15 registered physician assistant, whether written or not, prior to August 28, 1993, all records of such
16 disciplinary licensure action and all records pertaining to the filing, investigation or review of an
17 alleged violation of this chapter incurred as a result of such an agreement shall be removed from the
18 records of the state board of registration for the healing arts and the division of professional
19 registration and shall not be disclosed to any public or private entity seeking such information from
20 the board or the division. The state board of registration for the healing arts shall take action to

30 board the name of each licensed professional with whom the physician has entered into such
31 agreement. The board may make this information available to the public. The board shall track the
32 reported information and may routinely conduct random reviews of such agreements to ensure that
33 agreements are carried out for compliance under this chapter.

34 7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined
35 in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a
36 collaborative practice arrangement provided that he or she is under the supervision of an
37 anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed.
38 Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse
39 anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative
40 practice arrangement under this section, except that the collaborative practice arrangement may not
41 delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of
42 section 195.017, or Schedule II - hydrocodone.

43 8. A collaborating physician shall not enter into a collaborative practice arrangement with
44 more than [three] five full-time equivalent advanced practice registered nurses. This limitation shall
45 not apply to collaborative arrangements of hospital employees providing inpatient care service in
46 hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR
47 2150-5.100 as of April 30, 2008.

48 9. It is the responsibility of the collaborating physician to determine and document the

1 completion of at least a one-month period of time during which the advanced practice registered
2 nurse shall practice with the collaborating physician continuously present before practicing in a
3 setting where the collaborating physician is not continuously present. This limitation shall not apply
4 to collaborative arrangements of providers of population-based public health services as defined by
5 20 CSR 2150-5.100 as of April 30, 2008.

6 10. No agreement made under this section shall supersede current hospital licensing
7 regulations governing hospital medication orders under protocols or standing orders for the purpose
8 of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such
9 protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical
10 therapeutics committee.

11 11. No contract or other agreement shall require a physician to act as a collaborating
12 physician for an advanced practice registered nurse against the physician's will. A physician shall
13 have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced
14 practice registered nurse. No contract or other agreement shall limit the collaborating physician's
15 ultimate authority over any protocols or standing orders or in the delegation of the physician's
16 authority to any advanced practice registered nurse, but this requirement shall not authorize a
17 physician in implementing such protocols, standing orders, or delegation to violate applicable
18 standards for safe medical practice established by hospital's medical staff.

19 12. No contract or other agreement shall require any advanced practice registered nurse to
20 serve as a collaborating advanced practice registered nurse for any collaborating physician against
21 the advanced practice registered nurse's will. An advanced practice registered nurse shall have the
22 right to refuse to collaborate, without penalty, with a particular physician."; and
