetrators, be permitted to attend such team meetings. Once a person is provided notice of or attends such team meetings, the division or the convenor of the meeting shall provide such persons with notice of all such subsequent meetings involving the child. Families may determine whether individuals invited at their discretion shall continue to be invited.

13. If the appropriate local division personnel determine after an investigation has begun that completing an investigation is not appropriate, the division shall conduct a family assessment and services approach. The division shall provide written notification to local law enforcement prior to terminating any investigative process. The reason for the termination of the investigative process shall be documented in the record of the division and the written notification
submitted to local law enforcement. Such notification shall not preclude nor prevent any investigation by law
enforcement.
14. If the appropriate local division personnel determines to use a family assessment and services approach, the
division shall:
   (1) Assess any service needs of the family. The assessment of risk and service needs shall be based on
   information gathered from the family and other sources;
   (2) Provide services which are voluntary and time-limited unless it is determined by the division based on the
   assessment of risk that there will be a high risk of abuse or neglect if the family refuses to accept the services. The
   division shall identify services for families where it is determined that the child is at high risk of future abuse or neglect.
   The division shall thoroughly document in the record its attempt to provide voluntary services and the reasons these
   services are important to reduce the risk of future abuse or neglect to the child. If the family continues to refuse
   voluntary services or the child needs to be protected, the division may commence an investigation;
   (3) Commence an immediate investigation if at any time during the family assessment and services approach
   the division determines that an investigation, as delineated in sections 210.109 to 210.183, is required. The division staff
   who have conducted the assessment may remain involved in the provision of services to the child and family;
   (4) Document at the time the case is closed, the outcome of the family assessment and services approach, any
   service provided and the removal of risk to the child, if it existed.
15. Within thirty days of an oral report of abuse or neglect, the local office shall update the information in the
   information system. The information system shall contain, at a minimum, the determination made by the division as a
   result of the investigation, identifying information on the subjects of the report, those responsible for the care of the
   subject child, and other relevant dispositional information. The division shall complete all investigations within thirty
   days, unless good cause for the failure to complete the investigation is documented in the information system. If a child
   involved in a pending investigation dies, the investigation shall remain open until the division's investigation surrounding
   the death is completed. If the investigation is not completed within thirty days, the information system shall be updated
   at regular intervals and upon the completion of the investigation. The information in the information system shall be
   updated to reflect any changes in classification under subsection 2 of this section or subsection 1 of section 210.152,
   or any subsequent findings, including any changes to the findings based on an administrative or judicial hearing on the
   matter.
16. A person required to report under section 210.115 to the division and any person making a report of child
   abuse or neglect made to the division which is not made anonymously shall be informed by the division of his or her
   right to obtain information concerning the disposition of his or her report. Such person shall receive, from the local
   office, if requested, information on the general disposition of his or her report. Such person may receive, if requested,
   findings and information concerning the case. Such release of information shall be at the discretion of the director based
   upon a review of the reporter's ability to assist in protecting the child or the potential harm to the child or other children
   within the family. The local office shall respond to the request within forty-five days. The findings shall be made
   available to the reporter within five days of the outcome of the investigation. If the report is determined to be
   unsubstantiated, the reporter may request that the report be referred by the division to the office of child advocate for
   children's protection and services established in sections 37.700 to 37.730. Upon request by a reporter under this
   subsection, the division shall refer an unsubstantiated report of child abuse or neglect to the office of child advocate for
   children's protection and services.
17. The division shall provide to any individual who is not satisfied with the results of an investigation
   information about the office of child advocate and the services it may provide under sections 37.700 to 37.730.
18. In any judicial proceeding involving the custody of a child the fact that a report may have been made
   pursuant to sections 210.109 to 210.183 shall not be admissible. However:
   (1) Nothing in this subsection shall prohibit the introduction of evidence from independent sources to support
   the allegations that may have caused a report to have been made; and
   (2) The court may, on its own motion, or shall if requested by a party to the proceeding, make an inquiry not
   on the record with the children's division to determine if such a report has been made.

If a report has been made, the court may stay the custody proceeding until the children's division completes its
investigation.
19. In any judicial proceeding involving the custody of a child where the court determines that the child is in
   need of services under paragraph (d) of subdivision (1) of subsection 1 of section 211.031 and has taken jurisdiction,
   the child's parent, guardian or custodian shall not be entered into the registry.
20. The children's division is hereby granted the authority to promulgate rules and regulations pursuant to the
   provisions of section 207.021 and chapter 536 to carry out the provisions of sections 210.109 to 210.183.
21. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void.

