

House _____ Amendment NO. _____

Offered By

1 AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 380,
2 Page 9, Section 192.926, Line 47, by inserting after all of said section and line the following:

3
4 "195.070. 1. A physician, podiatrist, dentist, a registered optometrist certified to administer
5 pharmaceutical agents as provided in section 336.220, or an assistant physician in accordance with
6 section 334.037 or a physician assistant in accordance with section 334.747 in good faith and in the
7 course of his or her professional practice only, may prescribe, administer, and dispense controlled
8 substances or he or she may cause the same to be administered or dispensed by an individual as
9 authorized by statute.

10 2. An advanced practice registered nurse, as defined in section 335.016, but not a certified
11 registered nurse anesthetist as defined in subdivision (8) of section 335.016, who holds a certificate
12 of controlled substance prescriptive authority from the board of nursing under section 335.019 and
13 who is delegated the authority to prescribe controlled substances under a collaborative practice
14 arrangement under section 334.104 may prescribe any controlled substances listed in Schedules III,
15 IV, and V of section 195.017, and may have restricted authority in Schedule II. Prescriptions for
16 Schedule II medications prescribed by an advanced practice registered nurse who has a certificate of
17 controlled substance prescriptive authority are restricted to only those medications containing
18 hydrocodone. However, no such certified advanced practice registered nurse shall prescribe
19 controlled substance for his or her own self or family. Schedule III narcotic controlled substance and
20 Schedule II - hydrocodone prescriptions shall be limited to a one hundred twenty-hour supply
21 without refill.

22 3. A veterinarian, in good faith and in the course of the veterinarian's professional practice
23 only, and not for use by a human being, may prescribe, administer, and dispense controlled
24 substances and the veterinarian may cause them to be administered by an assistant or orderly under
25 his or her direction and supervision.

26 4. A practitioner shall not accept any portion of a controlled substance unused by a patient,
27 for any reason, if such practitioner did not originally dispense the drug.

28 5. An individual practitioner shall not prescribe or dispense a controlled substance for such
29 practitioner's personal use except in a medical emergency."; and

30
31 Further amend said bill, Page 15, Section 301.142, Line 217, by inserting after all of said line the
32 following:

33 "334.037. 1. A physician may enter into collaborative practice arrangements with assistant
34 physicians. Collaborative practice arrangements shall be in the form of written agreements, jointly
35 agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative
36 practice arrangements, which shall be in writing, may delegate to an assistant physician the authority

Action Taken _____ Date _____

Action Taken _____ Date _____

1 to administer or dispense drugs and provide treatment as long as the delivery of such health care
2 services is within the scope of practice of the assistant physician and is consistent with that assistant
3 physician's skill, training, and competence and the skill and training of the collaborating physician.

4 2. The written collaborative practice arrangement shall contain at least the following
5 provisions:

6 (1) Complete names, home and business addresses, zip codes, and telephone numbers of the
7 collaborating physician and the assistant physician;

8 (2) A list of all other offices or locations besides those listed in subdivision (1) of this
9 subsection where the collaborating physician authorized the assistant physician to prescribe;

10 (3) A requirement that there shall be posted at every office where the assistant physician is
11 authorized to prescribe, in collaboration with a physician, a prominently displayed disclosure
12 statement informing patients that they may be seen by an assistant physician and have the right to see
13 the collaborating physician;

14 (4) All specialty or board certifications of the collaborating physician and all certifications of
15 the assistant physician;

16 (5) The manner of collaboration between the collaborating physician and the assistant
17 physician, including how the collaborating physician and the assistant physician shall:

18 (a) Engage in collaborative practice consistent with each professional's skill, training,
19 education, and competence;

20 (b) Maintain geographic proximity; except, the collaborative practice arrangement may
21 allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year
22 for rural health clinics as defined by P.L. 95-210, as long as the collaborative practice arrangement
23 includes alternative plans as required in paragraph (c) of this subdivision. Such exception to
24 geographic proximity shall apply only to independent rural health clinics, provider-based rural health
25 clinics if the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and
26 provider-based rural health clinics if the main location of the hospital sponsor is greater than fifty
27 miles from the clinic. The collaborating physician shall maintain documentation related to such
28 requirement and present it to the state board of registration for the healing arts when requested; and

29 (c) Provide coverage during absence, incapacity, infirmity, or emergency by the
30 collaborating physician;

31 (6) A description of the assistant physician's controlled substance prescriptive authority in
32 collaboration with the physician, including a list of the controlled substances the physician
33 authorizes the assistant physician to prescribe and documentation that it is consistent with each
34 professional's education, knowledge, skill, and competence;

