

JOURNAL OF THE HOUSE

First Regular Session, 99th GENERAL ASSEMBLY

SEVENTY-SECOND DAY, THURSDAY, MAY 11, 2017

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Whatsoever ye would that men should do to you, do ye even so to them. (Matthew 7:12)

Almighty God, who is the light and life of those who with true faith and sincere repentance turn to, have mercy upon us as we bow in this chamber of prayer. Pardon and deliver us from all our sins, confirm and strengthen us in all goodness, and bring new life to us as we wait upon You.

With us is a deep weariness of body and within us is a disturbing unrest of spirit. We wonder what can be done, when we can do it, and who will help us do what ought to be done. Grant unto us the realization that with You all things are possible and that we can be equal to every experience through the strength of Your spirit living in our hearts.

Make us the kind of persons who can be trusted with Your design for our citizens, with Your determination for peace in our State, and with Your desire for joy in the hearts of all people.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Grace Ann Bernskoetter and Seth Fullerton.

The Journal of the seventy-first day was approved as printed.

"59.800. 1. Beginning on July 1, 2001, notwithstanding any other condition precedent required by law to the recording of any instrument specified in subdivisions (1) and (2) of **subsection 1** of section 59.330, an additional fee of ~~five~~ **six** dollars shall be charged and collected by every recorder of deeds in this state on each instrument recorded. The additional fee shall be distributed as follows:

(1) One dollar and twenty-five cents to the recorder's fund established pursuant to subsection 1 of section 59.319, provided, however, that all funds received pursuant to this section shall be used exclusively for the purchase, installation, upgrade and maintenance of modern technology necessary to operate the recorder's office in an efficient manner;

(2) One dollar and seventy-five cents to the county general revenue fund; and

(3) ~~Two~~ **Three** dollars to the fund established in subsection 2 of this section.

2. (1) There is hereby established a revolving fund known as the "Statutory County Recorder's Fund", which shall receive funds paid to the recorders of deeds of the counties of this state pursuant to subdivision (3) of subsection 1 of this section. The director of the department of revenue shall be custodian of the fund and shall make disbursements from the fund for the purpose of subsidizing the fees collected by counties that hereafter elect or have heretofore elected to separate the offices of clerk of the circuit court and recorder. The subsidy shall consist of the total amount of moneys collected pursuant to subdivisions (1) and (2) of subsection 1 of this section subtracted from fifty-five thousand dollars, **except if the annual average of funds collected under subsection 1 over the previous three-year period is insufficient to meet all obligations calculated in this subdivision and in which case the provisions of subdivision (2) of this subsection shall apply.** The moneys paid to qualifying counties pursuant to this subsection shall be deposited in the county general revenue fund. For purposes of this section a "qualified county" is a county that hereafter elects or has heretofore elected to separate the offices of clerk of the circuit court and recorder and in which the office of the recorder of deeds collects less than fifty-five thousand dollars in fees pursuant to subdivisions (1) and (2) of subsection 1 of this section, on an annual basis. Moneys in the statutory county recorder's fund shall not be considered state funds and shall be deemed nonstate funds.

(2) **If funds collected under subdivision (3) of subsection 1 of this section are insufficient to meet obligations set out in subsection 1 of this section, the department of revenue shall calculate the projected shortfall that would otherwise be incurred using the formula set out above. If the fund balance is greater than the annual average disbursement of the previous three years, then up to thirty-three percent of such excess may be used to meet the obligation. If this amount is insufficient or unavailable, the director of the department of revenue shall set a new requisite amount to determine a qualified county under subdivision (1) of this subsection other than fifty-five thousand dollars, which reflects the revenue collected under subdivision (3) of subsection 1 of this section plus an additional thirty-three percent should the balance exist in the statutory recorder's fund.**"; and

AMEND House Committee Substitute for Senate Bill No. 478, Pages 1 to 4, Section 161.670, Lines 1 to 95, by removing all of said section and lines from the bill and inserting in lieu thereof the following:

