

SECOND REGULAR SESSION

[PERFECTED]

HOUSE BILL NO. 1483

97TH GENERAL ASSEMBLY

INTRODUCED BY REPRESENTATIVE MOLENDORP.

5219H.01P

D. ADAM CRUMBLISS, ChiefClerk

AN ACT

To repeal section 208.152, RSMo, and to enact in lieu thereof one new section relating to MO HealthNet reimbursement for behavior assessment and intervention, with an emergency clause.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Section 208.152, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 208.152, to read as follows:

208.152. 1. MO HealthNet payments shall be made on behalf of those eligible needy persons as defined in section 208.151 who are unable to provide for it in whole or in part, with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children's diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted from the law. Matter in **bold-face** type in the above bill is proposed language.

14 (2) All outpatient hospital services, payments therefor to be in amounts which represent
15 no more than eighty percent of the lesser of reasonable costs or customary charges for such
16 services, determined in accordance with the principles set forth in Title XVIII A and B, Public
17 Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. 301, et seq.), but the
18 MO HealthNet division may evaluate outpatient hospital services rendered under this section and
19 deny payment for services which are determined by the MO HealthNet division not to be
20 medically necessary, in accordance with federal law and regulations;

21 (3) Laboratory and X-ray services;

22 (4) Nursing home services for participants, except to persons with more than five
23 hundred thousand dollars equity in their home or except for persons in an institution for mental
24 diseases who are under the age of sixty-five years, when residing in a hospital licensed by the
25 department of health and senior services or a nursing home licensed by the department of health
26 and senior services or appropriate licensing authority of other states or government-owned and
27 -operated institutions which are determined to conform to standards equivalent to licensing
28 requirements in Title XIX of the federal Social Security Act (42 U.S.C. 301, et seq.), as
29 amended, for nursing facilities. The MO HealthNet division may recognize through its payment
30 methodology for nursing facilities those nursing facilities which serve a high volume of MO
31 HealthNet patients. The MO HealthNet division when determining the amount of the benefit
32 payments to be made on behalf of persons under the age of twenty-one in a nursing facility may
33 consider nursing facilities furnishing care to persons under the age of twenty-one as a
34 classification separate from other nursing facilities;

35 (5) Nursing home costs for participants receiving benefit payments under subdivision
36 (4) of this subsection for those days, which shall not exceed twelve per any period of six
37 consecutive months, during which the participant is on a temporary leave of absence from the
38 hospital or nursing home, provided that no such participant shall be allowed a temporary leave
39 of absence unless it is specifically provided for in his plan of care. As used in this subdivision,
40 the term "temporary leave of absence" shall include all periods of time during which a participant
41 is away from the hospital or nursing home overnight because he is visiting a friend or relative;

42 (6) Physicians' services, whether furnished in the office, home, hospital, nursing home,
43 or elsewhere;

44 (7) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or
45 an advanced practice registered nurse; except that no payment for drugs and medicines
46 prescribed on and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an
47 advanced practice registered nurse may be made on behalf of any person who qualifies for
48 prescription drug coverage under the provisions of P.L. 108-173;

49 (8) Emergency ambulance services and, effective January 1, 1990, medically necessary
50 transportation to scheduled, physician-prescribed nonelective treatments;

51 (9) Early and periodic screening and diagnosis of individuals who are under the age of
52 twenty-one to ascertain their physical or mental defects, and health care, treatment, and other
53 measures to correct or ameliorate defects and chronic conditions discovered thereby. Such
54 services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and
55 federal regulations promulgated thereunder;

56 (10) Home health care services;

57 (11) Family planning as defined by federal rules and regulations; provided, however, that
58 such family planning services shall not include abortions unless such abortions are certified in
59 writing by a physician to the MO HealthNet agency that, in his professional judgment, the life
60 of the mother would be endangered if the fetus were carried to term;

61 (12) Inpatient psychiatric hospital services for individuals under age twenty-one as
62 defined in Title XIX of the federal Social Security Act (42 U.S.C. 1396d, et seq.);

63 (13) Outpatient surgical procedures, including presurgical diagnostic services performed
64 in ambulatory surgical facilities which are licensed by the department of health and senior
65 services of the state of Missouri; except, that such outpatient surgical services shall not include
66 persons who are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965
67 amendments to the federal Social Security Act, as amended, if exclusion of such persons is
68 permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security
69 Act, as amended;

