

HB 1877 -- Retail Sale of Propane Gas

SPONSOR: Black

This bill requires those registered with the Missouri Propane Gas Commission to sell propane in any quantity to all types of customers during the period designated under the cold weather rule or a similar regulation promulgated by the Missouri Public Service Commission. The Department of Social Services will verify whether or not a customer has received funds to purchase propane under their programs upon request by a propane seller.

A violation of the bill will result in a \$100 fine and a possible loss of license and registration to sell and transport propane.
