FISCAL ANALYSIS

ASSUMPTION

Officials at the **Office of Administration (OA)** assume ITSD would need to make coding changes in the Employee Self Service System to remove the Single Sign On links to benefit providers. This would occur when the user would be someone other than the actual employee. These changes would take 162 hours of work at \$75 per hour for a total cost of \$12,150.

Oversight assumes the OA is provided with core funding to handle a certain amount of computer activity from each year's legislative session. Oversight assumes OA could absorb the coding changes related to this proposal. If multiple bills pass which require additional staffing and duties at substantial costs, OA could request funding through the appropriation process. Therefore, Oversight will reflect a \$0 fiscal impact to this proposal.

Officials at the **Office of the State Courts Administrator**, the **Department of Health and Senior Services**, the **Department of Mental Health**, the **Department of Insurance, Financial Institutions and Professional Registration**, the **Department of Social Services**, the **Office of the State Public Defender** and the **Office of Prosecution Services** each assume no fiscal impact to their respective agencies from this proposal.

<u>FISCAL IMPACT - Local Government</u>	FY 2018 (10 Mo.)	FY 2019	FY 2020

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

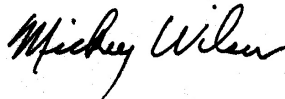

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
