FISCAL ANALYSIS

ASSUMPTION

Officials at the **Department of Elementary and Secondary Education, Department of Social Services and Office of the State Courts Administrator** each assume there is no fiscal impact from this proposal.

Officials at the **Brentwood, Lewis County C-1, Malta Bend** and the **West Plains** school districts each assume there is no fiscal impact from this proposal to their respective district.

Officials at the **Kearney School District** assume this could potentially have some savings depending if school districts wanted to limit the number of days attending.

Officials at the **Milan C-2 School District** assume this could have a positive impact on the district by allowing the district to organize the calendar to address individual needs within the hourly tabulations.

In response to the previous version of this proposal, officials at the **Bakersfield R-IV, Everton, Kansas City, Kirksville R-III, Pettis County R-XII** and the **Seymour R-II** school districts each assumed there was no fiscal impact from this proposal to their respective districts.

Oversight notes this proposal would require 1,044 hours of actual pupil attendance with no minimum number of school days required. Since the state adequacy target payments are currently based on hours of attendance, this would not have a fiscal impact on the school districts.
