

JOURNAL OF THE HOUSE

VETO SESSION

Second Regular Session, 97th GENERAL ASSEMBLY

WEDNESDAY, SEPTEMBER 10, 2014

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicky, Chaplain.

Happy is the person that discovers wisdom and the person that receives understanding. (Proverbs 3:13)

Almighty and compassionate God, we are united today again in the beautiful and historic chamber of the People's House for the annual veto session. Since our last gathering together in May, much has happened in our State, some of it good, some of it bad. We now have the serious task of intelligently deciding those laws which will truly be a benefit for our good people both now and in the future.

We pray for our new members who have taken their solemn oath today. We beg God to give them wisdom and understanding. May their time here be an experience of learning one's hopes and limitations.

Finally we ask You to heal our wounds, ease tensions, encourage dialogue and grant economic opportunity to all of our citizens, in order that the Show-Me State might be a leader in justice and peace in our nation.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

MESSAGES FROM THE GOVERNOR

July 9, 2014

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Bill No. 1132** entitled:

“AN ACT”

To repeal sections 135.600, 135.630, and 135.647, RSMo, and to enact in lieu thereof three new sections relating to benevolent tax credits.

I disapprove of **Senate Committee Substitute for House Bill No. 1132**. My reasons for disapproval are as follows:

Senate Committee Substitute for House Bill No. 1132 would increase the caps on three current tax credit programs by a total of \$1.5 million annually. While these programs may have worthwhile intentions, expanding their size and thereby growing the state’s overall tax credit expenditures will make it more difficult to fund education and other core governmental services. I have repeatedly called on the General Assembly to rein in tax credits. By growing these tax credit expenditures without making them subject to appropriation or restructuring them to be revenue-neutral, Senate Committee Substitute for House Bill No. 1132 moves in the opposite direction and therefore cannot receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Bill No. 1132** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

July 2, 2014

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **House Committee Substitute for House Bill No. 1261** entitled:

“AN ACT”

To repeal sections 105.145, 238.222, and 238.272, RSMo, and to enact in lieu thereof three new sections relating to transportation development districts.

I disapprove of **House Committee Substitute for House Bill No. 1261**. My reasons for disapproval are as follows:

As introduced, House Bill No. 1261 would have modified current law to require the State Auditor’s Office (SAO) to notify the Department of Revenue (DOR) of a transportation development district’s failure to file an annual financial statement with the SAO. Upon notification, DOR would be required to collect a statutorily prescribed fine from the delinquent TDD and after retention of two percent of the sum collected, remit the remaining funds to the school districts of the county in which the TDD was located. House Bill No. 1261 would have also required newly formed TDD’s to notify the SAO of their establishment upon the first meeting of the TDD board and modified the maximum amount the SAO could charge a TDD for audits.

House Committee Substitute for House Bill No. 1261 amended the introduced legislation to include a provision that would risk unwarranted invasions of taxpayer privacy. The modifications to Section 105.145 in House Committee Substitute for House Bill No. 1261 provide blanket immunity from civil and criminal liability under Section 32.057, RSMo, for the improper disclosure of personally identifiable taxpayer information by those preparing financial reports and auditing a transportation development district. This would allow individuals to sell, share, or otherwise disclose confidential taxpayer information without fear of criminal prosecution. This sweeping grant of immunity for the disclosure of confidential taxpayer information would jeopardize the competitiveness of businesses located within the TDD by enabling competitors to obtain sensitive, proprietary information, such as income and sales receipts. Authorizing such immunity for the disclosure of confidential taxpayer information is bad public policy and could create a chilling effect on the willingness of businesses to fully disclose information necessary to ensure the proper administration of Missouri’s tax system.

In accordance with the above stated reasons for disapproval, I am returning **House Committee Substitute for House Bill No. 1261** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon

June 11, 2014

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill No. 1296** entitled:

“AN ACT”

To repeal sections 143.451, 144.049, and 144.080, RSMo, and to enact in lieu thereof three new sections relating to taxes based on sales, with an existing penalty provision.

I disapprove of **Senate Committee Substitute for House Committee Substitute for House Bill No. 1296**. My reasons for disapproval are as follows:

Senate Committee Substitute for House Committee Substitute for House Bill No. 1296 would continue a damaging trend by the General Assembly to enact special tax exemptions and credits that pick winners and losers through the tax code and shift a greater proportion of the tax burden to the majority of Missourians unable to utilize such loopholes. Not a penny of the special breaks in this bill or in the others that I am vetoing today¹ was taken into account in the Fiscal Year 2015 budget passed by the General Assembly, leaving it significantly out of balance and requiring swift action to protect the State’s fiscal well-being. This is fiscally irresponsible and cannot receive my support.

In enacting Senate Committee Substitute for House Committee Substitute for House Bill No. 1296 and its brethren in the final hours of the legislative session, the General Assembly disregarded the normal legislative process, slipping in costly provisions without public hearings and without fiscal notes reflecting the impact on the state budget. And just as legislators ignored the legislative process, so too did they disregard the budget process by passing a budget just a week earlier that failed to account for this final day spending spree. Unlike the fiscal impact of Senate Substitute No. 3 for Senate Committee Substitute for Senate Bill Nos. 509 & 496, which today’s lawmakers have conveniently foisted off on future budgets for education, public safety and other vital public services, the fiscal impact of the special breaks I am vetoing today would begin impacting budgets in the fiscal year starting in less than 30 days. There are no delays, triggers, or other gimmicks that could be touted as shielding education, public safety, and other vital public services from the \$776 million in state and local revenue legislators voted to send to narrow special interests on the last day of session. While the General Assembly may have abdicated its fiscal responsibilities in failing to account for this budgetary impact, the resulting imbalance cannot be ignored and will have to be corrected through dramatic spending reductions.

Senate Committee Substitute for House Committee Substitute for House Bill No. 1296 and the other measures I am vetoing today would add to the more than 260 sales tax exemptions and tax credits that litter Missouri’s tax code without requiring the creation of a single new job. The continued erosion of the tax base through such individualized exemptions and credits violates well-established principles of sound tax policy calling for a broad tax base so that tax rates can remain low. The General Assembly has ignored repeated calls to reduce these costly and inefficient carve-outs and has instead rushed through many more, leaving Missouri families to pick up the tab for education and vital public services.

The unabated growth of such special carve-outs and the fiscal irresponsibility of failing to budget for them are all the more troubling when the General Assembly is simultaneously seeking to raise taxes on all Missourians with what could be the largest tax hike in Missouri history. While the benefits of the more than one billion dollars in annual tax breaks

passed by the legislature over the past two months will go disproportionately to the wealthy, the burden of this multi-billion dollar tax increase for transportation would fall disproportionately on Missouri's working families and seniors.

Throughout my time as Governor, I have worked with legislators on fiscally responsible ways to improve our tax code while protecting our state's fiscal health, including the four tax cuts that I have signed into law. Even during this legislative session, I worked directly with legislators to put forward a specific, concrete proposal that would have lowered taxes for Missourians and reined in costly and inefficient tax credits for special interests, broadened the overall tax base and reduced tax rates, while protecting our ability to invest in education and other vital public services. Unfortunately, the General Assembly refused to enact this broad tax relief in favor of narrow giveaways like those contained in Senate Committee Substitute for House Committee Substitute for House Bill No. 1296 and other bills that I am vetoing today. For the reasons stated herein, this is an endeavor I cannot support.

