

HB 1792 -- STATE PROPERTY EASEMENTS

SPONSOR: Fitzwater

This bill allows for the granting of easements by the state or any department, division, commission, board or agency of state government for the purpose of accommodating utilities, rights of access, ingress and egress on or to state property, or to facilitate the construction, location, relocation, or use of any common elements of condominium property when the state is a unit owner within the development without authorization of the General Assembly.