70 (14) Personal care services which are medically oriented tasks having to do with a
71 person's physical requirements, as opposed to housekeeping requirements, which enable a person
72 to be treated by his physician on an outpatient rather than on an inpatient or residential basis in
73 a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be
74 rendered by an individual not a member of the participant's family who is qualified to provide
75 such services where the services are prescribed by a physician in accordance with a plan of
76 treatment and are supervised by a licensed nurse. Persons eligible to receive personal care
77 services shall be those persons who would otherwise require placement in a hospital,
78 intermediate care facility, or skilled nursing facility. Benefits payable for personal care services
79 shall not exceed for any one participant one hundred percent of the average statewide charge for
80 care and treatment in an intermediate care facility for a comparable period of time. Such
81 services, when delivered in a residential care facility or assisted living facility licensed under
82 chapter 198 shall be authorized on a tier level based on the services the resident requires and the
83 frequency of the services. A resident of such facility who qualifies for assistance under section
84 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the

85 fewest services. The rate paid to providers for each tier of service shall be set subject to
86 appropriations. Subject to appropriations, each resident of such facility who qualifies for
87 assistance under section 208.030 and meets the level of care required in this section shall, at a
88 minimum, if prescribed by a physician, be authorized up to one hour of personal care services
89 per day. Authorized units of personal care services shall not be reduced or tier level lowered
90 unless an order approving such reduction or lowering is obtained from the resident's personal
91 physician. Such authorized units of personal care services or tier level shall be transferred with
92 such resident if her or she transfers to another such facility. Such provision shall terminate upon
93 receipt of relevant waivers from the federal Department of Health and Human Services. If the
94 Centers for Medicare and Medicaid Services determines that such provision does not comply
95 with the state plan, this provision shall be null and void. The MO HealthNet division shall notify
96 the revisor of statutes as to whether the relevant waivers are approved or a determination of
97 noncompliance is made;

98 (15) Mental health services. The state plan for providing medical assistance under Title
99 XIX of the Social Security Act, 42 U.S.C. 301, as amended, shall include the following mental
100 health services when such services are provided by community mental health facilities operated
101 by the department of mental health or designated by the department of mental health as a
102 community mental health facility or as an alcohol and drug abuse facility or as a child-serving
103 agency within the comprehensive children's mental health service system established in section
104 630.097. The department of mental health shall establish by administrative rule the definition
105 and criteria for designation as a community mental health facility and for designation as an
106 alcohol and drug abuse facility. Such mental health services shall include:

107 (a) Outpatient mental health services including preventive, diagnostic, therapeutic,
108 rehabilitative, and palliative interventions rendered to individuals in an individual or group
109 setting by a mental health professional in accordance with a plan of treatment appropriately
110 established, implemented, monitored, and revised under the auspices of a therapeutic team as a
111 part of client services management;

112 (b) Clinic mental health services including preventive, diagnostic, therapeutic,
113 rehabilitative, and palliative interventions rendered to individuals in an individual or group
114 setting by a mental health professional in accordance with a plan of treatment appropriately
115 established, implemented, monitored, and revised under the auspices of a therapeutic team as a
116 part of client services management;

117 (c) Rehabilitative mental health and alcohol and drug abuse services including home and
118 community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions
119 rendered to individuals in an individual or group setting by a mental health or alcohol and drug
120 abuse professional in accordance with a plan of treatment appropriately established,

121 implemented, monitored, and revised under the auspices of a therapeutic team as a part of client
122 services management. As used in this section, mental health professional and alcohol and drug
123 abuse professional shall be defined by the department of mental health pursuant to duly
124 promulgated rules. With respect to services established by this subdivision, the department of
125 social services, MO HealthNet division, shall enter into an agreement with the department of
126 mental health. Matching funds for outpatient mental health services, clinic mental health
127 services, and rehabilitation services for mental health and alcohol and drug abuse shall be
128 certified by the department of mental health to the MO HealthNet division. The agreement shall
129 establish a mechanism for the joint implementation of the provisions of this subdivision. In
130 addition, the agreement shall establish a mechanism by which rates for services may be jointly
131 developed;

132 (16) Such additional services as defined by the MO HealthNet division to be furnished
133 under waivers of federal statutory requirements as provided for and authorized by the federal
134 Social Security Act (42 U.S.C. 301, et seq.) subject to appropriation by the general assembly;

135 (17) The services of an advanced practice registered nurse with a collaborative practice
136 agreement to the extent that such services are provided in accordance with chapters 334 and 335,
137 and regulations promulgated thereunder;

138 (18) Nursing home costs for participants receiving benefit payments under subdivision
139 (4) of this subsection to reserve a bed for the participant in the nursing home during the time that
140 the participant is absent due to admission to a hospital for services which cannot be performed
141 on an outpatient basis, subject to the provisions of this subdivision:

142 (a) The provisions of this subdivision shall apply only if:

143 a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO
144 HealthNet certified licensed beds, according to the most recent quarterly census provided to the
145 department of health and senior services which was taken prior to when the participant is
146 admitted to the hospital; and

147 b. The patient is admitted to a hospital for a medical condition with an anticipated stay
148 of three days or less;

