FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of the Secretary of State** assume each year, a number of joint resolutions that would refer to a vote of the people a constitutional amendment and bills that would refer to a vote of the people the statutory issue in the legislation may be considered by the General Assembly.

Unless a special election is called for the purpose, Joint Resolutions proposing a constitutional amendment are submitted to a vote of the people at the next general election. Article XII section 2(b) of the Missouri Constitution authorizes the governor to order a special election for constitutional amendments referred to the people. If a special election is called to submit a Joint Resolution to a vote of the people, section 115.063.2, RSMo, requires the state to pay the costs. The cost of the special election has been estimated to be \$7.8 million based on the cost of the 2016 Presidential Preference Primary. This figure was determined through analyzing and totaling expense reports from the 2016 Presidential Preference Primary received from local election authorities.

The Secretary of State's Office is required to pay for publishing in local newspapers the full text of each statewide ballot measure as directed by Article XII, Section 2(b) of the Missouri Constitution and Section 116.230-116.290, RSMo. The Secretary of State's Office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. Funding for this item is adjusted each year depending upon the election cycle with \$1.3 million historically appropriated in odd numbered fiscal years and \$100,000 appropriated in even numbered fiscal years to meet these requirements. The appropriation has historically been an estimated appropriation because the final cost is dependent upon the number of ballot measures approved by the General Assembly and the initiative petitions certified for the ballot. In FY15, the General Assembly changed the appropriation so that it was no longer an estimated appropriation and the SOS was appropriated \$1.19 million to publish the full text of the measures. Also in FY17, at the August and November elections, there were 9 statewide Constitutional Amendments or ballot propositions that cost \$2.4 million to publish (an average of \$400,000 per issue). The SOS assumes, for the purposes of this fiscal note, that it should have the full appropriation authority it needs to meet the publishing requirements. However, because these requirements are mandatory, we reserve the right to request funding to meet the cost of our publishing requirements if the Governor and the General Assembly change the amount or eliminate the estimated nature of our appropriation.

ASSUMPTION (continued)

Oversight assumes the SOS could absorb the costs of advertising the statewide ballot measure related to this proposal within their current appropriation level. If multiple bills pass or if multiple ballot initiatives are validated which require similar advertising at substantial costs, the SOS could request funding through the appropriation process.

Oversight has reflected in this fiscal note, the state potentially reimbursing local political subdivisions the cost of having this joint resolution voted on during a special election in fiscal year 2018. This reflects the decision made by the Joint Committee on Legislative Research, that the cost of the elections should be shown in the fiscal note. The next scheduled statewide primary election is in August 2018 and the next scheduled general election is in November 2016 (FY 2019). It is assumed the subject within this proposal could be on one of these ballots; however, it could also be on a special election called for by the Governor. Therefore, Oversight will reflect a potential election cost reimbursement to local political subdivisions in FY 2018.

Officials from the **Office of Administration** assume the current proposal would not fiscally impact their agency.

<u>FISCAL IMPACT - State Government</u>	FY 2018 (10 Mo.)	FY 2019	FY 2020

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

After March 2020 Missouri will not recognize daylight saving time for any public purpose or as the official time for Missouri. This proposal will only go into effect if two adjacent states adopt the same or highly similar proposal.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