35 (7) A list of all other written practice agreements of the collaborating physician and the
36 assistant physician;

37 (8) The duration of the written practice agreement between the collaborating physician and
38 the assistant physician;

39 (9) A description of the time and manner of the collaborating physician's review of the
40 assistant physician's delivery of health care services. The description shall include provisions that
41 the assistant physician shall submit a minimum of ten percent of the charts documenting the assistant
42 physician's delivery of health care services to the collaborating physician for review by the
43 collaborating physician, or any other physician designated in the collaborative practice arrangement,
44 every fourteen days; and

45 (10) The collaborating physician, or any other physician designated in the collaborative
46 practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in
47 which the assistant physician prescribes controlled substances. The charts reviewed under this
48 subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of

1 this subsection.

2 3. The state board of registration for the healing arts under section 334.125 shall promulgate
3 rules regulating the use of collaborative practice arrangements for assistant physicians. Such rules
4 shall specify:

5 (1) Geographic areas to be covered;

6 (2) The methods of treatment that may be covered by collaborative practice arrangements;

7 (3) In conjunction with deans of medical schools and primary care residency program
8 directors in the state, the development and implementation of educational methods and programs
9 undertaken during the collaborative practice service which shall facilitate the advancement of the
10 assistant physician's medical knowledge and capabilities, and which may lead to credit toward a
11 future residency program for programs that deem such documented educational achievements
12 acceptable; and

13 (4) The requirements for review of services provided under collaborative practice
14 arrangements, including delegating authority to prescribe controlled substances.

15
16 Any rules relating to dispensing or distribution of medications or devices by prescription or
17 prescription drug orders under this section shall be subject to the approval of the state board of
18 pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription
19 or prescription drug orders under this section shall be subject to the approval of the department of
20 health and senior services and the state board of pharmacy. The state board of registration for the
21 healing arts shall promulgate rules applicable to assistant physicians that shall be consistent with
22 guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not
23 extend to collaborative practice arrangements of hospital employees providing inpatient care within
24 hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR
25 2150-5.100 as of April 30, 2008.

26 4. The state board of registration for the healing arts shall not deny, revoke, suspend, or
27 otherwise take disciplinary action against a collaborating physician for health care services delegated
28 to an assistant physician provided the provisions of this section and the rules promulgated thereunder
29 are satisfied.

30 5. Within thirty days of any change and on each renewal, the state board of registration for
31 the healing arts shall require every physician to identify whether the physician is engaged in any
32 collaborative practice arrangement, including collaborative practice arrangements delegating the
33 authority to prescribe controlled substances, and also report to the board the name of each assistant
34 physician with whom the physician has entered into such arrangement. The board may make such
35 information available to the public. The board shall track the reported information and may
36 routinely conduct random reviews of such arrangements to ensure that arrangements are carried out
37 for compliance under this chapter.

38 6. A collaborating physician shall not enter into a collaborative practice arrangement with
39 more than three full-time equivalent assistant physicians. Such limitation shall not apply to
40 collaborative arrangements of hospital employees providing inpatient care service in hospitals as
41 defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100
42 as of April 30, 2008.

43 7. The collaborating physician shall determine and document the completion of at least a
44 one-month period of time during which the assistant physician shall practice with the collaborating
45 physician continuously present before practicing in a setting where the collaborating physician is not
46 continuously present. Such limitation shall not apply to collaborative arrangements of providers of
47 population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

48 8. No agreement made under this section shall supersede current hospital licensing

1 regulations governing hospital medication orders under protocols or standing orders for the purpose
2 of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such
3 protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical
4 therapeutics committee.

5 9. No contract or other agreement shall require a physician to act as a collaborating physician
6 for an assistant physician against the physician's will. A physician shall have the right to refuse to
7 act as a collaborating physician, without penalty, for a particular assistant physician. No contract or
8 other agreement shall limit the collaborating physician's ultimate authority over any protocols or
9 standing orders or in the delegation of the physician's authority to any assistant physician, but such
10 requirement shall not authorize a physician in implementing such protocols, standing orders, or
11 delegation to violate applicable standards for safe medical practice established by a hospital's
12 medical staff.

13 10. No contract or other agreement shall require any assistant physician to serve as a
14 collaborating assistant physician for any collaborating physician against the assistant physician's
15 will. An assistant physician shall have the right to refuse to collaborate, without penalty, with a
16 particular physician.

17 11. All collaborating physicians and assistant physicians in collaborative practice
18 arrangements shall wear identification badges while acting within the scope of their collaborative
19 practice arrangement. The identification badges shall prominently display the licensure status of
20 such collaborating physicians and assistant physicians.