"161.670. 1. Notwithstanding any other law, prior to July 1, 2007, the state board of education shall establish ~~[a virtual public school]~~ the "**Missouri Course Access and Virtual School Program**" to serve school-age students residing in the state. The ~~[virtual public school]~~ **Missouri course access and virtual school program** shall offer instruction in a virtual setting using technology, intranet, and/or internet methods of communication. Any student under the age of twenty-one in grades kindergarten through twelve who resides in this state shall be eligible to enroll in the ~~[virtual public school regardless of the student's physical location]~~ **Missouri course access and virtual school program under to subsection 3 of this section.**

2. For purposes of calculation and distribution of state school aid, students enrolled in ~~[a virtual public school]~~ the **Missouri course access and virtual school program** shall be included ~~[-at the choice of the student's parent or guardian,]~~ in the student enrollment of the school district in which the student physically ~~[resides]~~ **is enrolled under subsection 3 of this section.** The ~~[virtual public school]~~ **Missouri course access and virtual school program** shall report to the district of residence the following information about each student served by the ~~[virtual public school]~~ **Missouri course access and virtual school program**: name, address, eligibility for free or reduced-price lunch, limited English proficiency status, special education needs, and the number of courses in which the student is enrolled. The ~~[virtual public school]~~ **Missouri course access and virtual school program** shall promptly notify the resident district when a student discontinues enrollment. A "full-time equivalent student" is a student who successfully has completed the instructional equivalent of six credits per regular term. Each ~~[virtual]~~ **Missouri course access program** course shall count as one class and shall generate that portion of a full-time equivalent that a comparable course offered by the school district would generate. In no case shall more than the full-time equivalency of a regular term of attendance for a single student be used to claim state aid. Full-time equivalent student credit completed shall be reported to the department of elementary and secondary education in the manner prescribed by the department. Nothing in this section shall prohibit students from enrolling in additional courses under a separate agreement that includes terms for paying tuition or course fees.

3. ~~[When a school district has one or more resident students enrolled in a virtual public school program authorized by this section, whose parent or guardian has chosen to include such student in the district's enrollment, the department of elementary and secondary education shall disburse an amount corresponding to fifteen percent of the state aid under sections 163.031 and 163.043 attributable to such student to the resident district. Subject to an annual appropriation by the general assembly, the department shall disburse an amount corresponding to eighty five percent of the state adequacy target attributable to such student to the virtual public school.~~

~~4.]~~ (1) A school district or charter school shall allow any eligible student who resides in such district to enroll in Missouri course access program courses of his or her choice as a part of the student's annual course load each school year or a full-time virtual school option, with any costs associated with such course or courses to be paid by the school district or charter school if:

(a) The student is enrolled full-time in and has attended, for at least one semester immediately prior to enrolling in the Missouri course access program, a public school, including any public charter school; and
(b) Prior to enrolling in any Missouri course access program course, a student has received approval from his or her school principal through the procedure described under subdivision (2) of this subsection.

(2) School districts and charter schools, through the school principal and in cooperation with the school's counselor or a person designated by the district or charter school, shall approve or disapprove a student's request to enroll in a Missouri course access program course or full-time virtual school. The school

counselor or a person designated by the district or charter school shall advise any student who requests to enroll in a Missouri course access program course or a full-time virtual school and submit a recommendation to the school principal for final approval. The advice of the school counselor or the person designated by the district or charter school shall be based on his or her assessment of whether participation in the program and enrollment in a particular course are in the student's best interest and shall be done in consultation with the student's parent or legal guardian. Each school district and charter school shall develop a procedure under which a student may appeal the decision made under the provisions of this subdivision. In cases of denial of a request, the school district or charter school shall inform students and parents of the reason for denial and inform them of their right to appeal any enrollment denials in state course access program courses or full-time virtual school to the department of elementary and secondary education, which shall provide a final enrollment decision within seven calendar days. The state board of education shall establish guidelines governing the appeals process.

