

HB 2067 -- FIREARMS

SPONSOR: Kirkton

This bill allows federally licensed firearms dealers an exemption from the general duty to complete all firearms transactions authorized by federal law under Section 571.104, RSMo, if a dealer refuses to complete a sale based on the presence of a customer on any federal terrorist watchlist or the federal "no fly" list and the dealer has reasonable suspicions particular to a transaction that the sale should not occur.