21 12. (1) An assistant physician with a certificate of controlled substance prescriptive
22 authority as provided in this section may prescribe any controlled substance listed in Schedule III,
23 IV, or V of section 195.017, and may have restricted authority in Schedule II, when delegated the
24 authority to prescribe controlled substances in a collaborative practice arrangement. Prescriptions
25 for Schedule II medications prescribed by an assistant physician who has a certificate of controlled
26 substance prescriptive authority are restricted to only those medications containing hydrocodone.
27 Such authority shall be filed with the state board of registration for the healing arts. The
28 collaborating physician shall maintain the right to limit a specific scheduled drug or scheduled drug
29 category that the assistant physician is permitted to prescribe. Any limitations shall be listed in the
30 collaborative practice arrangement. Assistant physicians shall not prescribe controlled substances
31 for themselves or members of their families. Schedule III controlled substances and Schedule II -
32 hydrocodone prescriptions shall be limited to a five-day supply without refill. Assistant physicians
33 who are authorized to prescribe controlled substances under this section shall register with the
34 federal Drug Enforcement Administration and the state bureau of narcotics and dangerous drugs, and
35 shall include the Drug Enforcement Administration registration number on prescriptions for
36 controlled substances.

37 (2) The collaborating physician shall be responsible to determine and document the
38 completion of at least one hundred twenty hours in a four-month period by the assistant physician
39 during which the assistant physician shall practice with the collaborating physician on-site prior to
40 prescribing controlled substances when the collaborating physician is not on-site. Such limitation
41 shall not apply to assistant physicians of population-based public health services as defined in 20
42 CSR 2150-5.100 as of April 30, 2009.

43 (3) An assistant physician shall receive a certificate of controlled substance prescriptive
44 authority from the state board of registration for the healing arts upon verification of licensure under
45 section 334.036.

46 334.104. 1. A physician may enter into collaborative practice arrangements with registered
47 professional nurses. Collaborative practice arrangements shall be in the form of written agreements,
48 jointly agreed-upon protocols, or standing orders for the delivery of health care services.

1 Collaborative practice arrangements, which shall be in writing, may delegate to a registered
2 professional nurse the authority to administer or dispense drugs and provide treatment as long as the
3 delivery of such health care services is within the scope of practice of the registered professional
4 nurse and is consistent with that nurse's skill, training and competence.

5 2. Collaborative practice arrangements, which shall be in writing, may delegate to a
6 registered professional nurse the authority to administer, dispense or prescribe drugs and provide
7 treatment if the registered professional nurse is an advanced practice registered nurse as defined in
8 subdivision (2) of section 335.016. Collaborative practice arrangements may delegate to an
9 advanced practice registered nurse, as defined in section 335.016, the authority to administer,
10 dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017, and
11 Schedule II - hydrocodone; except that, the collaborative practice arrangement shall not delegate the
12 authority to administer any controlled substances listed in schedules III, IV, and V of section
13 195.017, or Schedule II - hydrocodone for the purpose of inducing sedation or general anesthesia for
14 therapeutic, diagnostic, or surgical procedures. Schedule III narcotic controlled substance and
15 Schedule II - hydrocodone prescriptions shall be limited to a one hundred twenty-hour supply
16 without refill. Such collaborative practice arrangements shall be in the form of written agreements,
17 jointly agreed-upon protocols or standing orders for the delivery of health care services.

18 3. The written collaborative practice arrangement shall contain at least the following
19 provisions:

20 (1) Complete names, home and business addresses, zip codes, and telephone numbers of the
21 collaborating physician and the advanced practice registered nurse;

22 (2) A list of all other offices or locations besides those listed in subdivision (1) of this
23 subsection where the collaborating physician authorized the advanced practice registered nurse to
24 prescribe;

25 (3) A requirement that there shall be posted at every office where the advanced practice
26 registered nurse is authorized to prescribe, in collaboration with a physician, a prominently displayed
27 disclosure statement informing patients that they may be seen by an advanced practice registered
28 nurse and have the right to see the collaborating physician;

29 (4) All specialty or board certifications of the collaborating physician and all certifications of
30 the advanced practice registered nurse;

31 (5) The manner of collaboration between the collaborating physician and the advanced
32 practice registered nurse, including how the collaborating physician and the advanced practice
33 registered nurse will:

34 (a) Engage in collaborative practice consistent with each professional's skill, training,
35 education, and competence;