210.152. 1. All identifying information, including telephone reports reported pursuant to section 210.145, relating to reports of abuse or neglect received by the division after July 1, 2014, shall be classified in one of the following tiers based on level of harm to the child:

(1) Tier one: severe harm to a child. Such classification shall include, but not be limited to, all cases of sexual abuse or serious physical abuse;

(2) Tier two: moderate harm to a child. Such classification shall include, but not be limited to, physical abuse that is not categorized into tier one, serious neglect, or multiple substantiated reports of tier three abuse or neglect over time; or

(3) Tier three: mild harm to a child. Such classification shall include, but not be limited to, a single substantiated report of abuse or neglect that is not classified in tier one or tier two.

By July 1, 2014, the division shall promulgate rules to establish the standards for each classification in this subsection.

2. The identifying information described in subsection 1 of this section shall be retained by the division and removed from the records of the division as follows:

(1) For investigation reports contained in the central registry[, identifying information shall be retained by the division];

(a) All tier one reports shall be placed on the registry for life;

(b) All tier two reports shall be placed on the registry for five years, unless the individual is found to have committed another act of child abuse or neglect in such five-year period, in which case the individual shall be classified as a tier one report. Any tier two report shall be eligible for record closure at the expiration of such five-year period; and

(c) All tier three reports shall be placed on the registry for two years and shall automatically be closed at the end of such two-year period; except that, a person shall be placed back on the registry for any subsequent acts of abuse or neglect such person is found to have committed:

(2) (a) For investigation reports initiated against a person required to report pursuant to section 210.115, where insufficient evidence of abuse or neglect is found by the division and where the division determines the allegation of abuse or neglect was made maliciously, for purposes of harassment or in retaliation for the filing of a report by a person required to report, identifying information shall be expunged by the division within forty-five days from the conclusion of the investigation;

(b) For investigation reports, where insufficient evidence of abuse or neglect is found by the division and where the division determines the allegation of abuse or neglect was made maliciously, for purposes of harassment or in retaliation for the filing of a report, identifying information shall be expunged by the division within forty-five days from the conclusion of the investigation;

(c) For investigation reports initiated by a person required to report under section 210.115, where insufficient evidence of abuse or neglect is found by the division, identifying information shall be retained for five years from the conclusion of the investigation. For all other investigation reports where insufficient evidence of abuse or neglect is found by the division, identifying information shall be retained for two years from the conclusion of the investigation. Such reports shall include any exculpatory evidence known by the division, including exculpatory evidence obtained after the closing of the case. At the end of such time period, the identifying information shall automatically be removed from the records of the division and destroyed;

(3) For reports where the division uses the family assessment and services approach, identifying information shall be retained by the division in accordance with the provisions of this subsection;

(4) For reports in which the division is unable to locate the child alleged to have been abused or neglected, identifying information shall be retained for ten years from the date of the report and then shall be removed from the records of the division.

2.[3. Within ninety days after receipt of a report of abuse or neglect that is investigated, the alleged perpetrator named in the report and the parents of the child named in the report, if the alleged perpetrator is not a parent, shall be notified in writing of any determination made by the division based on the investigation. The notice shall advise either:
Section 210.145

(1) That the division has determined by a probable cause finding prior to August 28, 2004, or by a preponderance of the evidence after August 28, 2004, that abuse or neglect exists, the classification of the report under subsection 2 of section 210.145 or subsection 1 of this section, and that the division shall retain all identifying information regarding the abuse or neglect for the duration of time specified in subsection 1 of this section; that such information shall remain confidential and will not be released except to law enforcement agencies, prosecuting or circuit attorneys, or as provided in section 210.150; that the alleged perpetrator has sixty days from the date of receipt of the notice to seek reversal of the division's determination through a review by the child abuse and neglect review board as provided in subsection 4 of this section; or

(2) That the division has not made a probable cause finding or determined by a preponderance of the evidence that abuse or neglect exists.

