

HB 1494 -- GRANDPARENT VISITATION

SPONSOR: Stream

Currently, a child must have resided in a grandparent's home for at least six months within the 24-month period immediately preceding the filing date of a petition for a court to grant grandparent visitation rights. This bill allows the court to grant visitation if the child has resided in the grandparent's home for at least six months, whether or not it was consecutively, over the 24-month period.