149 (b) The payment to be made under this subdivision shall be provided for a maximum of
150 three days per hospital stay;

151 (c) For each day that nursing home costs are paid on behalf of a participant under this
152 subdivision during any period of six consecutive months such participant shall, during the same
153 period of six consecutive months, be ineligible for payment of nursing home costs of two
154 otherwise available temporary leave of absence days provided under subdivision (5) of this
155 subsection; and

156 (d) The provisions of this subdivision shall not apply unless the nursing home receives
157 notice from the participant or the participant's responsible party that the participant intends to
158 return to the nursing home following the hospital stay. If the nursing home receives such
159 notification and all other provisions of this subsection have been satisfied, the nursing home shall
160 provide notice to the participant or the participant's responsible party prior to release of the
161 reserved bed;

162 (19) Prescribed medically necessary durable medical equipment. An electronic
163 web-based prior authorization system using best medical evidence and care and treatment
164 guidelines consistent with national standards shall be used to verify medical need;

165 (20) Hospice care. As used in this subdivision, the term "hospice care" means a
166 coordinated program of active professional medical attention within a home, outpatient and
167 inpatient care which treats the terminally ill patient and family as a unit, employing a medically
168 directed interdisciplinary team. The program provides relief of severe pain or other physical
169 symptoms and supportive care to meet the special needs arising out of physical, psychological,
170 spiritual, social, and economic stresses which are experienced during the final stages of illness,
171 and during dying and bereavement and meets the Medicare requirements for participation as a
172 hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO
173 HealthNet division to the hospice provider for room and board furnished by a nursing home to
174 an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement
175 which would have been paid for facility services in that nursing home facility for that patient,
176 in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget
177 Reconciliation Act of 1989);

178 (21) Prescribed medically necessary dental services. Such services shall be subject to
179 appropriations. An electronic web-based prior authorization system using best medical evidence
180 and care and treatment guidelines consistent with national standards shall be used to verify
181 medical need;

182 (22) Prescribed medically necessary optometric services. Such services shall be subject
183 to appropriations. An electronic web-based prior authorization system using best medical
184 evidence and care and treatment guidelines consistent with national standards shall be used to
185 verify medical need;

186 (23) Blood clotting products-related services. For persons diagnosed with a bleeding
187 disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section
188 338.400, such services include:

189 (a) Home delivery of blood clotting products and ancillary infusion equipment and
190 supplies, including the emergency deliveries of the product when medically necessary;

191 (b) Medically necessary ancillary infusion equipment and supplies required to administer
192 the blood clotting products; and

193 (c) Assessments conducted in the participant's home by a pharmacist, nurse, or local
194 home health care agency trained in bleeding disorders when deemed necessary by the
195 participant's treating physician;

196 (24) The MO HealthNet division shall, by January 1, 2008, and annually thereafter,
197 report the status of MO HealthNet provider reimbursement rates as compared to one hundred
198 percent of the Medicare reimbursement rates and compared to the average dental reimbursement
199 rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July
200 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare
201 reimbursement rates and for third-party payor average dental reimbursement rates. Such plan
202 shall be subject to appropriation and the division shall include in its annual budget request to the
203 governor the necessary funding needed to complete the four-year plan developed under this
204 subdivision.

205 2. Additional benefit payments for medical assistance shall be made on behalf of those
206 eligible needy children, pregnant women and blind persons with any payments to be made on the
207 basis of the reasonable cost of the care or reasonable charge for the services as defined and
208 determined by the division of medical services, unless otherwise hereinafter provided, for the
209 following:

210 (1) Dental services;

211 (2) Services of podiatrists as defined in section 330.010;

212 (3) Optometric services as defined in section 336.010;

213 (4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids,
214 and wheelchairs;

215 (5) Hospice care. As used in this [subsection] **subdivision**, the term "hospice care"
216 means a coordinated program of active professional medical attention within a home, outpatient
217 and inpatient care which treats the terminally ill patient and family as a unit, employing a
218 medically directed interdisciplinary team. The program provides relief of severe pain or other
219 physical symptoms and supportive care to meet the special needs arising out of physical,
220 psychological, spiritual, social, and economic stresses which are experienced during the final
221 stages of illness, and during dying and bereavement and meets the Medicare requirements for
222 participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid
223 by the MO HealthNet division to the hospice provider for room and board furnished by a nursing
224 home to an eligible hospice patient shall not be less than ninety-five percent of the rate of
225 reimbursement which would have been paid for facility services in that nursing home facility for

226 that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget
227 Reconciliation Act of 1989);

