the dispensing record with the department.

2. The department of health and senior services shall adopt rules to facilitate the
collection of information regarding compliance with sections 191.1500 to 191.1565. Except

or oral, to the extent the provision would affect whether a person may make or rescind a
request for medication to end his or her life in a humane and dignified manner, shall be
valid.

2. No obligation owing under any currently existing contract shall be conditioned
or affected by the making or rescinding of a request by a person for medication to end his
or her life in a humane and dignified manner.

191.1545. The sale, procurement, or issuance of any life, health, or accident
insurance or annuity policy or the rate charged for any policy shall not be conditioned
upon or affected by the making or rescinding of a request by a person for medication to
end his or her life in a humane and dignified manner. A qualified patient's act of ingesting
medication to end his or her life in a humane and dignified manner shall not have an effect upon a life, health, or accident insurance or annuity policy.

191.1548. Nothing in sections 191.1500 to 191.1565 shall be construed to authorize a physician or any other person to end a patient's life by lethal injection, mercy killing, or active euthanasia. Actions taken in accordance with sections 191.1500 to 191.1565 shall not for any purpose constitute suicide, assisted suicide, mercy killing, or homicide under the law.

191.1551. 1. Except as provided in subsection 2 of this section and section 191.1557:

(1) No person shall be subject to civil or criminal liability or professional disciplinary action for participating in good faith compliance with sections 191.1500 to 191.1565, including being present when a qualified patient takes the prescribed medication to end his or her life in a humane and dignified manner;

(2) No professional organization or association or health care provider shall subject a person to censure, discipline, suspension, loss of license, loss of privileges, loss of membership, or other penalty for participating or refusing to participate in good faith compliance with sections 191.1500 to 191.1565;

(3) No request by a patient for or provision by an attending physician of medication in good faith compliance with sections 191.1500 to 191.1565 shall constitute neglect for any purpose of law or provide the sole basis for the appointment of a guardian or conservator; and

(4) No health care provider shall be under any duty, whether by contract, statute, or any other legal requirement to participate in the provision to a qualified patient of medication to end his or her life in a humane and dignified manner. If a health care provider is unable or unwilling to carry out a patient's request under sections 191.1500 to 191.1565 and the patient transfers his or her care to a new health care provider, the prior health care provider shall, upon request, transfer a copy of the patient's relevant medical records to the new health care provider.

2. (1) Notwithstanding any other provision of law, a health care provider may prohibit another health care provider from participating under the Missouri death with dignity act on the premises of the prohibiting provider if the prohibiting provider has notified the health care provider of the prohibiting provider's policy regarding participation in the Missouri death with dignity act. Nothing in this subdivision shall prevent a health care provider from providing health care services to a patient that do not constitute participation in the Missouri death with dignity act.

(2) Notwithstanding the provisions of subsection 1 of this section, a health care provider may subject another health care provider to the following sanctions if the
sanctioning health care provider has notified the sanctioning provider prior to participation under sections 191.1500 to 191.1565 that it prohibits participation in the Missouri death with dignity act:

(a) Loss of privileges, loss of membership, or other sanctions provided under the medical staff bylaws, policies, and procedures of the sanctioning health care provider if the sanctioned provider is a member of the sanctioning provider's medical staff and participates under the Missouri death with dignity act while on the health care facility premises of the sanctioning health care provider, but not including the private medical office of a physician or other provider;

(b) Termination of a lease or other property contract or other nonmonetary remedies provided by a lease contract, not including loss or restriction of medical staff privileges or exclusion from a provider panel, if the sanctioned provider participates under the Missouri death with dignity act while on the premises of the sanctioning health care provider or on property that is owned by or under the direct control of the sanctioning health care provider; or

(c) Termination of a contract or other nonmonetary remedies provided by contract if the sanctioned provider participates under the Missouri death with dignity act while acting in the course and scope of the sanctioned provider's capacity as an employee or independent contractor of the sanctioning health care provider. Nothing in this paragraph shall be construed to prevent:

a. A health care provider from participating under the Missouri death with dignity act while acting outside the course and scope of the provider's capacity as an employee or independent contractor; or

b. A patient from contracting with his or her attending physician and consulting physician to act outside the course and scope of the provider's capacity as an employee or independent contractor of the sanctioning health care provider.

(3) A health care provider that imposes sanctions under subdivision (2) of this subsection shall follow all due process and other procedures the sanctioning health care provider may have that are related to the imposition of sanctions on another health care provider.

(4) For the purposes of this subsection, the following terms shall mean:

c. Providing a patient, upon the request of the patient, with a referral to another physician; or

d. A patient contracting with his or her attending physician and consulting physician to act outside of the course and scope of the provider's capacity as an employee or independent contractor of the sanctioning health care provider.

3. Suspension or termination of staff membership or privileges under subsection 2 of this section is not reportable to the department or state board of registration for the healing arts. Action taken under sections 191.1506 to 191.1515 shall not be the sole basis for a report of unprofessional conduct.

4. No provision of sections 191.1500 to 191.1565 shall be construed to allow a lower standard of care for patients in the community where the patient is treated or a similar community.

191.1554. 1. A person, who without authorization of the patient, willfully alters or forges a request for medication or conceals or destroys a rescission of that request with the intent or effect of causing the patient's death is guilty of a class A felony.

2. A person who coerces or exerts undue influence on a patient to request medication to end the patient's life or to destroy a rescission of a request is guilty of a class A felony.

3. Nothing in sections 191.1500 to 191.1565 shall limit further liability for civil damages resulting from other negligent conduct or intentional misconduct by any person.

4. The penalties in sections 191.1500 to 191.1565 do not preclude criminal penalties applicable under other law for conduct that is inconsistent with sections 191.1500 to 191.1565.

191.1557. Any governmental entity that incurs costs resulting from a person terminating his or her life under sections 191.1500 to 191.1565 in a public place has a claim against the estate of the person to recover such costs and reasonable attorneys' fees related to enforcing the claim.
