FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Insurance, Financial Institutions and Professional Registration** assume if the adoption of this proposal results in a reduction of fee revenue from consumer credit entities, the department anticipates it would expend a correspondingly smaller amount to regulate these entities.

Officials from the **Attorney General's Office (AGO)** assume that any potential costs arising from this proposal can be absorbed with existing resources. The AGO may seek additional appropriations if the proposal results in an increase of cases.
