

HB 1695 -- COMMUNITY CHILDREN'S SERVICES FUNDS

SPONSOR: Curtis

This bill specifies that revenues collected and deposited in a county's or the City of St. Louis's community children's services fund may also be used for preventative services designed to prevent substance and emotional abuse and for programs that are intended to improve children's and families' well-being by including juvenile delinquency prevention services to support families and enhance the positive development of youth, including up to one month of start-up fees for the programs. The bill repeals the prohibition of moneys in the fund from being used for transportation services.