228 (6) Comprehensive day rehabilitation services beginning early posttrauma as part of a
229 coordinated system of care for individuals with disabling impairments. Rehabilitation services
230 must be based on an individualized, goal-oriented, comprehensive and coordinated treatment
231 plan developed, implemented, and monitored through an interdisciplinary assessment designed
232 to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO
233 HealthNet division shall establish by administrative rule the definition and criteria for
234 designation of a comprehensive day rehabilitation service facility, benefit limitations and
235 payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010,
236 that is created under the authority delegated in this subdivision shall become effective only if it
237 complies with and is subject to all of the provisions of chapter 536 and, if applicable, section
238 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the
239 general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove
240 and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority
241 and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

242 3. The MO HealthNet division may require any participant receiving MO HealthNet
243 benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July
244 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered
245 services except for those services covered under subdivisions (14) and (15) of subsection 1 of
246 this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title
247 XIX of the federal Social Security Act (42 U.S.C. 1396, et seq.) and regulations thereunder.
248 When substitution of a generic drug is permitted by the prescriber according to section 338.056,
249 and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not
250 lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of
251 the federal Social Security Act. A provider of goods or services described under this section
252 must collect from all participants the additional payment that may be required by the MO
253 HealthNet division under authority granted herein, if the division exercises that authority, to
254 remain eligible as a provider. Any payments made by participants under this section shall be in
255 addition to and not in lieu of payments made by the state for goods or services described herein
256 except the participant portion of the pharmacy professional dispensing fee shall be in addition
257 to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time
258 a service is provided or at a later date. A provider shall not refuse to provide a service if a
259 participant is unable to pay a required payment. If it is the routine business practice of a provider
260 to terminate future services to an individual with an unclaimed debt, the provider may include
261 uncollected co-payments under this practice. Providers who elect not to undertake the provision

262 of services based on a history of bad debt shall give participants advance notice and a reasonable
263 opportunity for payment. A provider, representative, employee, independent contractor, or agent
264 of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection
265 shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for
266 Medicare and Medicaid Services does not approve the [Missouri] MO HealthNet state plan
267 amendment submitted by the department of social services that would allow a provider to deny
268 future services to an individual with uncollected co-payments, the denial of services shall not be
269 allowed. The department of social services shall inform providers regarding the acceptability
270 of denying services as the result of unpaid co-payments.

271 4. The MO HealthNet division shall have the right to collect medication samples from
272 participants in order to maintain program integrity.

273 5. Reimbursement for obstetrical and pediatric services under subdivision (6) of
274 subsection 1 of this section shall be timely and sufficient to enlist enough health care providers
275 so that care and services are available under the state plan for MO HealthNet benefits at least to
276 the extent that such care and services are available to the general population in the geographic
277 area, as required under subparagraph (a)(30)(A) of 42 U.S.C. 1396a and federal regulations
278 promulgated thereunder.

279 6. Beginning July 1, 1990, reimbursement for services rendered in federally funded
280 health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404
281 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations
282 promulgated thereunder.

283 7. Beginning July 1, 1990, the department of social services shall provide notification
284 and referral of children below age five, and pregnant, breast-feeding, or postpartum women who
285 are determined to be eligible for MO HealthNet benefits under section 208.151 to the special
286 supplemental food programs for women, infants and children administered by the department
287 of health and senior services. Such notification and referral shall conform to the requirements
288 of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

289 8. Providers of long-term care services shall be reimbursed for their costs in accordance
290 with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. 1396a, as
291 amended, and regulations promulgated thereunder.

292 9. Reimbursement rates to long-term care providers with respect to a total change in
293 ownership, at arm's length, for any facility previously licensed and certified for participation in
294 the MO HealthNet program shall not increase payments in excess of the increase that would
295 result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C.
296 1396a (a)(13)(C).

297 10. The MO HealthNet division, may enroll qualified residential care facilities and
298 assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

299 11. Any income earned by individuals eligible for certified extended employment at a
300 sheltered workshop under chapter 178 shall not be considered as income for purposes of
301 determining eligibility under this section.

302 **12. Beginning July 1, 2014, and subject to appropriations, providers of behavioral,**
303 **social, and psychophysiological services for the prevention, treatment, or management of**
304 **physical health problems shall be reimbursed utilizing the behavior assessment and**
305 **intervention reimbursement codes 96150 to 96154 or their successor codes under the**
306 **Current Procedural Terminology (CPT) coding system. Providers eligible for such**
307 **reimbursement shall include psychologists.**

308 Section B. Because immediate action is necessary to ensure adequate provision of
309 behavior assessment and intervention services under the MO HealthNet program, section A of
310 this act is deemed necessary for the immediate preservation of the public health, welfare, peace,
311 and safety, and is hereby declared to be an emergency act within the meaning of the constitution,
312 and section A of this act shall be in full force and effect July 1, 2014, or upon its passage and
313 approval, whichever later occurs.