Sales Tax Holiday Expansion

Senate Committee Substitute for House Committee Substitute for House Bill No. 1296 expands the back-to-school sales tax holiday by adding graphing calculators to the list of items that can be purchased tax-free. This expansion is projected to reduce state revenue by as much as \$200,000 annually, which the General Assembly failed to account for in the Fiscal Year 2015 budget they passed. Like many of the tax provisions passed during the final day of session, this provision was not the subject of a public hearing in any Senate committee.

Because Senate Committee Substitute for House Committee Substitute for House Bill No. 1296 expands the current sales tax holiday without the General Assembly accounting for the accompanying revenue reduction in the budget they enacted, this expansion does not receive my approval.

Corporate Income Allocation

Senate Committee Substitute for House Committee Substitute for House Bill No. 1296 would enable additional businesses to reduce their corporate income taxes by utilizing an alternative method of calculating the amount of their income that is derived in Missouri. Legislation enacted last year authorized this alternative allocation method for manufacturers and other businesses selling tangible personal property. This provision would expand this alternative method to sellers of intangible personal property and service providers such as law firms, accounting firms, stock brokers, bond traders, real estate holding companies, and consultants.

Like many of the tax measures enacted during the final hours of the legislative session, this provision was never the subject of a public hearing and was not accounted for in the Fiscal Year 2015 budget passed by the General Assembly. A change to Missouri's tax policy that would reduce state revenues by up to \$15 million annually according to the legislature's own estimate should be the subject of open debate, and the foregone revenue must be accounted for in the budget in order to receive my support.

In accordance with the above-stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill No. 1296** without my approval.

Sincerely,

/s/ Jeremiah W. (Jay) Nixon
Governor

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1307 & 1313** entitled:

“AN ACT”

To repeal sections 188.027 and 188.039, and to enact in lieu thereof two new sections relating to the required waiting period before having an abortion.

I disapprove of **Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1307 & 1313**. My reasons for disapproval are as follows:

Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1307 & 1313 is a disrespectful measure that would unnecessarily prolong the suffering of rape and incest victims and jeopardize the health and wellbeing of women.

Missouri law currently mandates, and has had in effect since 2006, a waiting period of “at least 24 hours” for a woman seeking an abortion. This required waiting period includes in-person counseling by the physician or a qualified professional as a prerequisite to obtaining informed consent given freely and voluntarily by the woman. These mandates under current law are comprehensive and require that the physician or qualified professional, at least 24 hours in advance of the procedure, provide the woman, in person, both orally and in writing: the name of the physician; “medically accurate information,” including a description of the method, and purported risks to the woman; alternatives to the procedure; the location of a hospital within thirty miles where the woman may receive follow-up care; gestational age; anatomical and physiological characteristics; and a statement that the physician is available for questions, along with the phone number of the physician. Current law further requires, at least 24 hours in advance of the procedure, that the physician or qualified professional provide the woman, in person and in print: materials describing, and color photographs depicting, anatomical and physiological characteristics in two-week increments; printed materials describing methods of termination; printed materials regarding the possibility of pain after a certain gestational age; names of agencies providing alternative services, including a statement that there are “public and private agencies willing and able to help you carry your child to term, and to assist you and your child after your child is born . . .;” and the legal obligations of the father, including paternity laws and child support. Furthermore, the physician or qualified professional must discuss with the woman, 24 hours in advance, indicators, contraindications, and physical, psychological or situational risk factors. The woman must also be given the opportunity to view an ultrasound. Finally, at least 24 hours in advance, the woman must be given printed materials in person prominently displaying the statement that, “[t]he life of each human being begins at conception. Abortion will terminate the life of a separate, unique, living human being.”

Despite the existence of this extensive 24-hour mandate, Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1307 & 1313 would triple the current mandatory waiting period to at least 72 hours, giving Missouri the longest mandatory delay in the country, along with Utah and South Dakota. In addition, because the bill makes no exception for rape and incest, Missouri and South Dakota would be the only states in the country with a mandatory waiting period of at least 72 hours but without exceptions for rape and incest if the bill became law.

There are several specific reasons why this bill, which contains no exceptions for rape and incest while tripling the length of the waiting period already required under Missouri law, does not meet with my approval.

I cannot condone the absence of an exception for rape and incest in Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1307 & 1313. This glaring omission is wholly insensitive to women who find themselves in horrific circumstances, and demonstrates a callous disregard for their wellbeing. It victimizes these women by prolonging their grief and their nightmare. Consider, for example, a rape victim who is a 32-year-old, happily married mother of two children. Every minute, and every hour, she is reminded of the horrific circumstance in which she finds herself, through no fault of her own. For her, mandating a longer delay is punitive, not contemplative. Rape is a crime that knows no boundaries, and awful though it is to consider, could happen to the woman who sings in the church choir,

or the woman who teaches your children, or even your wife. No woman should be further victimized by a government that forces her to endure even longer the horror that is the crime of rape.

Likewise, there is no sound rationale for prolonging the agony of an incest victim by extending the mandatory delay. An incest survivor molested by an abusive uncle, for example, finds herself in a circumstance too awful for most of us to even contemplate. Yet, under Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1307 & 1313, government would mandate that she, too, endure more suffering, even after she has undergone the extensive counseling and consent process that already exists under Missouri law. Underlying this bill, and the expansion of the governmental interference it would mandate, is a paternalistic presumption that rape and incest victims are somehow unable to grasp the horror that has befallen them, and that government must force them to take more time to come to grips with their plight. That misplaced paternalism defies logic. It is patently unreasonable to presuppose that rape and incest victims would need to take more time to think about the reality, and the horror, of their heartbreaking situation.

Furthermore, even if Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1307 & 1313 contained exceptions for rape and incest, it would still not meet with my approval. As detailed above, Missouri law already mandates a waiting period of “at least 24 hours” that includes extensive counseling and requires that consent be informed, voluntary and given freely without coercion. Lengthening the mandate to “at least” 72 hours serves no demonstrable purpose other than to create emotional and financial hardships for women who have undoubtedly already spent considerable time wrestling with perhaps the most difficult decision they may ever have to make. Moreover, as with rape and incest victims, expanding the mandatory waiting period presupposes that women are unable to make up their own minds without further government intervention. This is insulting to women, particularly in light of what the law already requires.

Finally, Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1307 & 1313 is harmful to a woman’s health. A mandate that moves the procedure to a time later in a pregnancy increases the risk of complications. Lengthening the mandated delay is in contravention of sound medical advice and forces government even further into the relationship between the physician and the woman. A woman’s health could be unnecessarily jeopardized by extending the mandatory delay.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1307 & 1313** without my approval.

Respectfully submitted,

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1326** entitled:

“AN ACT”

To repeal sections 144.010, 262.900, 265.300, 267.565, 275.352, 277.020, 277.040, 281.065, 304.180, 340.381, 340.396, 442.571, and 537.325, RSMo, and to enact in lieu thereof seventeen new sections relating to agriculture.

I disapprove of **Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1326**. My reasons for disapproval are as follows:

Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1326 would redefine the term “livestock” to include “captive cervids,” which are members of the deer family, including white-tailed deer. These changes would eliminate the role of the Missouri Department of Conservation in regulating white-tailed deer. Because doing so would be at odds with longstanding successful conservation practices and would violate the Missouri Constitution, this legislation does not receive my approval.

For more than 75 years, the Missouri Department of Conservation has restored and protected Missouri’s forest, fish, and wildlife resources. The Department has created countless opportunities for Missourians to enjoy the outdoors, while also making Missouri a national leader in conservation. In 1934, before Missourians voted by more than a two-thirds majority to establish the Conservation Commission in the Missouri Constitution, Missouri had less than 2,000 white-tailed deer. Today, Missouri has an estimated 1.3 million white-tailed deer. Each fall, half-a-million hunters go afield to harvest deer in Missouri, contributing \$1 billion to our economy. Growing and managing our deer herd and fostering the hunting opportunities that we enjoy takes hard work and sound science, and the Department of Conservation should be commended for employing both to preserve this important part of our heritage, not stripped of its authority to do so in order to protect narrow interests.

Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1326 also does not receive my support because it very clearly violates the Missouri Constitution. Article IV, Section 40(a) of the Missouri Constitution vests the Missouri Conservation Commission with the exclusive authority for:

The control, management, restoration, conservation, and regulation of the bird fish, game, forestry and all wildlife resources of the state, including hatcheries, sanctuaries, refuges, reservations and all other property owned, acquired, or used for such purposes and the acquisition and establishment thereof.

White-tailed deer are wildlife, and they are also a game animal. Putting them behind a fence does not change that fact. The Constitution makes clear that the Conservation Commission has the sole authority to control, manage, restore, conserve, and regulate “game ... and **all** wildlife” (emphasis added). The citizen-supported, citizen-led effort to conserve our forests, fish, and wildlife through this constitutional provision has in its more than 75 years made Missouri a national leader in conservation. And in granting the Commission this broad constitutional authority, the 71% of Missouri citizens who voted to do so certainly did not countenance that a statutory enactment to simply redefine the term “livestock” could suffice to undermine that authority.

I note that it is unfortunate that the legislature insisted on amending this unconstitutional provision to two pieces of legislation that otherwise contain worthy provisions advancing Missouri agriculture.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1326** without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **House Bill No. 1359** entitled:

“AN ACT”

To repeal section 8.007, RSMo, and to enact in lieu thereof two new sections relating to contracts for the sale of certain items at events held in state-owned buildings.

I disapprove of **House Bill No. 1359**. My reasons for disapproval are as follows:

For the next ten years, House Bill No. 1359 would allow alcohol sales inside the Missouri State Capitol at events commemorating the anniversaries of the state capitol and the Missouri Bicentennial, and at events held at the Missouri State Penitentiary site.

While I acknowledge the purpose of the legislation articulated by its proponents – to generate additional funds for Capitol restoration and maintenance – I do not agree with the means of accomplishing that purpose. The Capitol is and should remain a place that thousands of children and their families feel comfortable visiting every year. These children and their families come to the Capitol to learn more about this historic symbol of our great state. They come to experience what two authors accurately describe as its “architectural elegance and artistic excellence.”¹ They come to see our system of government in operation, and they come to make their opinions known. They do not come to see the sale of liquor by the drink. Moreover, the introduction of alcohol sales in the Capitol is particularly troubling because the bill does not restrict sales in the presence of minors, nor does it limit sales to certain hours of operation.

Of the many issues that taxpayers expect their elected representatives to address, selling alcohol in the Capitol is not one of them. The additional revenues for Capitol restoration and maintenance that proponents assert would result from House Bill No. 1359 becoming law are outweighed by the message it sends to children and families. We should not sell alcohol in the Capitol.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 1359** without my approval.

Herewith I return to you **House Bill No. 1455** entitled:

“AN ACT”

To repeal section 136.300, RSMo, and to enact in lieu thereof one new section relating to tax liability disputes.

I disapprove of **House Bill No. 1455**. My reasons for disapproval are as follows:

House Bill No. 1455 would continue a damaging trend by the General Assembly to enact special tax exemptions and credits that pick winners and losers and shift a greater proportion of the tax burden to the majority of Missourians unable to utilize such loopholes. Not a penny of the special breaks that I am vetoing today² or the provisions of this bill making

such special breaks far easier to exploit was taken into account in the Fiscal Year 2015 budget passed by the General Assembly, leaving it significantly out of balance and requiring swift action to protect the State's fiscal well-being. This is fiscally irresponsible and cannot receive my support.

In enacting House Bill No. 1455 and its brethren in the final hours of the legislative session, the General Assembly disregarded the normal legislative process, slipping in costly provisions without public hearings and without fiscal notes reflecting the impact on the state budget. And just as legislators ignored the legislative process, so too did they disregard the budget process by passing a budget just a week earlier that failed to account for this final day spending spree. Unlike the fiscal impact of Senate Substitute No. 3 for Senate Committee Substitute for Senate Bill Nos. 509 & 496, which today's lawmakers have conveniently foisted off on future budgets for education, public safety and vital public services, the fiscal impact of the special breaks I have vetoed today would begin impacting budgets in the fiscal year that starts in less than 30 days. There are no delays, triggers, or other gimmicks that could be touted as shielding education, public safety, and other vital public services, at both the state and local level, from the projected \$776 million in state and local revenue legislators voted to send to narrow special interests on the last day of session. While the General Assembly may have abdicated its fiscal responsibilities in failing to account for this budgetary impact, the resulting imbalance cannot be ignored and will have to be corrected through dramatic spending reductions.

Throughout my time as Governor, I have worked with legislators on fiscally responsible ways to improve our tax code while protecting our state's fiscal health, including the four tax cuts that I have signed into law. Even during this legislative session, I worked directly with legislators to put forward a specific, concrete proposal that would have lowered taxes for Missourians and reined in costly and inefficient tax credits for special interests, broadened the overall tax base and reduced tax rates, while protecting our ability to invest in education and vital public services. Unfortunately, the General Assembly refused to enact this broad tax relief in favor of narrow giveaways like those contained in the bills that I am vetoing today and which would be facilitated by House Bill No. 1455. For the reasons stated herein, this is an endeavor I cannot support.

Proving Eligibility for Tax Exemptions

While the other bills that I am vetoing today create broad new tax exemptions, House Bill No. 1455 would make these new exemptions, as well as the more than 200 sales tax exemptions in current law, far easier to exploit by no longer requiring a business claiming a tax exemption to prove it is actually eligible for the claimed exemption.

While I support eliminating the arbitrary limitation in current law that puts the burden of proof on some businesses but not others in determining tax liability, when it comes to someone trying to claim a tax exemption, they should at a minimum be required to show that they are entitled to it. Claiming a special carve-out or loophole without evidence to support it is unfair to the vast majority of Missouri taxpayers who lack the influence to get special tax exemptions crafted for them by the General Assembly. With the help of the legislature and the best accounting and legal advice, those fortunate enough to take advantage of special exemptions would be now given every incentive to push the outer boundaries of any exemptions that could conceivably apply, further eroding the tax base and shifting an even greater tax burden to the majority of taxpayers. Not content with merely showering the fortunate with a cavalcade of new tax breaks, the General Assembly has gone further to stack the deck in their favor to provide an added incentive to try on an exemption just to see if it fits. This is not a tax policy that I can support.

In accordance with the above-stated reasons for disapproval and for the reasons stated in the other veto messages issued this day, I am returning **House Bill No. 1455** without my approval.

Sincerely,

/s/ Jeremiah W. (Jay) Nixon

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553** entitled:

“AN ACT”

To repeal sections 50.660, 50.783, 67.281, 72.401, 82.300, 82.1025, 82.1027, 82.1028, 82.1029, 82.1030, 94.579, 99.805, 99.825, 162.481, 182.802, 349.045, and 483.140, RSMo, and to enact in lieu thereof nineteen new sections relating to political subdivisions.

I disapprove of **Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553**. My reasons for disapproval are as follows:

Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553 contains a number of worthwhile provisions that can become law through my action on other legislation. However, Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553 does not receive my approval because it contains a provision that would infringe upon private property rights. For this reason, Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553 does not receive my approval.