(3) For students enrolled in any Missouri course access program course in which costs associated with such course are to be paid by the school district or charter school as described under subdivision (1) of this subsection, the school district or charter school shall pay the content provider directly on a pro rata monthly basis based on a student's completion of assignments and assessments. If a student discontinues enrollment, the district or charter school may stop making monthly payments to the content provider. No school district or charter school shall pay, for any one course for a student, more than the market necessary costs but in no case shall pay more than fourteen percent of the state adequacy target, as defined under section 163.011, as calculated at the end of the most recent school year for any single, year-long course and no more than seven percent of the state adequacy target as described above for any single semester equivalent course. Payment for a full-time virtual school student shall not exceed the state adequacy target, unless the student receives additional federal or state aid. Nothing in this subdivision shall prohibit a school district or charter school from negotiating lower costs directly with course or full-time virtual school providers, particularly in cases where several students enroll in a single course or full-time virtual school.

(4) In the case of a student who is a candidate for A+ tuition reimbursement and taking a virtual course under this section, the school shall attribute no less than ninety-five percent attendance to any such student who has completed such virtual course.

(5) The Missouri course access program shall ensure that individual learning plans designed by certified teachers and professional staff are developed for all students enrolled in more than two full-time course access program courses or a full-time virtual school.

(6) Providers shall monitor student success and engagement of students enrolled in their program and report the information to the school district or charter school. Providers may make recommendations to the school district or charter school regarding the student's continued enrollment in the program. The school district or charter school shall consider recommendations from providers and monitor the progress and success of enrolled students that are enrolled in any course or full-time virtual school offered under this section and may terminate or alter the course offering if it is found the course or full-time virtual school is not meeting the educational needs of the students enrolled in the course.

(7) School districts and charter schools shall monitor student progress and success, and course or full-time virtual school quality, and annually provide feedback to the department of elementary and secondary education regarding course quality.

(8) Pursuant to rules to be adopted by the department of elementary and secondary education, when a student transfers into a school district or charter school, credits previously gained through successful passage of approved courses under the Missouri course access program shall be accepted by the school district or charter school.

(9) Nothing in this section shall prohibit home school students, private school students, or students wishing to take additional courses beyond their regular course load from enrolling in Missouri course access program courses under an agreement that includes terms for paying tuition or course fees.

(10) Nothing in this subsection shall require any school district, charter school, or the state to provide computers, equipment, or internet access to any student unless required by an eligible student with a disability to comply with federal law.

(11) The authorization process shall provide for continuous monitoring of approved providers and courses. The department shall revoke or suspend or take other corrective action regarding the authorization of any course or provider no longer meeting the requirements of the program. Unless immediate action is necessary, prior to revocation or suspension, the department shall notify the provider and give the provider a reasonable time period to take corrective action to avoid revocation or suspension. The process shall provide for periodic renewal of authorization no less frequently than once every three years.

(12) Courses approved as of January 1, 2018, by the department to participate in the Missouri virtual instruction program shall be automatically approved to participate in the state course access and virtual school program, but shall be subject to periodic renewal.

4. School districts or charter schools shall inform parents of their child's right to participate in the program. Availability of the program shall be made clear in the parent handbook, registration documents, and featured on the home page of the school district or charter school's website.

5. The department shall:

(1) Establish an authorization process for course or full-time virtual school providers that includes multiple opportunities for submission each year;

(2) Pursuant to the timeline established by the department, authorize course or full-time virtual school providers that submit all necessary information pursuant to the requirements of the process;

(3) Review, pursuant to the authorization process, proposals from providers to provide individual courses or a comprehensive, full-time equivalent course of study for students through the Missouri course access and virtual school program. The department shall ensure that these comprehensive courses of study align with state academic standards and that there is consistency and compatibility in the curriculum used by all providers from one grade level to the next grade level; and

(4) Within thirty days of any denial, provide a written explanation to any course providers or full-time virtual school providers that are denied authorization.

6. If a course or full-time virtual school provider is denied authorization, the course provider may reapply at any point in the future.

