

HB 1396 -- LABELING OF GENETICALLY MODIFIED FOOD AND FOOD PRODUCTS

SPONSOR: Ellington

This bill requires all food and food products sold in Missouri that are or contain genetically modified products to be labeled indicating that the food is or contains genetically modified products. A "genetically modified product" is a product or any product part or material in which the genetic material has been changed through modern biotechnology in a way that does not occur naturally by multiplication or natural recombination.