The offending provision in Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553 is identical to that found in Senate Committee Substitute for Senate Bill No. 731, which I have also vetoed today. Senate Committee Substitute for Senate Bill No. 731, began as a well-meaning measure intended to provide additional tools for neighborhood organizations and property owners to hold negligent property owners accountable for diminished property values and unsafe conditions. However, an amendment added on the Senate floor would infringe upon private property rights by creating a broad new immunity for polluters creating environmental hazards and contamination that reduce nearby property values. For this reason, Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553 does not receive my approval.

The Senate floor amendment to Senate Committee Substitute for Senate Bill No. 731, found in section 1 of Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553, would provide:

No action shall be brought under section 82.1025 or sections 82.1027 to 82.1030 if the owner of the property that is the subject of the action is in good faith compliance with *any* order issued by the department of natural resources, the United States Environmental Protection Agency, or the office of attorney general.

(emphasis added). This broad immunity would bar statutory nuisance actions by private property owners and neighborhood organizations in the counties of Jefferson, Platte, Franklin, Cass, Clay, Cole, and Cape Girardeau, and the cities of Springfield, St. Louis and Kansas City in the circumstances outlined. This would diminish the rights of property owners under current law to hold someone accountable for actions that reduce property values and create hazards to health, safety and the environment. For example, assume private property owners in St. Louis County are attempting to bring a statutory nuisance action seeking damages from the owner of a landfill that is contaminating nearby properties, creating noxious fumes, and decreasing area property values. Although such an action might proceed under current law, this bill would prohibit it if the Environmental Protection Agency (EPA), the Department of Natural Resources (DNR), or the Attorney General has ordered the landfill operator to clean up the contamination and the company is attempting to comply with that order.

Not only would this new immunity deprive private property owners of rights they enjoy under current law, its ambiguous wording would confer immunity even when the referenced government order does not apply to the property creating the nuisance. For example, assume DNR issues an order requiring a utility company to clean up contamination at a former facility in Randolph County. If the utility is complying with that clean-up order, this bill would also give the company

immunity for operations creating a nuisance at its facilities in Franklin, St. Louis, Jefferson, Cape Girardeau, and Cole counties.

In addition, the ambiguous language of this immunity provision does not even require the party creating the nuisance to actually be in compliance with any of the referenced government orders. Instead, the immunity would be triggered upon “good faith,” as opposed to *actual*, compliance. This could prevent private property owners from bringing a statutory nuisance action even when the party creating the nuisance is currently violating a government order. For example, a quarry in Cape Girardeau could be violating a DNR order to control dust emissions contaminating nearby property, but under this bill adjoining property owners would be barred from bringing a statutory nuisance action to protect their property so long as the quarry is attempting, even if unsuccessfully, to comply with the DNR order. Similarly, a chemical company in Cass County attempting to comply with a DNR order to clean up hazardous waste on its property may be immune from suit even if contamination from the buried chemicals has migrated into the drinking water used by neighboring property owners.

The provisions of Senate Committee Substitute for Senate Bill No. 731 that were inserted into Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553 would grant a broad new immunity for those damaging the property of others. This I cannot support.

In accordance with the above stated reasons for disapproval, I am returning **Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553** without my approval.

Respectfully submitted,

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Substitute for House Bill No. 1707** entitled:

“AN ACT”

To repeal sections 174.709, 174.712, 178.862, 300.320, 304.154, 610.120, and 610.122, RSMo, and to enact in lieu thereof seven new sections relating to the operation of motor vehicles.

I disapprove of **Conference Committee Substitute for Senate Substitute for House Bill No. 1707**. My reasons for disapproval are as follows:

Conference Committee Substitute for Senate Substitute for House Bill No. 1707 would impose new regulations on the towing industry. These new regulations, contained in section 304.154.1 of the bill, attempt to augment the regulations currently contained in that same provision. Additional regulation in this area is appropriate and would receive my approval if not for a drafting problem that would create a period of more than four months where none of the regulations—present or future—found in section 304.154.1 would apply to the towing industry.

Conference Committee Substitute for Senate Substitute for House Bill No. 1707 would repeal the current section 304.154.1 and replace it with the amended section 304.154.1 on August 28, 2014. However, the new section 304.154.1 specifically states that the regulations set forth in that provision become effective “[b]eginning January 1, 2015.” As a result, the towing industry would not be subject to any of the regulations found in section 304.154.1 between August 28, 2014 and January 1, 2015.

It is unfortunate that this drafting problem will prevent other worthwhile provisions in Conference Committee Substitute for Senate Substitute for House Bill No. 1707 from becoming law today. However, I will not approve legislation designed to more stringently regulate an industry that instead would leave it temporarily unregulated.

In accordance with the above stated reasons for disapproval, I am returning **Conference Committee Substitute for Senate Substitute for House Bill No. 1707** without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Substitute for Senate Committee Substitute for House Bill No. 1865** entitled:

“AN ACT”

To repeal section 143.451, RSMo, and to enact in lieu thereof two new sections relating to taxation.

I disapprove of **Senate Substitute for Senate Committee Substitute for House Bill No. 1865**. My reasons for disapproval are as follows:

Senate Substitute for Senate Committee Substitute for House Bill No. 1865 would continue a damaging trend by the General Assembly to enact special tax exemptions and credits that pick winners and losers through the tax code and shift a greater proportion of the tax burden to the majority of Missourians unable to utilize such loopholes. Not a penny of the special breaks in this bill or in the others that I am vetoing today¹ was taken into account in the Fiscal Year 2015 budget passed by the General Assembly, leaving it significantly out of balance and requiring swift action to protect the State’s fiscal well-being. This is fiscally irresponsible and cannot receive my support.

In enacting Senate Substitute for Senate Committee Substitute for House Bill No. 1865 and its brethren in the final hours of the legislative session, the General Assembly disregarded the normal legislative process, slipping in costly provisions without public hearings and without fiscal notes reflecting the impact on the state budget. And just as legislators ignored the legislative process, so too did they disregard the budget process by passing a budget just a week earlier that failed to account for this final day spending spree. Unlike the fiscal impact of Senate Substitute No. 3 for Senate Committee Substitute for Senate Bill Nos. 509 & 496, which today’s lawmakers have conveniently foisted off on future budgets for education, public safety and other vital public services, the fiscal impact of the special breaks I am vetoing today would begin impacting budgets in the fiscal year starting in less than 30 days. There are no delays, triggers, or other gimmicks that could be touted as shielding education, public safety, and other vital public services from the \$776 million in state and local revenue legislators voted to send to narrow special interests on the last day of session. While the General Assembly may have abdicated its fiscal responsibilities in failing to account for this budgetary impact, the resulting imbalance cannot be ignored and will have to be corrected through dramatic spending reductions.

¹ Conference Committee Substitute for House Committee Substitute for Senate Bill No. 584; Conference Committee Substitute for Senate Committee Substitute for Senate Bill No. 612; Conference Committee Substitute for House Committee Substitute for Senate Bill No. 662; Conference Committee Substitute No. 2 for House Committee Substitute for Senate Bill No. 693; House Committee Substitute for Senate Bill No. 727; Senate Committee Substitute for Senate Bill No. 829; Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Bill No. 860; Senate Committee Substitute for House Committee Substitute for House Bill No. 1296; and House Bill No. 1455.

Senate Substitute for Senate Committee Substitute for House Bill No. 1865 and the other measures I am vetoing today would add to the more than 260 sales tax exemptions and tax credits that litter Missouri's tax code without requiring the creation of a single new job. The continued erosion of the tax base through such individualized exemptions and credits violates well-established principles of sound tax policy calling for a broad tax base so that tax rates can remain low. The General Assembly has ignored repeated calls to reduce these costly and inefficient carve-outs and has instead rushed through many more, leaving Missouri families to pick up the tab for education and vital public services.