[3.] 4. The children's division may reopen a case for review at the request of the alleged perpetrator, the alleged victim, or the office of the child advocate if new, specific, and credible evidence is obtained that the division's decision was based on fraud or misrepresentation of material facts relevant to the division's decision and there is credible evidence that absent such fraud or misrepresentation the division's decision would have been different. If the alleged victim is under the age of eighteen, the request for review may be made by the alleged victim's parent, legal custodian, or legal guardian. All requests to reopen an investigation for review shall be made within a reasonable time and not more than one year after the children's division made its decision. The division shall not reopen a case for review based on any information which the person requesting the review knew, should have known, or could by the exercise of reasonable care have known before the date of the division's final decision in the case, unless the person requesting the review shows by a preponderance of the evidence that he or she could not have provided such information to the division before the date of the division's final decision in the case. Any person, other than the office of the child advocate, who makes a request to reopen a case for review based on facts which the person knows to be false or misleading or who acts in bad faith or with the intent to harass the alleged victim or perpetrator shall not have immunity from any liability, civil or criminal, for providing the information and requesting that the division reopen the investigation. Any person who makes a request to reopen an investigation based on facts which the person knows to be false shall be guilty of a class A misdemeanor. The children's division shall not reopen an investigation under any circumstances while the case is pending before a court of this state nor when a court has entered a final judgment after de novo judicial review pursuant to this section.

[4.] 5. Any person named in an investigation as a perpetrator who is aggrieved by a determination of abuse or neglect by the division as provided in this section may seek an administrative review by the child abuse and neglect review board pursuant to the provisions of section 210.153. Such request for review shall be made within sixty days of notification of the division's decision under this section. In those cases where criminal charges arising out of facts of the investigation are pending, the request for review shall be made within sixty days from the court's final disposition or dismissal of the charges.

[5.] 6. In any such action for administrative review, the child abuse and neglect review board shall sustain the division's determination if such determination was supported by evidence of probable cause prior to August 28, 2004, or is supported by a preponderance of the evidence after August 28, 2004, and is not against the weight of such evidence. The child abuse and neglect review board hearing shall be closed to all persons except the parties, their attorneys and those persons providing testimony on behalf of the parties.

[6.] 7. If the alleged perpetrator is aggrieved by the decision of the child abuse and neglect review board, the alleged perpetrator may seek de novo judicial review in the circuit court in the county in which the alleged perpetrator resides and in circuits with split venue, in the venue in which the alleged perpetrator resides, or in Cole County. If the alleged perpetrator is not a resident of the state, proper venue shall be in Cole County. The case may be assigned to the family court division where such a division has been established. The request for a judicial review shall be made within sixty days of notification of the decision of the child abuse and neglect review board decision. In reviewing such decisions, the circuit court shall provide the alleged perpetrator the opportunity to appear and present testimony. The alleged perpetrator may subpoena any witnesses except the alleged victim or the reporter. However, the circuit court shall have the discretion to allow the parties to submit the case upon a stipulated record.

[7.] 8. In any such action for administrative review, the child abuse and neglect review board shall notify the child or the parent, guardian or legal representative of the child that a review has been requested.

9. (1) Individuals placed on the child abuse and neglect registry after July 1, 2014, may petition the children's division for review and record closure of all identifying information from the registry based on such individual's classification under subsection 1 of this section. Individuals placed on the child abuse and neglect registry prior to July 1, 2014, may petition the children's division for classification under subsection 1 of this section and record closure if such individual is eligible based on his or her classification under subsection 1 of this section.
2426  

Journal of the House

(2) A petition for record closure under this subsection shall state good cause for removal, which shall include, but not be limited to:

(a) Proof of rehabilitation;
(b) Acceptance of personal responsibility for placement on the registry;
(c) A bona fide need for removal from the registry; and
(d) At least two letters supporting the petition from individuals not related by blood or marriage.

(3) The children's division shall make a decision on a petition within ninety days of receiving such petition. The division shall grant a petition if the petitioner has satisfied the criteria in subdivision (2) of this subsection and the division determines that the petitioner poses no significant risk to children or other vulnerable populations.

(4) Any individual aggrieved by the decision of the children's division may seek review by the child abuse and neglect review board in accordance with the provisions of subsection 5 of this section. Any individual aggrieved by the decision of the child abuse and neglect review board may seek de novo judicial review of such decision in accordance with the provisions of subsection 7 of this section. Any individual whose petition for record closure is denied may refile such petition for record closure two years after the final denial of such petition.

(5) When the division grants record closure under this subsection, the division shall maintain a record of the underlying report and investigation or assessment of child abuse or neglect. Identifying information on such a record shall not be available to individuals or entities requesting an examination of the central registry from the division for employees or prospective employees, including but not limited to entities listed in subdivision (8) of subsection 2 of section 210.150.

(6) The children's division shall be a party to any action before the child abuse and neglect review board or court regarding record closure on the child abuse and neglect registry.

