Fiscal Analysis

Officials from the **Office of Administration (OA) - Facilities Management, Design and Construction**, the **Office of Administration - Accounting**, and the **Office of the State Treasurer** each assume the current proposal would not fiscally impact their respective agencies.

**Oversight** has requested from OA the state expenditures on utilities by fiscal year, as well as the amount of energy used, and has not yet received a response back.

No direct fiscal impact to small businesses would be expected as a result of this proposal. Also, this legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