The unabated growth of such special carve-outs and the fiscal irresponsibility of failing to budget for them are all the more troubling when the General Assembly is simultaneously seeking to raise taxes on all Missourians with what could be the largest tax hike in Missouri history. While the benefits of the more than one billion dollars in annual tax breaks passed by the legislature over the past two months will go disproportionately to the wealthy, the burden of this multi-billion dollar tax increase for transportation would fall disproportionately on Missouri's working families and seniors.

The special breaks in Senate Substitute for Senate Committee Substitute for House Bill No. 1865 and the other bills I am vetoing today are not the mere clarifications that their supporters claim. Instead, they seek to overrule no fewer than twenty Missouri Supreme Court decisions going back to 1977 that have been followed by the department of revenue over the course of previous and current administrations. In nearly every one of the cases sought to be overturned, the court ruled that the law enacted by the General Assembly required a tax to be collected, notwithstanding that a particular business had hoped to be excused from the legal obligations we all share. While it is well within the rights of a losing litigant to petition their elected representatives, it is wholly disingenuous to call doing so here anything other than what it is—seeking a special exemption from the law, as currently written and as confirmed by the courts.

Throughout my time as Governor, I have worked with legislators on fiscally responsible ways to improve our tax code while protecting our state's fiscal health, including the four tax cuts that I have signed into law. Even during this legislative session, I worked directly with legislators to put forward a specific, concrete proposal that would have lowered taxes for Missourians and reined in costly and inefficient tax credits for special interests, broadened the overall tax base and reduced tax rates, while protecting our ability to invest in education and other vital public services. Unfortunately, the General Assembly refused to enact this broad tax relief in favor of narrow giveaways like those contained in Senate Substitute for Senate Committee Substitute for House Bill No. 1865 and other bills that I am vetoing today. For the reasons stated herein, this is an endeavor I cannot support.

Special Exemptions for Restaurants, Convenience Stores, and Grocery Stores

Senate Substitute for Senate Committee Substitute for House Bill No. 1865 would create new exemptions from state sales and use taxes for utilities and electricity used by restaurants, cafeterias, fast food restaurants, delicatessens, bakeries, grocery stores, convenience stores, and other facilities selling prepared food. This provision is projected to reduce state revenue by up to \$51 million annually, although the General Assembly failed to account for this reduction in the budget they enacted for the fiscal year that will begin July 1. Unlike many of the new tax exemptions passed on the last day of the legislative session, the new exemptions in Senate Substitute for Senate Committee Substitute for House Bill No. 1865 were included in an introduced bill and were the subject of public hearings in both the House and the Senate. Also unlike many of the other new exemptions passed on the last day of session, the new exemptions in Senate Substitute for Senate Committee Substitute for House Bill No. 1865 are made expressly inapplicable to the local sales tax and are thereby limited solely to the state taxes. *See* Section 144.055.3 ("The exemptions granted in this section shall not apply to the local sales tax law as defined in section 32.085").

However, the new exemptions in Senate Substitute for Senate Committee Substitute for House Bill No. 1865 bear resemblance to the others passed on the last day of the legislative session in that proponents characterize them as mere clarifications of current law. However, that is not the case. Instead, these new exemptions for restaurants, convenience stores, grocery stores and the like would abrogate three Missouri Supreme Court decisions, which held that such entities were not entitled to the tax exemptions available to manufacturers and instead must continue paying taxes as they had always done. *See Brinker Missouri, Inc. v. Director of Revenue*, 319 S.W.3d 433, 435 (Mo. banc 2010) (affirming the denial of a refund claim for taxes paid by chain restaurants); *Aquila Foreign Qualifications Corp. v. Director of Revenue*, 362 S.W.3d 1, 2 (Mo. banc 2012) (affirming the denial of a refund claim for taxes paid by chain convenience stores); *Union Elec. Co. v. Director of Revenue*, 425 S.W.3d 118, 120 (Mo. banc 2014) (affirming the denial of a refund claim for taxes paid by chain grocery stores). After failing repeatedly to persuade a court to excuse them from their legal

obligations, the affected businesses sought new, made-to-order tax loopholes from the General Assembly that would treat cooking a cheeseburger as “manufacturing” and frying up a glazed doughnut as “processing.”

Special tax exemptions such as those in Senate Substitute for Senate Committee Substitute for House Bill No. 1865 erode the overall tax base and shift a greater tax burden to the majority of Missourians unable to utilize such loopholes. None of these new exemptions requires the creation of any new jobs. Instead, they simply provide a new subsidy to selected businesses without a clearly articulated economic reason for doing so and without accounting for the resulting revenue loss in the state budget. This is fiscally irresponsible and therefore cannot receive my support.

Corporate Income Allocation

Senate Substitute for Senate Committee Substitute for House Bill No. 1865 would enable additional businesses to reduce their corporate income taxes by utilizing an alternative method of calculating the amount of their income that is derived in Missouri. Legislation enacted last year authorized this alternative allocation method for manufacturers and other businesses selling tangible personal property. This provision would expand this alternative method to sellers of intangible personal property and service providers such as law firms, accounting firms, stock brokers, bond traders, real estate holding companies, and consultants.

Like many of the tax measures enacted during the final hours of the legislative session, this provision was never the subject of a public hearing and was not accounted for in the Fiscal Year 2015 budget passed by the General Assembly. A change to Missouri’s tax policy that would reduce state revenues by up to \$15 million annually according to the legislature’s own estimate should be the subject of open debate, and the foregone revenue must be accounted for in the budget in order to receive my support.

In accordance with the above-stated reasons for disapproval, I am returning **Senate Substitute for Senate Committee Substitute for House Bill No. 1865** without my approval.

Sincerely,

/s/ Jeremiah W. (Jay) Nixon
Governor

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **House Committee Substitute for House Bill No. 1999** entitled:

“AN ACT”

To repeal section 301.640, RSMo, and to enact in lieu thereof one new section relating to the electronic transmission of motor vehicle lien documents.

I disapprove of **House Committee Substitute for House Bill No. 1999**. My reasons for disapproval are as follows:

House Committee Substitute for House Bill No.1999 attempts to create a system by which liens on motor vehicle titles could be released electronically. Such a system would expedite the release of vehicle liens, would allow real-time verification of the status of liens and would be an important step in establishing an overall electronic vehicle titling system.

While House Committee Substitute for House Bill No.1999 is designed to inject greater efficiencies into the motor vehicle titling system, unfortunately the legislation contains problematic drafting which would render it meaningless. Under section 301.640.6 of the bill, the director of revenue would be authorized to adopt rules “to allow a lienholder who files a lien electronically **under this section** to electronically release such lien.” (emphasis added). As a result, the

electronic releasing of a lien would be limited to liens filed electronically under section 301.640, RSMo. However, liens are not filed under section 301.640, RSMo, but instead are filed under section 301.600, RSMo. Despite the well-intentioned goals of its supporters, House Committee Substitute for House Bill No. 1999 would not statutorily authorize or permit the electronic releasing of vehicle liens. Indeed, the legislation would do nothing and does not receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **House Committee Substitute for House Bill No. 1999** without my approval.