210.153. 1. There is hereby created in the department of social services the "Child Abuse and Neglect Review Board", which shall provide an independent review of child abuse and neglect determinations in instances in which the alleged perpetrator is aggrieved by the decision of the children's division and review record closure petitions under subdivision (4) of subsection 9 of section 210.152. The division may establish more than one board to assure timely review of the determination and record closure petitions.

2. The board shall consist of nine members, who shall be appointed by the governor with the advice and consent of the senate, and shall include:

(1) A physician, nurse or other medical professional;
(2) A licensed child or family psychologist, counselor or social worker;
(3) An attorney who has acted as a guardian ad litem or other attorney who has represented a subject of a child abuse and neglect report;
(4) A representative from law enforcement or a juvenile office.

3. Other members of the board may be selected from:

(1) A person from another profession or field who has an interest in child abuse or neglect;
(2) A college or university professor or elementary or secondary teacher;
(3) A child advocate;
(4) A parent, foster parent or grandparent.

4. The following persons may participate in a child abuse and neglect review board review:

(1) Appropriate children's division staff and legal counsel for the department;
(2) The alleged perpetrator, who may be represented pro se or be represented by legal counsel. The alleged perpetrator's presence is not required for the review to be conducted. The alleged perpetrator may submit a written statement for the board's consideration in lieu of personal appearance; and
(3) Witnesses providing information on behalf of the child, the alleged perpetrator or the department. Witnesses shall only be allowed to attend that portion of the review in which they are presenting information.

5. The members of the board shall serve without compensation, but shall receive reimbursement for reasonable and necessary expenses actually incurred in the performance of their duties.

6. All records and information compiled, obtained, prepared or maintained by the child abuse and neglect review board in the course of any review shall be confidential information.

7. The department shall promulgate rules and regulations governing the operation of the child abuse and neglect review board except as otherwise provided for in this section. These rules and regulations shall, at a minimum, describe the length of terms, the selection of the chairperson, confidentiality, notification of parties and time frames for the completion of the review.
8. Findings of probable cause to suspect prior to August 28, 2004, or findings by a preponderance of the evidence after August 28, 2004, of child abuse and neglect by the division which are substantiated by court adjudication shall not be heard by the child abuse and neglect review board.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Ellinger, House Amendment No. 2 was adopted.

Representative Grisamore offered House Amendment No. 3.

House Amendment No. 3

AMEND House Committee Substitute for House Bill No. 717, Pages 11-14, Section 208.662, Lines 1-112, by deleting all of said section and inserting in lieu thereof the following:

"208.662. 1. There is hereby established within the department of social services the "Show-Me Healthy Babies Program" as a separate children's health insurance program (CHIP) for any low-income unborn child. The program shall be established under the authority of Title XXI of the federal Social Security Act, the State Children's Health Insurance Program, as amended, and 42 C.F.R. 457.10.

2. For an unborn child to be enrolled in the show-me healthy babies program, his or her mother shall not be eligible for coverage under Title XIX of the federal Social Security Act, the Medicaid program, as it is administered by the state, and shall not have access to affordable employer-subsidized health care insurance or other affordable health care coverage that includes coverage for the unborn child. In addition, the unborn child shall be in a family with income eligibility of no more than three hundred percent of the federal poverty level, or the equivalent modified adjusted gross income, unless the income eligibility is set lower by the general assembly through appropriations. In calculating family size as it relates to income eligibility, the family shall include, in addition to other family members, the unborn child, or in the case of a mother with a multiple pregnancy, all unborn children.

3. Coverage for an unborn child enrolled in the show-me healthy babies program shall include all prenatal care and pregnancy-related services that benefit the health of the unborn child and that promote healthy labor, delivery, and birth. Coverage need not include services that are solely for the benefit of the pregnant mother, that are unrelated to maintaining or promoting a healthy pregnancy, and that provide no benefit to the unborn child. However, the department may include pregnancy-related assistance as defined in 42 U.S.C. §1397ll.

4. There shall be no waiting period before an unborn child may be enrolled in the show-me healthy babies program. In accordance with the definition of child in 42 C.F.R. 457.10, coverage shall include the period from conception to birth. The department shall develop a presumptive eligibility procedure for enrolling an unborn child. There shall be verification of the pregnancy.

5. Coverage for the child shall continue for up to one year after birth, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations.

6. Pregnancy-related and postpartum coverage for the mother shall begin on the day the pregnancy ends and extend through the last day of the month that includes the sixtieth day after the pregnancy ends, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations. The department may include pregnancy-related assistance as defined in 42 U.S.C. 1397ll.

