

HB 2199 -- NOMINATION OF UNITED STATES REPRESENTATIVE

SPONSOR: Chipman

This bill require the political party congressional district committees responsible for choosing nominees for election to the office of United States Representative in Congress in certain cases of vacancy in office to have only members that reside in the requisite congressional district. An ineligible member may be replaced by vote of the political party committee from which they were designated as members of the congressional district committee and, if not replaced, then that position on the congressional district committee will be vacant for the nomination vote.
