FISCAL ANALYSIS

ASSUMPTION

In response to other Joint Resolutions, the **Office of the Secretary of State (SOS)** stated a number of joint resolutions that would refer to a vote of the people a constitutional amendment and bills that would refer to a vote of the people the statutory issue in the legislation may be considered by the General Assembly.

Unless a special election is called for the purpose, a joint resolution proposing a constitutional amendment is submitted to a vote of the people at the next general election. Article XII section 2(b) of the Missouri Constitution authorizes the governor to order a special election for constitutional amendments referred to the people. If a special election is called to submit a Joint Resolution to a vote of the people, §115.063.2, RSMo, requires the state to pay the costs. The cost of the special election has been estimated to be \$7.1 million based on the cost of the 2012 Presidential Preference Primary. This figure was determined through analyzing and totaling expense reports from the 2012 Presidential Preference Primary received from local election authorities.

The SOS is required to pay for publishing in local newspapers the full text of each statewide ballot measure as directed by Article XII, Section 2(b) of the Missouri Constitution and Section 116.230-116.290, RSMo. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. Funding for this item is adjusted each year depending upon the election cycle with \$1.3 million historically appropriated in odd numbered fiscal years and \$100,000 appropriated in even numbered fiscal years to meet these requirements. The appropriation has historically been an estimated appropriation because the final cost is dependent upon the number of ballot measures approved by the General Assembly and the initiative petitions certified for the ballot. In FY 2013, at the August and November elections, there were 5 statewide Constitutional Amendments or ballot propositions that cost \$2.17 million to publish (an average of \$434,000 per issue). In FY 2015, the General Assembly changed the appropriation so that it was no longer an estimated appropriation and the SOS was appropriated \$1.19 million to publish the full text of the measures. Due to this reduced funding, the SOS reduced the scope of the publication of these measures. In FY 2015, at the August and November elections, there were 9 statewide Constitutional Amendments or ballot propositions that cost \$1.1 million to publish (an average of \$122,000 per issue). Despite the FY 2015 reduction, the SOS will continue to assume, for the purposes of this fiscal note, that it should have the full appropriation authority it needs to meet the publishing requirements. Because these requirements are mandatory, we reserve the right to request funding to meet the cost of our publishing requirements if the Governor and the General Assembly again change the amount or continue to not designate it as an estimated appropriation.

ASSUMPTION (continued)

Oversight has reflected in this fiscal note, the state potentially reimbursing local political subdivisions the cost of having this joint resolution voted on during a special election in fiscal year 2017. This reflects the decision made by the Joint Committee on Legislative Research, that the cost of the elections should be shown in the fiscal note. The next scheduled statewide primary election is in August 2016 and the next scheduled general election is in November 2016 (FY 2017). It is assumed the subject within this proposal could be on one of these ballots; however, it could also be on a special election called for by the Governor. Therefore, Oversight will reflect a potential election cost reimbursement to local political subdivisions in FY 2017.

Officials at the **Department of Social Services**, the **Department of Health and Senior Services** and the **Office of the State Courts Administrator** each assume no fiscal impact to their respective agencies from this proposal.

Officials at the Office of the Attorney General did not respond to **Oversight's** request for fiscal impact.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

Upon voter approval, this proposed constitutional amendment adds unborn human children at every stage of biological development to the list of people who have a natural right to life, liberty, the pursuit of happiness and the enjoyment of the gains of their own industry in Missouri. The amendment declares that Missouri recognizes the right to life of every unborn human child at every state of biological development and must protect such life from deprivation by the state or private action to the extent permitted by the Constitution of the United States. The amendment declares that nothing in the Constitution of Missouri secures or protects a right to abortion or requires the funding of an abortion. The amendment declares that the people retain the right through their elected state Representatives and state Senators to enact, amend, or repeal statutes regarding abortion, including circumstances of pregnancy resulting from rape or incest or if necessary to save the life of the mother.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