36 (b) Maintain geographic proximity, except the collaborative practice arrangement may allow
37 for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for
38 rural health clinics as defined by P.L. 95-210, as long as the collaborative practice arrangement
39 includes alternative plans as required in paragraph (c) of this subdivision. This exception to
40 geographic proximity shall apply only to independent rural health clinics, provider-based rural health
41 clinics where the provider is a critical access hospital as provided in 42 U.S.C. 1395i-4, and
42 provider-based rural health clinics where the main location of the hospital sponsor is greater than
43 fifty miles from the clinic. The collaborating physician is required to maintain documentation
44 related to this requirement and to present it to the state board of registration for the healing arts when
45 requested; and

46 (c) Provide coverage during absence, incapacity, infirmity, or emergency by the
47 collaborating physician;

48 (6) A description of the advanced practice registered nurse's controlled substance

1 prescriptive authority in collaboration with the physician, including a list of the controlled
2 substances the physician authorizes the nurse to prescribe and documentation that it is consistent
3 with each professional's education, knowledge, skill, and competence;

4 (7) A list of all other written practice agreements of the collaborating physician and the
5 advanced practice registered nurse;

6 (8) The duration of the written practice agreement between the collaborating physician and
7 the advanced practice registered nurse;

8 (9) A description of the time and manner of the collaborating physician's review of the
9 advanced practice registered nurse's delivery of health care services. The description shall include
10 provisions that the advanced practice registered nurse shall submit a minimum of ten percent of the
11 charts documenting the advanced practice registered nurse's delivery of health care services to the
12 collaborating physician for review by the collaborating physician, or any other physician designated
13 in the collaborative practice arrangement, every fourteen days; and

14 (10) The collaborating physician, or any other physician designated in the collaborative
15 practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in
16 which the advanced practice registered nurse prescribes controlled substances. The charts reviewed
17 under this subdivision may be counted in the number of charts required to be reviewed under
18 subdivision (9) of this subsection.

19 4. The state board of registration for the healing arts pursuant to section 334.125 and the
20 board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of
21 collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be
22 covered, the methods of treatment that may be covered by collaborative practice arrangements and
23 the requirements for review of services provided pursuant to collaborative practice arrangements
24 including delegating authority to prescribe controlled substances. Any rules relating to dispensing or
25 distribution of medications or devices by prescription or prescription drug orders under this section
26 shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or
27 distribution of controlled substances by prescription or prescription drug orders under this section
28 shall be subject to the approval of the department of health and senior services and the state board of
29 pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of
30 each board. Neither the state board of registration for the healing arts nor the board of nursing may
31 separately promulgate rules relating to collaborative practice arrangements. Such jointly
32 promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking
33 authority granted in this subsection shall not extend to collaborative practice arrangements of
34 hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or
35 population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

36 5. The state board of registration for the healing arts shall not deny, revoke, suspend or
37 otherwise take disciplinary action against a physician for health care services delegated to a
38 registered professional nurse provided the provisions of this section and the rules promulgated
39 thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action
40 imposed as a result of an agreement between a physician and a registered professional nurse or
41 registered physician assistant, whether written or not, prior to August 28, 1993, all records of such
42 disciplinary licensure action and all records pertaining to the filing, investigation or review of an
43 alleged violation of this chapter incurred as a result of such an agreement shall be removed from the
44 records of the state board of registration for the healing arts and the division of professional
45 registration and shall not be disclosed to any public or private entity seeking such information from
46 the board or the division. The state board of registration for the healing arts shall take action to
47 correct reports of alleged violations and disciplinary actions as described in this section which have
48 been submitted to the National Practitioner Data Bank. In subsequent applications or representations

1 relating to his medical practice, a physician completing forms or documents shall not be required to
2 report any actions of the state board of registration for the healing arts for which the records are
3 subject to removal under this section.

4 6. Within thirty days of any change and on each renewal, the state board of registration for
5 the healing arts shall require every physician to identify whether the physician is engaged in any
6 collaborative practice agreement, including collaborative practice agreements delegating the
7 authority to prescribe controlled substances, or physician assistant agreement and also report to the
8 board the name of each licensed professional with whom the physician has entered into such
9 agreement. The board may make this information available to the public. The board shall track the
10 reported information and may routinely conduct random reviews of such agreements to ensure that
11 agreements are carried out for compliance under this chapter.

12 7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined
13 in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a
14 collaborative practice arrangement provided that he or she is under the supervision of an
15 anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed.
16 Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse
17 anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative
18 practice arrangement under this section, except that the collaborative practice arrangement may not
19 delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of
20 section 195.017, or Schedule II - hydrocodone.

21 8. A collaborating physician shall not enter into a collaborative practice arrangement with
22 more than three full-time equivalent advanced practice registered nurses. This limitation shall not
23 apply to collaborative arrangements of hospital employees providing inpatient care service in
24 hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR
25 2150-5.100 as of April 30, 2008.