Respectfully submitted,

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2002** entitled:

“AN ACT”

To appropriate money for the expenses, grants, refunds, and distributions of the State Board of Education and the Department of Elementary and Secondary Education, and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2014 and ending June 30, 2015; provided that no funds from these sections shall be expended for the purpose of costs associated with the offices of the Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, or Attorney General, and further provided that the Department of Elementary and Secondary Education shall employ no more than 811.30 full-time equivalent employees (FTE) from the General Revenue Fund.

The General Assembly passed the Fiscal Year 2015 budget on May 8, 2014. One week later, during the final hours of the legislative session, the General Assembly passed a number of bills that put this budget severely out of balance. On June 11, 2014 I vetoed each of these bills, providing detailed reasons for my objections, including the General Assembly’s failure to account for these measures in the Fiscal Year 2015 budget. Further, I objected to these measures because of the significant damage they would inflict on the budgets of local jurisdictions. Contained within these bills are loopholes and special breaks that would permanently and immediately begin reducing state revenue by more than \$425 million annually and local revenue by more than \$351 million annually.

Despite my veto of these bills, the Governor’s Constitutional obligation to ensure a balanced budget requires that I account for their potential fiscal impact. I must consider all possible actions that the legislature may take. Therefore, it is essential that I make the fiscally responsible decision to include the impact of these bills in the budget actions I am taking today.

Maintaining a balanced budget also requires the consideration of three other fiscal realities that were not taken into account in the Fiscal Year 2015 budget. First, the General Assembly counted on but ultimately failed to pass tax amnesty legislation, resulting in \$51.8 million less in general revenue for the budget. Second, the General Assembly’s budget included \$50 million in tobacco settlement payments the Attorney General has indicated will likely not be available during Fiscal Year 2015. Third, the economic uncertainty facing all states is exacerbated in Missouri by the legislature’s inaction on Medicaid expansion. The legislature’s continued refusal to bring Missouri taxpayer dollars home and make up for federal health care cuts with an expansion of Medicaid is forcing hospitals to lay off workers and scale back services across the state. The fiscal consequences of these and other policies are already being seen in reduced revenue available to fund priority programs.

The combination of these fiscal realities and the 10 tax loophole bills passed by the General Assembly has resulted in a state budget that is severely out of balance. Compounding the problem, the General Assembly went on a spending spree, funding more than 30 new programs and the construction of new government buildings. In total, the General Assembly added funding above my recommendations for more than 100 spending items in the Fiscal Year 2015 budget.

The fiscal imbalance created by the General Assembly in enacting tax loopholes and exemptions without accounting for them in the budget, while at the same time adding funding for new government programs, must be corrected through my actions today to balance the state budget. In total, I am vetoing \$275.7 million in spending authority from the Fiscal Year 2015 budget, including \$144.6 million general revenue. In addition, I am restricting \$846.3 million in spending, including \$641.6 million general revenue; some or all of these restrictions may be released if funds are available. Combined, these actions will ensure the budget remains balanced and the state remains on a strong fiscal footing, one that will preserve resources for the highest priority state services and help to protect the state's spotless AAA credit rating.

For the aforementioned reasons and to ensure that the state budget remains balanced, I am vetoing the line-items specified below:

Section 2.016

Personal Service by \$84,000 from \$305,156 to \$221,156 General Revenue Fund.

Expense and Equipment by \$20,000 from \$83,191 to \$63,191 General Revenue Fund.

From \$388,347 to \$284,347 in total from General Revenue Fund.

From \$644,848 to \$540,848 in total for the section.

Section 2.255

I hereby veto \$570,000 general revenue for transfer to the State School Moneys Fund.

From \$2,036,379,563 to \$2,035,809,563 in total from General Revenue Fund.

From \$2,036,379,563 to \$2,035,809,563 in total for the section.

On June 24, 2014, I approved said **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2002**, except for those items specifically vetoed and not approved.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2003** entitled:

“AN ACT”

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Higher Education, the several divisions, programs, and institutions of higher education included therein to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2014 and ending June 30, 2015; provided that no funds from these sections shall be expended for the purpose of costs associated with the offices of the Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, or Attorney General, and further provided that no funds shall be expended at public institutions of higher education that knowingly offer a tuition rate to an unlawfully present covered student pursuant to 173.1110, RSMo, that is less than the tuition rate charged to citizens or nationals of the United States whose residence is not in Missouri, and further provided that the Department of Higher Education shall employ no more than 14.88 full-time equivalent employees (FTE) from the General Revenue Fund.

The General Assembly passed the Fiscal Year 2015 budget on May 8, 2014. One week later, during the final hours of the legislative session, the General Assembly passed a number of bills that put this budget severely out of balance. On June 11, 2014 I vetoed each of these bills, providing detailed reasons for my objections, including the General Assembly’s failure to account for these measures in the Fiscal Year 2015 budget. Contained within these bills are loopholes and special breaks that would permanently and immediately begin reducing state revenue by more than \$425 million annually and local revenue by more than \$351 million annually.

Despite my veto of these bills, the Governor’s Constitutional obligation to ensure a balanced budget requires that I account for their potential fiscal impact. I must consider all possible actions that the legislature may take. Therefore, it is essential that I make the fiscally responsible decision to include the impact of these bills in the budget actions I am taking today.

First, the General Assembly counted on but ultimately failed to pass tax amnesty legislation, resulting in \$51.8 million less in general revenue for the budget. From \$101,880 to \$0 from General Revenue Fund.
From \$54,243,359 to \$54,141,479 in total for the section.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2004** entitled:

“AN ACT”

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Revenue, the Department of Transportation, and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2014 and ending June 30, 2015; provided that no funds from these sections shall be expended for the purpose of costs associated with the offices of the Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, or Attorney General, and further provided that the Department of Revenue shall employ no more than 939.04 full-time equivalent employees (FTE) from the General Revenue Fund, and further provided that no funds shall be used to pay the costs of conferences or meetings held by AAMVA, travel to attend such conferences or meetings, participation with boards, committees, or administration of AAMVA, or for the collection or retention of individual data by AAMVA that violates any state law.

The General Assembly passed the Fiscal Year 2015 budget on May 8, 2014. One week later, during the final hours of the legislative session, the General Assembly passed a number of bills that put this budget severely out of balance. On June 11, 2014 I vetoed each of these bills, providing detailed reasons for my objections, including the General Assembly's failure to account for these measures in the Fiscal Year 2015 budget. Further, I objected to these measures because of the significant damage they would inflict on the budgets of local jurisdictions. Contained within these bills are loopholes and special breaks that would permanently and immediately begin reducing state revenue by more than \$425 million annually and local revenue by more than \$351 million annually.

Despite my veto of these bills, the Governor's Constitutional obligation to ensure a balanced budget requires that I account for their potential fiscal impact. I must consider all possible actions that the legislature may take. Therefore, it

is essential that I make the fiscally responsible decision to include the impact of these bills in the budget actions I am taking today.

Maintaining a balanced budget also requires the consideration of three other fiscal realities that were not taken into account in the Fiscal Year 2015 budget. First, the General Assembly counted on but ultimately failed to pass tax amnesty legislation, resulting in \$51.8 million less in general revenue for the budget. Second, the General Assembly's budget included \$50 million in tobacco settlement payments the Attorney General has indicated will likely not be available during Fiscal Year 2015. Third, the economic uncertainty facing all states is exacerbated in Missouri by the legislature's inaction on Medicaid expansion. The legislature's continued refusal to bring Missouri taxpayer dollars home and make up for federal health care cuts with an expansion of Medicaid is forcing hospitals to lay off workers and scale back services across the state. The fiscal consequences of these and other policies are already being seen in reduced revenue available to fund priority programs.