7. The department shall publish the process established under this section, including any deadlines and any guidelines applicable to the submission and authorization process for course or full-time virtual school providers on its website.

8. If the department determines that there are insufficient funds available for evaluating and authorizing course or full-time virtual school providers, the department may charge applicant course or full-time virtual school providers a fee up to, but no greater than, the amount of the costs in order to ensure that evaluation occurs. The department shall establish and publish a fee schedule for purposes of this subsection.

9. Except as specified in this section and as may be specified by rule of the state board of education, the ~~virtual public school~~ Missouri course access and virtual school program shall comply with all state laws and regulations applicable to school districts, including but not limited to the Missouri school improvement program (MSIP), ~~adequate yearly progress (AYP)~~ annual performance report (APR), teacher certification, and curriculum standards.

~~5-~~ 10. The changes in net margin shall be deferred to a regulatory liability or regulatory asset, as applicable, with the balance of such regulatory asset or liability to be included in the revenue requirement of the electrical corporation in each of its general rate proceedings through an amortization of the balance over a reasonable period until fully returned to or collected from the electrical corporation's customers.

4. An electrical corporation is authorized to provide electric service to an aluminum smelting facility or steel works facility at a special rate authorized by this section in one of two ways, as follows:

(1) Under a rate schedule reflecting the special rate if the facility is located within the electrical corporation's certificated service territory; or

(2) Notwithstanding section 393.170, under a contract reflecting the special rate approved by the commission under the terms and conditions of this section.

In any case where the electric service is provided under contract referenced in subdivision (2) of this subsection, the facility shall be a commission-regulated retail electric customer of the electrical corporation and the rates, charges, and revenues under the contract shall, for ratemaking purposes, be treated by the commission as if the rates, charges, and revenues arise under the electrical corporation's tariff.

5. To receive a special rate, the facility shall file a written application with the commission specifying the requested special rate, any terms or conditions proposed by the facility respecting the requested special rate, and provide information regarding how the requested special rate meets the criteria specified in subdivision (1) of subsection 2 of this section. A special rate provided for by this section shall not continue beyond December 31, 2027. The commission may impose such conditions on the special rate as it deems appropriate so long as it otherwise complies with the provisions of this section.

393.356. Electrical corporations may file proposed rate or regulatory mechanisms or plans with the commission for the commission's approval. If such a mechanism or plan is approved by the commission as filed or is approved by the commission with modifications acceptable to the electrical corporation, or if the commission approves a special rate under section 393.355, the commission shall lack the authority to modify or eliminate any such mechanism, plan, or special rate during the specified term.

393.1410. 1. It shall be the policy of the state of Missouri for the commission to support expenditures by electrical corporations that maintain or improve the reliability, safety, security, or automation of electric infrastructure, including through the use of the latest technologies to meet the needs and expectations of customers. It shall also be the policy of the state of Missouri for the commission to approve rates designed to allow electrical corporations to recover their full cost of service and provide a reasonable opportunity to earn a fair return.

2. The commission may utilize rate adjustment mechanisms not otherwise specifically authorized by statute including, but not limited to, mechanisms to promote modernization and replacement of an electrical corporation's infrastructure. The commission may also use partially forecasted test years, true-ups of retail revenue requirement components, tracking mechanisms, grid modernization incentive mechanisms, interim rates, performance-based ratemaking, revenue decoupling with regular adjustments, or decisional pre-approval

with post construction review of construction projects. To the extent the commission's approval of a rate adjustment mechanism or other mechanism provided for by this section specifies a term over which the approval is to continue, the commission shall lack the authority to modify or eliminate the electrical corporation's use of the mechanism or tool during the specified term."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

2. Any person who is at least sixty-seven years of age, has served in this state an aggregate of at least twelve years, continuously or otherwise, as a judge, and ceases to hold office by reason of the expiration of the judge's term, voluntary resignation, or retirement pursuant to the provisions of Subsection 2 of Section 24 of Article V of the Constitution of Missouri may receive benefits as provided in sections 476.515 to 476.565. The twelve-year requirement of this subsection may be fulfilled by service as judge in any of the courts covered, or by service in any combination as judge of such courts, totaling an aggregate of twelve years. Any judge who is at least sixty-seven years of age and who has served less than twelve years and is otherwise qualified under sections 476.515 to 476.565 may retire after reaching age sixty-seven, or thereafter, at a reduced retirement compensation in a sum equal to the proportion of the retirement compensation provided in section 476.530 that his or her period of judicial service bears to twelve years.

