

COMMITTEE ON LEGISLATIVE RESEARCH
OVERSIGHT DIVISION

FISCAL NOTE

L.R. No.: 1044-01
Bill No.: HB 714
Subject: Emergencies; Law Enforcement Officers and Agencies
Type: Original
Date: February 17, 2015

Bill Summary: This proposal would change the laws regarding 911 emergency communications services.

FISCAL SUMMARY

ESTIMATED NET EFFECT ON GENERAL REVENUE FUND			
FUND AFFECTED	FY 2016	FY 2017	FY 2018
General Revenue	(More than \$200,000)	(More than \$100,000)	(More than \$100,000)
Total Estimated Net Effect on General Revenue	(More than \$200,000)	(More than \$100,000)	(More than \$100,000)

ESTIMATED NET EFFECT ON OTHER STATE FUNDS			
FUND AFFECTED	FY 2016	FY 2017	FY 2018
Missouri 911 Service Trust*	\$0	\$0	\$0
Total Estimated Net Effect on <u>Other</u> State Funds	\$0	\$0	\$0

* Offsetting revenues and transfers out. This fund would be renamed from current "Wireless Service Provider Enhanced 911 Service Fund"

Numbers within parentheses: () indicate costs or losses.
 This fiscal note contains 9 pages.

ESTIMATED NET EFFECT ON FEDERAL FUNDS			
FUND AFFECTED	FY 2016	FY 2017	FY 2018
Total Estimated Net Effect on <u>All</u> Federal Funds	\$0	\$0	\$0

ESTIMATED NET EFFECT ON FULL TIME EQUIVALENT (FTE)			
FUND AFFECTED	FY 2016	FY 2017	FY 2018
Total Estimated Net Effect on FTE	0	0	0

Estimated Net Effect (expenditures or reduced revenues) expected to exceed \$100,000 in any of the three fiscal years after implementation of the act.

ESTIMATED NET EFFECT ON LOCAL FUNDS			
FUND AFFECTED	FY 2016	FY 2017	FY 2018
Local Government	Unknown	Unknown	Unknown

FISCAL ANALYSIS

ASSUMPTION

This proposal would make changes to a number of provisions regarding emergency communications services at the state and local government level.

Oversight was unable to receive agency responses in a timely manner due to the short fiscal note request time. Oversight has prepared this fiscal note with the best current information that we have, or with prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will prepare an updated fiscal note and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

In response to a similar proposal in the previous session (HB 1573 LR 4151-01) officials from the **Department of Revenue (DOR)** assumed the proposal would authorize a monthly fee on devices capable of contacting 911. The proposal would require DOR to collect this fee, less one percent for the cost of collection. This fee would not be imposed on customers of prepaid wireless telecommunications services. No third or fourth class county could submit a proposal to the voters unless certain conditions are met.

Administrative Impact:

DOR officials assumed the proposal would create a new fee that DOR would be required to collect. This would require new reporting forms and a new program to track collections by counties and to distribute the revenue on a monthly basis.

Beginning January 1, 2016, the proposal would impose a service charge on prepaid wireless emergency telephone retail transactions. The seller would be required to collect the service charge from the customer. The seller would remit the service charge to DOR and DOR would develop registration and payment procedures under state law. During the month of January 2016, the seller would keep 100 percent of the service charges collected. Thereafter, the seller would deduct and retain two percent of the service charges collected from the consumer.

The fee would be based upon a percentage of the retail transaction. DOR would require new reporting forms, and a new program to track and distribute receipts based upon how sales tax is currently administered.

ASSUMPTION (continued)

Integrated System Changes:

DOR officials assumed there would be a negative impact to the General Revenue Fund between \$350,000 and \$500,000 due to changes required in the Revenue Solutions, Inc. contract. In order to establish a new tax type including registration, accounting, billing, refunding, correspondence, forms, rules, and testing the estimate is between 2,500 and 4,000 hours. This would result in a total estimated cost between \$500,000 and \$800,000.

Oversight will include a cost of more than \$100,000 for the one-time costs of DOR updating its computer systems for the requirements of this proposal.

Officials from the **Department of Public Safety - Missouri Highway Patrol** assume the Patrol has 1,553 mobile devices capable of contacting 911. If a rate of \$1.50 was charged per device, the fiscal impact per month to the Patrol would be approximately \$2,329.50 (1,553 x \$1.50) or \$27,954 per year (\$2,329.50 x 12). For purposes of this fiscal note, the Patrol will show the three funds that will have the most significant impact.

Highway Fund ($\$2,329.50 \times .84$) = $\$1,956.78 \times 12$ = \$23,481
General Revenue Fund ($\$2,329.50 \times .13$) = $\$302.83 \times 12$ = \$3,634
Criminal Records ($\$2,329.50 \times .03$) = $\$69.88 \times 12$ = \$839

Oversight assumes that numerous state agencies have mobile devices capable of contacting 911 and those devices would be charged the fee. Those fees would come out of numerous state funds. For the simplicity of the fiscal note, Oversight will include a cost to General Revenue of More than \$100,000 for agencies paying this fee.

Oversight also notes the proposal would allow local governments to submit a proposition to the voters authorizing a charge on any instrument capable of contacting 911, in lieu of a property tax levy or sales tax. A local government would have election costs due to the decision by the governing body to submit that proposition to the voters.

ASSUMPTION (continued)

In this fiscal note, **Oversight** will include election costs in a range from \$0 (no local government elections) to Unknown (one or more local governments hold an election). Oversight will also include additional revenues in a range from \$0 (no local government elections) to Unknown (one or more local governments hold an election) to the (renamed) Missouri 911 Service Fund, which would then be transferred to those local governments which have approved ballot issues. Further, Oversight will assume that increased local government revenues would exceed election costs for those local governments in which the proposition is submitted to the voters.

Oversight also notes this proposal would create a statewide tax on prepaid wireless communication services, as defined in the proposal, to provide funding for 911 services. Oversight assumes this provision would extend a fee, or tax, over a broader range of telecommunications services than is currently the case. Accordingly, Oversight will include an unknown increase in revenue in the (renamed) Missouri 911 Service Fund for the additional revenue. The additional revenue would then be allocated and transferred to local governments. Oversight assumes this proposal could become effective as early as August, 2014 (FY 2015).

For simplicity, **Oversight** will not include additional revenue for the General Revenue Fund for the 1% Department of Revenue collection charge.

Oversight assumes this proposal would make changes to the membership of the Missouri 911 Service Board and the changes would not have a fiscal impact.

Officials from the **Joint Committee on Administrative Rules** assume this proposal would not have a fiscal impact to their organization in excess of existing resources.

Officials from the **Office of the State Treasurer**, the **City of Kansas City**, the Office of the Cole County Sheriff, the **Platte County Board of Elections**, the **St. Louis County Directors of Elections**, and the **Springfield Police Department** assume this proposal would have no fiscal impact on their organizations.

FISCAL IMPACT - Small Business

This proposal could have a fiscal impact to small businesses involved in emergency communications services or which use devices that would be subject to the emergency services access fee.

FISCAL DESCRIPTION

This bill would change the laws regarding emergency communications services and the Advisory Committee for 911 Service Oversight, impose a statewide prepaid wireless emergency telephone service charge, and repeal the provisions regarding the Wireless Service Provider Enhanced 911 Advisory Board.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