The combination of these fiscal realities and the 10 tax loophole bills passed by the General Assembly has resulted in a state budget that is severely out of balance. Compounding the problem, the General Assembly went on a spending spree, funding more than 30 new programs and the construction of new government buildings. In total, the General Assembly added funding above my recommendations for more than 100 spending items in the Fiscal Year 2015 budget.

The fiscal imbalance created by the General Assembly in enacting tax loopholes and exemptions without accounting for them in the budget, while at the same time adding funding for new government programs, must be corrected through my actions today to balance the state budget. In total, I am vetoing \$275.7 million in spending authority from the Fiscal Year 2015 budget, including \$144.6 million general revenue. In addition, I am restricting \$846.3 million in spending, including \$641.6 million general revenue; some or all of these restrictions may be released if funds are available. Combined, these actions will ensure the budget remains balanced and the state remains on a strong fiscal footing, one that will preserve resources for the highest priority state services and help to protect the state's spotless AAA credit rating.

For the aforementioned reasons and to ensure that the state budget remains balanced, I am vetoing the line-items specified below:

Section 4.010

I hereby veto \$1,547,708 from general revenue for the Division of Taxation for closing seven tax assistance offices.

Personal Service by \$1,491,132 from \$20,316,188 to \$18,825,056 General Revenue Fund.
Expense and Equipment by \$56,576 from \$2,311,242 to \$2,254,666 General Revenue Fund.
From \$22,627,430 to \$21,079,722 in total from General Revenue Fund.
From \$36,319,876 to \$34,772,168 in total for the section.

Section 4.030

I hereby veto \$376,537 from general revenue for the State Tax Commission.

Personal Service by \$347,040 from \$2,334,060 to \$1,987,020 General Revenue Fund.
Expense and Equipment by \$29,497 from \$196,474 to \$166,977 General Revenue Fund.
From \$2,532,736 to \$2,156,199 in total from General Revenue Fund.
From \$2,536,534 to \$2,159,997 in total for the section.

Section 4.036

I hereby veto \$2,000,000 from general revenue for distribution to any political subdivision(s) to offset tax credits awarded by the state for property taxes levied on qualified rolling stock.

Said section is vetoed in its entirety from \$2,000,000 to \$0 from General Revenue Fund.
From \$2,000,000 to \$0 in total for the section.

Section 4.505

I hereby veto \$1,500,000 from general revenue for passenger rail service in Missouri.

From \$10,400,000 to \$8,900,000 from General Revenue Fund.

From \$10,400,000 to \$8,900,000 in total for the section.

On June 24, 2014, I approved said **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2004**, except for those items specifically vetoed and not approved.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2008** entitled:

“AN ACT”

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Public Safety and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2014 and ending June 30, 2015; provided that the Department of Public Safety shall employ no more than 483.93 full-time equivalent employees (FTE) from the General Revenue Fund.

The General Assembly passed the Fiscal Year 2015 budget on May 8, 2014. One week later, during the final hours of the legislative session, the General Assembly passed a number of bills that put this budget severely out of balance. On June 11, 2014 I vetoed each of these bills, providing detailed reasons for my objections, including the General Assembly's failure to account for these measures in the Fiscal Year 2015 budget. Further, I objected to these measures because of the significant damage they would inflict on the budgets of local jurisdictions. Contained within these bills are loopholes and special breaks that would permanently and immediately begin reducing state revenue by more than \$425 million annually and local revenue by more than \$351 million annually.

Despite my veto of these bills, the Governor's Constitutional obligation to ensure a balanced budget requires that I account for their potential fiscal impact. I must consider all possible actions that the legislature may take. Therefore, it is essential that I make the fiscally responsible decision to include the impact of these bills in the budget actions I am taking today.

Maintaining a balanced budget also requires the consideration of three other fiscal realities that were not taken into account in the Fiscal Year 2015 budget. First, the General Assembly counted on but ultimately failed to pass tax amnesty legislation, resulting in \$51.8 million less in general revenue for the budget. Second, the General Assembly's budget included \$50 million in tobacco settlement payments the Attorney General has indicated will likely not be available during Fiscal Year 2015. Third, the economic uncertainty facing all states is exacerbated in Missouri by the legislature's inaction on Medicaid expansion. The legislature's continued refusal to bring Missouri taxpayer dollars home and make up for federal health care cuts with an expansion of Medicaid is forcing hospitals to lay off workers and scale back services across the state. The fiscal consequences of these and other policies are already being seen in reduced revenue available to fund priority programs.

The combination of these fiscal realities and the 10 tax loophole bills passed by the General Assembly has resulted in a state budget that is severely out of balance. Compounding the problem, the General Assembly went on a spending spree, funding more than 30 new programs and the construction of new government buildings. In total, the General Assembly added funding above my recommendations for more than 100 spending items in the Fiscal Year 2015 budget.

The fiscal imbalance created by the General Assembly in enacting tax loopholes and exemptions without accounting for them in the budget, while at the same time adding funding for new government programs, must be corrected through my actions today to balance the state budget. In total, I am vetoing \$275.7 million in spending authority from the Fiscal Year 2015 budget, including \$144.6 million general revenue. In addition, I am restricting \$846.3 million in spending, including \$641.6 million general revenue; some or all of these restrictions may be released if funds are available. Combined, these actions will ensure the budget remains balanced and the state remains on a strong fiscal footing, one that will preserve resources for the highest priority state services and help to protect the state's spotless AAA credit rating.

For the aforementioned reasons and to ensure that the state budget remains balanced, I am vetoing the line-items specified below:

Section 8.010

I hereby veto \$1,000,000 general revenue for the purpose of funding two (2) non-profit pilot alternative schools.

From \$1,000,000 to \$0 from General Revenue Fund.

From \$10,150,000 to \$6,050,000 in total for the section.

Section 8.050

June 24, 2014

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2011** entitled:

“AN ACT”

To appropriate money for the expenses, grants, and distributions of the Department of Social Services and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2014 and ending June 30, 2015; provided that no funds from these sections shall be expended for the purpose of costs

associated with the offices of the Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, or Attorney General, and further provided that the Department of Social Services shall employ no more than 1,753.87 full-time equivalent (FTE) employees from the General Revenue Fund.

The General Assembly passed the Fiscal Year 2015 budget on May 8, 2014. One week later, during the final hours of the legislative session, the General Assembly passed a number of bills that put this budget severely out of balance. On June 11, 2014 I vetoed each of these bills, providing detailed reasons for my objections, including the General Assembly's failure to account for these measures in the Fiscal Year 2015 budget. Further, I objected to these measures because of the significant damage they would inflict on the budgets of local jurisdictions. Contained within these bills are loopholes and special breaks that would permanently and immediately begin reducing state revenue by more than \$425 million annually and local revenue by more than \$351 million annually.

Despite my veto of these bills, the Governor's Constitutional obligation to ensure a balanced budget requires that I account for their potential fiscal impact. I must consider all possible actions that the legislature may take. Therefore, it is essential that I make the fiscally responsible decision to include the impact of these bills in the budget actions I am taking today.

Maintaining a balanced budget also requires the consideration of three other fiscal realities that were not taken into account in the Fiscal Year 2015 budget. First, the General Assembly counted on but ultimately failed to pass tax amnesty legislation, resulting in \$51.8 million less in general revenue for the budget. Second, the General Assembly's budget included \$50 million in tobacco settlement payments the Attorney General has indicated will likely not be available during Fiscal Year 2015. Third, the economic uncertainty facing all states is exacerbated in Missouri by the legislature's inaction on Medicaid expansion. The legislature's continued refusal to bring Missouri taxpayer dollars home and make up for federal health care cuts with an expansion of Medicaid is forcing hospitals to lay off workers and scale back services across the state. The fiscal consequences of these and other policies are already being seen in reduced revenue available to fund priority programs.

