FISCAL ANALYSIS

ASSUMPTION

§§193.015 and 193.145

In response to similar legislation this year, SS for SCS for SB 517, officials from the **Department of Health and Senior Services (DHSS)** stated section 193.145 would allow physician assistants to certify to the cause and manner on a death certificate. It will require the Division of Community and Public Health (DCPH) to make modifications to the Missouri Certificate of Death form. The forms will have to be printed at a cost of \$3,500 (\$0.035 each X 100,000 copies). This is a one-time cost for FY 2016 to revise the forms and print a supply.

The DHSS provided the response for the **Office of Administration (OA), Information Technology Services Division (ITSD)**. ITSD states the proposed legislation would require programming changes to the web-based electronic death registration system to accommodate additional items on the Missouri Certificate of Death form.

ITSD states it is assumed that every new IT project/system will be bid out because all ITSD resources are at full capacity. As a result, it is estimated this proposal will require approximately 1,037 hours of IT contract consultants at \$75 per hour. FY 2016 costs to the General Revenue Fund are estimated to be \$77,760.

Officials from the **Department of Insurance, Financial Institutions and Professional Registration** assume the proposal would not fiscally impact their agency.

§194.119

Officials at the **Department of Insurance, Financial Institutions and Professional Registration**, the **Department of Public Safety's Missouri Highway Patrol** and the **Office of the State Courts Administrator** each assume no fiscal impact to their respective agencies from this proposal.

In response to a previous version, officials at the **Department of Health and Senior Services** assumed no fiscal impact from this proposal.

In response to a previous version, officials at the **Cole County Sheriff's Department** assumed no fiscal impact from this proposal.

ASSUMPTION (continued)

§214.208

Officials at the **Department of Insurance, Financial Institutions and Professional Registration**, the **Department of Public Safety's Missouri Highway Patrol** and the **Office of the State Courts Administrator** each assume no fiscal impact to their respective agencies from this proposal.

In response to a previous version, officials at the **Department of Health and Senior Services** assumed no fiscal impact from this proposal.

In response to a previous version, officials at the **Cole County Sheriff's Department** assumed no fiscal impact from this proposal.

In response to similar legislation this year, HB 619, officials at the **Boone County Sheriff's Department** assumed no fiscal impact from this proposal.

FISCAL IMPACT - Small Business

This proposal may result in a positive administrative impact on small business health care facilities if advanced practice registered nurses, assistant physicians and physician assistants take over some of the duties related to death certificates that normally have to be completed by physicians.

FISCAL DESCRIPTION

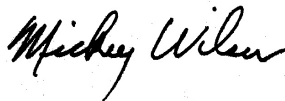

§§193.015 and 193.145

This proposal adds advanced practice registered nurses, assistant physicians, and physician assistants to specified phases of the death certification process, including data provision, investigation into the causes of death, certification of death, and authorization for the final disposition of the decedent's body.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