7. The department may provide coverage for an unborn child enrolled in the show-me healthy babies program through:

(1) Direct coverage whereby the state pays health care providers directly or by contracting with a managed care organization or with a group or individual health insurance provider;

(2) A premium assistance program whereby the state assists in payment of the premiums, co-payments, coinsurance, or deductibles for a person who is eligible for health coverage through an employer, former employer, labor union, credit union, church, spouse, other organizations, other individuals, or through an individual health insurance policy that includes coverage for the unborn child, when such person needs assistance in paying such premiums, co-payments, coinsurance, or deductibles;

(3) A combination of direct coverage, such as when the unborn child is first enrolled, and premium assistance, such as after the child is born; or

(4) Any other similar arrangement whereby there:
(a) Are lower program costs without sacrificing health care coverage for the unborn child or the child up to one year after birth;
(b) Are greater covered services for the unborn child or the child up to one year after birth;
(c) Is also coverage for siblings or other family members, including the unborn child’s mother, such as by providing pregnancy-related assistance under 42 U.S.C. ?1397ll, relating to coverage of targeted low-income pregnant women through the children’s health insurance program (CHIP); or
(d) Will be an ability for the child to transition more easily to non-government or less government-subsidized group or individual health insurance coverage after the child is no longer enrolled in the show-me healthy babies program.

8. The department shall provide information about the show-me healthy babies program to maternity homes as defined in section 135.600, pregnancy resource centers as defined in section 135.630, and other similar agencies and programs in the state that assist unborn children and their mothers. The department shall consider allowing such agencies and programs to assist in the enrollment of unborn children in the program, and in making determinations about presumptive eligibility and verification of the pregnancy.

9. Within sixty days after the effective date of this section, the department shall submit a state plan amendment or seek any necessary waivers from the federal Department of Health and Human Services requesting approval for the show-me healthy babies program.

10. At least annually, the department shall prepare and submit a report to the governor, the speaker of the house of representatives, and the president pro temp of the senate analyzing and projecting the cost savings and benefits, if any, to the state, counties, local communities, school districts, law enforcement agencies, correctional centers, health care providers, employers, other public and private entities, and persons by enrolling unborn children in the show-me healthy babies program. The analysis and projection of cost savings and benefits, if any, may include but need not be limited to:
(1) The higher federal matching rate for having an unborn child enrolled in the show-me healthy babies program versus the lower federal matching rate for a pregnant woman being enrolled in MO HealthNet or other federal programs;
(2) The efficacy in providing services to unborn children through managed care organizations, group or individual health insurance providers or premium assistance, or through other nontraditional arrangements of providing health care;
(3) The change in the proportion of unborn children who receive care in the first trimester of pregnancy due to a lack of waiting periods, by allowing presumptive eligibility, or by removal of other barriers, and any resulting or projected decrease in health problems and other problems for unborn children and women throughout pregnancy; at labor, delivery, and birth; and during infancy and childhood;
(4) The change in healthy behaviors by pregnant women, such as the cessation of the use of tobacco, alcohol, illicit drugs, or other harmful practices, and any resulting or projected short-term and long-term decrease in birth defects; poor motor skills; vision, speech, and hearing problems; breathing and respiratory problems; feeding and digestive problems; and other physical, mental, educational, and behavioral problems; and
(5) The change in infant and maternal mortality, pre-term births and low birth weight babies and any resulting or projected decrease in short-term and long-term medical and other interventions.

11. The show-me healthy babies program shall not be deemed an entitlement program, but instead shall be subject to a federal allotment or other federal appropriations and matching state appropriations.

12. Nothing in this section shall be construed as obligating the state to continue the show-me healthy babies program if the allotment or payments from the federal government end or are not sufficient for the program to operate, or if the general assembly does not appropriate funds for the program.

13. Nothing in this section shall be construed as expanding MO HealthNet or fulfilling a mandate imposed by the federal government on the state."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Grisamore, House Amendment No. 3 was adopted.
Representative Austin offered **House Amendment No. 4.**

*House Amendment No. 4*

AMEND House Committee Substitute for House Bill No. 717, Page 11, Section 210.151, Line 220, by inserting after all of said section the following:

"210.482. 1. If the emergency placement of a child in a private home is necessary due to the unexpected absence of the child's parents, legal guardian, or custodian, the juvenile court or children's division:

(1) May request that a local or state law enforcement agency or juvenile officer, subject to any required federal authorization, immediately conduct a name-based criminal history record check to include full orders of protection and outstanding warrants of each person over the age of seventeen residing in the home by using the Missouri uniform law enforcement system (MULES) and the National Crime Information Center to access the Interstate Identification Index maintained by the Federal Bureau of Investigation; and

(2) Shall determine or, in the case of the juvenile court, shall request the division to determine whether any person over the age of seventeen residing in the home who the division has determined have been certified as an adult for the commission of a crime shall report to a local law enforcement agency for the purpose of providing two sets of fingerprints and accompanying fees, pursuant to section 43.530. One set of fingerprints shall be used by the highway patrol to search the criminal history repository [and the second], one set shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files, and one set shall be retained by the division. Results of the checks [will] shall be provided to the juvenile court or children's division office requesting such information. Any child placed in emergency placement in a private home shall be removed immediately if any person residing in the home fails to provide fingerprints after being requested to do so, unless the person refusing to provide fingerprints ceases to reside in the private home.

2. If a name-based search has been conducted pursuant to subsection 1 of this section, within fifteen calendar days after the emergency placement of the child in the private home, and if the private home has not previously been approved as a foster or adoptive home, all persons over the age of seventeen residing in the home and all children less than seventeen residing in the home who the division has determined have been certified as an adult and convicted of or pleaded guilty or nolo contendere to any crime.

3. If the placement of a child is denied as a result of a name-based criminal history check and the denial is contested, all persons over the age of seventeen residing in the home and all children less than seventeen years of age residing in the home who the division has determined have been certified as an adult for the commission of a crime shall, within fifteen calendar days, submit to the juvenile court or the children's division two sets of fingerprints in the same manner described in subsection 2 of this section, accompanying fees, and written permission authorizing the juvenile court or the children's division to forward the fingerprints to the state criminal record repository for submission to the Federal Bureau of Investigation. One set of fingerprints shall be used by the highway patrol to search the criminal history repository [and the second], one set shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files, and one set shall be retained by the division.

4. No person who submits fingerprints under this section shall be required to submit additional fingerprints under this section or section 210.487 unless the original fingerprints retained by the division are lost or destroyed.

5. Subject to appropriation, the total cost of fingerprinting required by this section may be paid by the state, including reimbursement of persons incurring fingerprinting costs under this section.

6. For the purposes of this section, "emergency placement" refers to those limited instances when the juvenile court or children's division is placing a child in the home of private individuals, including neighbors, friends, or relatives, as a result of a sudden unavailability of the child's primary caretaker.

210.487. 1. When conducting investigations of persons for the purpose of foster parent licensing, the division shall:

(1) Conduct a search for all persons over the age of seventeen in the applicant's household and for any child less than seventeen years of age residing in the applicant's home who the division has determined has been certified as an adult for the commission of a crime for evidence of full orders of protection. The office of state courts administrator shall allow access to the automated court information system by the division. The clerk of each court contacted by the division shall provide the division information within ten days of a request; and
(2) Obtain two sets of fingerprints for any person over the age of seventeen in the applicant's household and for any child less than seventeen years of age residing in the applicant's home who the division has determined has been certified as an adult for the commission of a crime in the same manner set forth in subsection 2 of section 210.482. One set of fingerprints shall be used by the highway patrol to search the criminal history repository [and the second], one set shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files, and one set shall be forwarded to and retained by the division. The highway patrol shall assist the division and provide the criminal fingerprint background information, upon request; and

(3) Determine whether any person over the age of seventeen residing in the home and any child less than seventeen years of age residing in the applicant's home who the division has determined has been certified as an adult for the commission of a crime is listed on the child abuse and neglect registry. For any children less than seventeen years of age residing in the applicant's home, the children's division shall inquire of the applicant whether any children less than seventeen years of age residing in the home have ever been certified as an adult and been convicted of or pled guilty or nolo contendere to any crime.

2. After the initial investigation is completed under subsection 1 of this section[,]:

(1) No person who submits fingerprints under subsection 1 of this section or section 210.482 shall be required to submit additional fingerprints under this section or section 210.482 unless the original fingerprints retained by the division are lost or destroyed; and

(2) The children's division and the department of health and senior services may waive the requirement for a fingerprint background check for any subsequent recertification.

3. Subject to appropriation, the total cost of fingerprinting required by this section may be paid by the state, including reimbursement of persons incurring fingerprinting costs under this section.

4. The division may make arrangements with other executive branch agencies to obtain any investigative background information.

5. The division may promulgate rules that are necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void."; and
