FISCAL ANALYSIS

ASSUMPTION

Officials at the **Office of the Secretary of State (SOS)** assume each year, a number of joint resolutions that would refer to a vote of the people a constitutional amendment and bills that would refer to a vote of the people the statutory issue in the legislation may be considered by the General Assembly.

Unless a special election is called for the purpose, Joint Resolutions proposing a constitutional amendment are submitted to a vote of the people at the next general election. Article XII section 2(b) of the Missouri Constitution authorizes the governor to order a special election for constitutional amendments referred to the people. If a special election is called to submit a Joint Resolution to a vote of the people, sub-section 115.063.2, RSMo, requires the state to pay the costs. The cost of the special election has been estimated to be \$7.8 million based on the cost of the 2016 Presidential Preference Primary.

The SOS is required to pay for publishing in local newspapers the full text of each statewide ballot measure as directed by Article XII, Section 2(b) of the Missouri Constitution and sections 116.230-116.290, RSMo. The Secretary of State's Office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. Funding for this item is adjusted each year depending upon the election cycle with \$1.3 million historically appropriated in odd numbered fiscal years and \$100,000 appropriated in even numbered fiscal years to meet these requirements. The appropriation has historically been an estimated appropriation because the final cost is dependent upon the number of ballot measures approved by the General Assembly and the initiative petitions certified for the ballot. In FY 2015, the General Assembly changed the appropriation so that it was no longer an estimated appropriation. In FY 2017 the Secretary of State's Office was appropriated \$2.6 million to publish the full text of the measures. In FY 2017, at the August and November elections, there were 6 statewide Constitutional Amendments or ballot propositions that cost \$2.4 million to publish (an average of \$400,000 per issue).

Therefore, the Secretary of State's Office assumes, for the purposes of this fiscal note, that it should have the full appropriation authority it needs to meet the publishing requirements. However, because these requirements are mandatory, we reserve the right to request funding to meet the cost of our publishing requirements if the Governor and the General Assembly change the amount or eliminate the estimated nature of our appropriation.

ASSUMPTION (continued)

Oversight has reflected in this fiscal note, the state potentially reimbursing local political subdivisions the cost of having this joint resolution voted on during a special election in fiscal year 2018. This reflects the decision made by the Joint Committee on Legislative Research, that the potential cost of elections should be reflected in the fiscal note. There is a statewide primary election in August 2018 and a general election in November 2018 (both in FY 2019). It is assumed the subject within this proposal could be on one of these ballots; however, it could also be on a special election called for by the Governor. Therefore, Oversight will reflect a potential election cost reimbursement to local political subdivisions in FY 2018.

Officials from the **Missouri House of Representatives, Office of the State Auditor, Missouri Senate, Attorney General’s Office, Missouri Lieutenant Governor and Office of the Governor** each assume the proposal will have no fiscal impact on their respective organizations.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

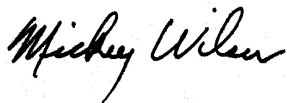

Upon voter approval, this proposed Constitutional amendment increases term limits for General Assembly members elected in the general election of 2018 or thereafter to 12 years in one house of the General Assembly and 16 years total in both houses thereof in any proportion. Those previously elected to the General Assembly before the general election in 2018 will retain the current term limits of eight years in one house or 16 years total service in both houses of the General Assembly.

The amendment also imposes a uniform term limit of two terms of four years each on all statewide elected officials. Term limits imposed for the first time on the offices of State Auditor, Attorney General, Secretary of State, and Lieutenant Governor shall apply prospectively to anyone elected during the general election of 2020 or thereafter or, in the case of the State Auditor's office, the election held in 2022 or thereafter.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