26 9. It is the responsibility of the collaborating physician to determine and document the
27 completion of at least a one-month period of time during which the advanced practice registered
28 nurse shall practice with the collaborating physician continuously present before practicing in a
29 setting where the collaborating physician is not continuously present. This limitation shall not apply
30 to collaborative arrangements of providers of population-based public health services as defined by
31 20 CSR 2150-5.100 as of April 30, 2008.

32 10. No agreement made under this section shall supersede current hospital licensing
33 regulations governing hospital medication orders under protocols or standing orders for the purpose
34 of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such
35 protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical
36 therapeutics committee.

37 11. No contract or other agreement shall require a physician to act as a collaborating
38 physician for an advanced practice registered nurse against the physician's will. A physician shall
39 have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced
40 practice registered nurse. No contract or other agreement shall limit the collaborating physician's
41 ultimate authority over any protocols or standing orders or in the delegation of the physician's
42 authority to any advanced practice registered nurse, but this requirement shall not authorize a
43 physician in implementing such protocols, standing orders, or delegation to violate applicable
44 standards for safe medical practice established by hospital's medical staff.

45 12. No contract or other agreement shall require any advanced practice registered nurse to
46 serve as a collaborating advanced practice registered nurse for any collaborating physician against
47 the advanced practice registered nurse's will. An advanced practice registered nurse shall have the
48 right to refuse to collaborate, without penalty, with a particular physician.

1 334.747. 1. A physician assistant with a certificate of controlled substance prescriptive
2 authority as provided in this section may prescribe any controlled substance listed in schedule III, IV,
3 or V of section 195.017, and may have restricted authority in Schedule II, when delegated the
4 authority to prescribe controlled substances in a supervision agreement. Such authority shall be
5 listed on the supervision verification form on file with the state board of healing arts. The
6 supervising physician shall maintain the right to limit a specific scheduled drug or scheduled drug
7 category that the physician assistant is permitted to prescribe. Any limitations shall be listed on the
8 supervision form. Prescriptions for Schedule II medications prescribed by a physician assistant with
9 authority to prescribe delegated in a supervision agreement are restricted to only those medications
10 containing hydrocodone. Physician assistants shall not prescribe controlled substances for
11 themselves or members of their families. Schedule III controlled substances and Schedule II -
12 hydrocodone prescriptions shall be limited to a five-day supply without refill. Physician assistants
13 who are authorized to prescribe controlled substances under this section shall register with the
14 federal Drug Enforcement Administration and the state bureau of narcotics and dangerous drugs, and
15 shall include the Drug Enforcement Administration registration number on prescriptions for
16 controlled substances.

17 2. The supervising physician shall be responsible to determine and document the completion
18 of at least one hundred twenty hours in a four-month period by the physician assistant during which
19 the physician assistant shall practice with the supervising physician on-site prior to prescribing
20 controlled substances when the supervising physician is not on-site. Such limitation shall not apply
21 to physician assistants of population-based public health services as defined in 20 CSR 2150-5.100
22 as of April 30, 2009.

23 3. A physician assistant shall receive a certificate of controlled substance prescriptive
24 authority from the board of healing arts upon verification of the completion of the following
25 educational requirements:

26 (1) Successful completion of an advanced pharmacology course that includes clinical
27 training in the prescription of drugs, medicines, and therapeutic devices. A course or courses with
28 advanced pharmacological content in a physician assistant program accredited by the Accreditation
29 Review Commission on Education for the Physician Assistant (ARC-PA) or its predecessor agency
30 shall satisfy such requirement;

31 (2) Completion of a minimum of three hundred clock hours of clinical training by the
32 supervising physician in the prescription of drugs, medicines, and therapeutic devices;

33 (3) Completion of a minimum of one year of supervised clinical practice or supervised
34 clinical rotations. One year of clinical rotations in a program accredited by the Accreditation Review
35 Commission on Education for the Physician Assistant (ARC-PA) or its predecessor agency, which
36 includes pharmacotherapeutics as a component of its clinical training, shall satisfy such requirement.
37 Proof of such training shall serve to document experience in the prescribing of drugs, medicines, and
38 therapeutic devices;

39 (4) A physician assistant previously licensed in a jurisdiction where physician assistants are
40 authorized to prescribe controlled substances may obtain a state bureau of narcotics and dangerous
41 drugs registration if a supervising physician can attest that the physician assistant has met the
42 requirements of subdivisions (1) to (3) of this subsection and provides documentation of existing
43 federal Drug Enforcement Agency registration."; and

44
45 Further amend said bill by amending the title, enacting clause, and intersectional references
46 accordingly.
