

HB 1615 -- LIQUOR LICENSE FOR WATERCRAFT (Fitzpatrick)

COMMITTEE OF ORIGIN: Committee on General Laws

Currently, a person can apply for a liquor license to sell intoxicating liquor by the drink at retail for consumption on a boat or other watercraft vessel licensed to carry 100 or more passengers. This bill reduces the number of passengers to 30 or more and removes the restriction of operating a boat or vessel only on Table Rock Lake when the number of passengers is 45 to 99.