The combination of these fiscal realities and the 10 tax loophole bills passed by the General Assembly has resulted in a state budget that is severely out of balance. Compounding the problem, the General Assembly went on a spending spree, funding more than 30 new programs and the construction of new government buildings. In total, the General Assembly added funding above my recommendations for more than 100 spending items in the Fiscal Year 2015 budget.

The fiscal imbalance created by the General Assembly in enacting tax loopholes and exemptions without accounting for them in the budget, while at the same time adding funding for new government programs, must be corrected through my actions today to balance the state budget. In total, I am vetoing \$275.7 million in spending authority from the Fiscal Year 2015 budget, including \$144.6 million general revenue. In addition, I am restricting \$846.3 million in spending, including \$641.6 million general revenue; some or all of these restrictions may be released if funds are available. Combined, these actions will ensure the budget remains balanced and the state remains on a strong fiscal footing, one that will preserve resources for the highest priority state services and help to protect the state's spotless AAA credit rating.

For the aforementioned reasons and to ensure that the state budget remains balanced, I am vetoing the line-items specified below:

Governor

June 24, 2014

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2013** entitled:

“AN ACT”

To appropriate money for real property leases, related services, utilities, systems furniture, structural modifications, and related expenses for the several departments of state government and the divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to appropriate money for capital improvements and the other expenses of the Office of Administration and the divisions and programs thereof, and to transfer money among certain funds for the period beginning July 1, 2014 and ending June 30, 2015; provided that no funds from these sections shall be expended for the purpose

of costs associated with travel or staffing for the offices of the Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, or Attorney General.

The General Assembly passed the Fiscal Year 2015 budget on May 8, 2014. One week later, during the final hours of the legislative session, the General Assembly passed a number of bills that put this budget severely out of balance. On June 11, 2014 I vetoed each of these bills, providing detailed reasons for my objections, including the General Assembly's failure to account for these measures in the Fiscal Year 2015 budget. Further, I objected to these measures because of the significant damage they would inflict on the budgets of local jurisdictions. Contained within these bills are loopholes and special breaks that would permanently and immediately begin reducing state revenue by more than \$425 million annually and local revenue by more than \$351 million annually.

Despite my veto of these bills, the Governor's Constitutional obligation to ensure a balanced budget requires that I account for their potential fiscal impact. I must consider all possible actions that the legislature may take. Therefore, it is essential that I make the fiscally responsible decision to include the impact of these bills in the budget actions I am taking today.

Maintaining a balanced budget also requires the consideration of three other fiscal realities that were not taken into account in the Fiscal Year 2015 budget. First, the General Assembly counted on but ultimately failed to pass tax amnesty legislation, resulting in \$51.8 million less in general revenue for the budget. Second, the General Assembly's budget included \$50 million in tobacco settlement payments the Attorney General has indicated will likely not be available during Fiscal Year 2015. Third, the economic uncertainty facing all states is exacerbated in Missouri by the legislature's inaction on Medicaid expansion. The legislature's continued refusal to bring Missouri taxpayer dollars home and make up for federal health care cuts with an expansion of Medicaid is forcing hospitals to lay off workers and scale back services across the state. The fiscal consequences of these and other policies are already being seen in reduced revenue available to fund priority programs.

The combination of these fiscal realities and the 10 tax loophole bills passed by the General Assembly has resulted in a state budget that is severely out of balance. Compounding the problem, the General Assembly went on a spending spree, funding more than 30 new programs and the construction of new government buildings. In total, the General Assembly added funding above my recommendations for more than 100 spending items in the Fiscal Year 2015 budget.

The fiscal imbalance created by the General Assembly in enacting tax loopholes and exemptions without accounting for them in the budget, while at the same time adding funding for new government programs, must be corrected through my actions today to balance the state budget. In total, I am vetoing \$275.7 million in spending authority from the Fiscal Year 2015 budget, including \$144.6 million general revenue. In addition, I am restricting \$846.3 million in spending, including \$641.6 million general revenue; some or all of these restrictions may be released if funds are available. Combined, these actions will ensure the budget remains balanced and the state remains on a strong fiscal footing, one that will preserve resources for the highest priority state services and help to protect the state's spotless AAA credit rating.

For the aforementioned reasons and to ensure that the state budget remains balanced, I am vetoing the line-items specified below:

Section 13.005

I hereby veto \$120,452 general revenue, including \$46,568 for leasing costs of the Department of Natural Resources and \$73,884 for leasing costs of the Department of Social Services.

For the Department of Natural Resources.
From \$448,031 to \$401,463 from General Revenue Fund.

For the Department of Social Services.
From \$9,488,954 to \$9,415,070 from General Revenue Fund.
From \$41,384,740 to \$41,264,288 in total for the section.

Section 13.010

I hereby veto \$6,000,000 general revenue for the renovation and modification of the old St. Mary's Hospital.

From \$6,000,000 to \$0 in total from General Revenue Fund.

From \$32,272,234 to \$26,272,234 in total for the section.

On June 24, 2014, I approved said **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2013**, except for those items specifically vetoed and not approved.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon

Representative Diehl offered **HR 1**, which was read.

HOUSE RESOLUTION NO. 1

BE IT RESOLVED, that the Chief Clerk of the House of Representatives of the Ninety-seventh General Assembly, Second Regular Session, inform the Governor and the Senate that the House is duly convened and is now in session in the 2014 Constitutional Veto Session and ready for consideration of business.

On motion of Representative Diehl, **HR 1** was adopted.

Representative Diehl offered **HR 2**, which was read.

HOUSE RESOLUTION NO. 2

WHEREAS, there were thousands of lines of items contained in the appropriation bills truly agreed to and finally passed by the Ninety-seventh General Assembly, Second Regular Session; and

WHEREAS, during the Ninety-seventh General Assembly, Second Regular Session, due to the number of items contained in the appropriation bills, it was necessary to place a limitation on the total time of floor debate on all appropriation bills collectively to six hours. This time was divided equally between the floor handler of the underlying bills and the floor leader of the political party other than that of the floor handler; and

WHEREAS, the Honorable Jeremiah W. (Jay) Nixon, Governor of the State of Missouri, vetoed 160 line items of the items contained in the appropriation bills truly agreed to and finally passed by the Ninety-seventh General Assembly, Second Regular Session.

NOW THEREFORE BE IT RESOLVED that we, the members of the Missouri House of Representatives, Ninety-seventh General Assembly, find it necessary to limit the time of the floor debate on the override of vetoes of all appropriation bill line items.

BE IT RESOLVED that the Missouri House of Representatives, Ninety-seventh General Assembly, adopt a temporary rule designating a four-hour limitation on the total time of floor debate allowed for the purpose of discussing the override of vetoes of all appropriation bill line items. Such time will be divided equally between, and controlled by, the floor handler of the underlying bill and the floor leader of the political party other than that of the floor handler, or their respective designee(s). The floor handler shall always have the right to have the final one minute of designated time. If time has been allocated and unused by either side and no member from that side is seeking recognition, the Speaker may declare additional time waived and recognize the members of the other side to complete use of their time. Nothing in this rule shall entitle any member to speak longer than the House Rules otherwise allow.

Representative LaFaver raised a point of order that **HR 2** is in violation of Rule 117.

The Chair ruled the point of order not well taken.

On motion of Representative Diehl, **HR 2** was adopted by the following vote:
