FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Health and Senior Services (DHSS)** provide the response for the **Office of Administration, Information Technology Services Division (OA, ITSD)/DHSS**. A one-time additional IT cost in FY18 of \$8,100 to implement changes to the individual abortion report form and the mainframe ITOP (Induced Termination of Pregnancy) application is required. The additional cost will also include costs to create a new data entry, storage and reporting system for the required fetal organ and tissue reports and the location of final disposition reports. No on-going costs are anticipated.

Oversight assumes the DHSS can absorb these minimal IT costs within existing funding levels.

Officials from the **Office of Attorney General (AGO)** assume any potential costs arising from this proposal can be absorbed with existing resources. The AGO may seek additional appropriations if the proposal results in a significant increase in litigation.

Officials from the **Missouri Office of Prosecution Services (MOPS)** assume the proposal will have no measurable fiscal impact on MOPS. The creation of a new crime creates additional responsibilities for county prosecutors which may, in turn, result in additional costs, which are difficult to determine.

Officials from the **Department of Natural Resources**, the **Department of Corrections**, the **Office of State Courts Administrator** and the **Office of State Public Defender** each assume the proposal would not fiscally impact their respective agencies.

Officials from the following **hospitals**: Barton County Memorial Hospital, Bates County Memorial Hospital, Cass Regional Medical Center, Cedar County Memorial Hospital, Cooper County Memorial Hospital, Excelsior Springs Hospital, Golden Valley Memorial Hospital, Hermann Area District Hospital, Samaritan Hospital, Putnam County Memorial Hospital, the University of Missouri Health System and Washington County Memorial Hospital did not respond to **Oversight's** request for a statement of fiscal impact.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

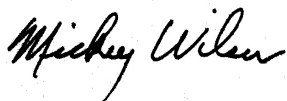

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