3. Any person who is at least sixty-two years of age or older, has served in this state an aggregate of at least twenty years, continuously or otherwise, as a judge, and ceases to hold office by reason of the expiration of the judge's term, voluntary resignation, or retirement pursuant to the provisions of Subsection 2 of Section 24 of Article V of the Constitution of Missouri may receive benefits as provided in sections 476.515 to 476.565. The twenty-year requirement of this subsection may be fulfilled by service as a judge in any of the courts covered, or by service in any combination as judge of such courts, totaling an aggregate of twenty years. Any judge who is at least sixty-two years of age and who has served less than twenty years and is otherwise qualified under sections 476.515 to 476.565 may retire after reaching age sixty-two, at a reduced retirement compensation in a sum equal to the proportion of the retirement compensation provided in section 476.530 that his or her period of judicial service bears to twenty years.

4. All judges under this section required by the provisions of Section 26 of Article V of the Constitution of Missouri to retire at the age of seventy years shall retire upon reaching that age.

5. The provisions of sections 104.344, 476.524, and 476.690 shall not apply to judges covered by this section.

6. A judge shall be required to contribute four percent of the judge's compensation to the retirement system, which shall stand to the judge's credit in his or her individual account with the system, together with investment credits thereon, for purposes of funding retirement benefits payable as provided in sections 476.515 to 476.565, subject to the following provisions:

(1) The state of Missouri employer, pursuant to the provisions of 26 U.S.C. Section 414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the judge under this section. The contributions so picked up shall be treated as employer contributions for purposes of determining the judge's compensation that is includable in the judge's gross income for federal income tax purposes;

(2) Judge contributions picked up by the employer shall be paid from the same source of funds used for the payment of compensation to a judge. A deduction shall be made from each judge's compensation equal to the amount of the judge's contributions picked up by the employer. This deduction, however, shall not reduce the judge's compensation for purposes of computing benefits under the retirement system pursuant to this chapter;

(3) Judge contributions so picked up shall be credited to a separate account within the judge's individual account so that the amounts contributed pursuant to this section may be distinguished from the amounts contributed on an after-tax basis;

(4) The contributions, although designated as employee contributions, are being paid by the employer in lieu of the contributions by the judge. The judge shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system;

(5) Interest shall be credited annually on June thirtieth based on the value in the account as of July first of the immediately preceding year at a rate of four percent. Interest credits shall cease upon retirement of the judge;

(6) A judge whose employment is terminated may request a refund of his or her contributions and interest credited thereon. If such judge is married at the time of such request, such request shall not be processed without consent from the spouse. A judge is not eligible to request a refund if the judge's retirement benefit is subject to a division of benefit order pursuant to section 104.312. Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later and shall include all contributions made to any retirement plan administered by the system and interest credited thereon. A judge may not request a refund after such judge becomes eligible for retirement benefits under sections 476.515 to 476.565. A judge who receives a refund shall forfeit all the judge's service and future rights to receive benefits from the system and shall not be eligible to receive any long-term disability benefits; provided that any judge or former judge receiving long-term disability benefits shall not be eligible for a refund. If such judge subsequently becomes a judge and works continuously for at least one year, the service previously forfeited shall be restored if the judge returns to the system the amount previously refunded plus interest at a rate established by the board;

(7) The beneficiary of any judge who made contributions shall receive a refund upon the judge's death equal to the amount, if any, of such contributions less any retirement benefits received by the judge unless an annuity is payable to a survivor or beneficiary as a result of the judge's death. In that event, the beneficiary of the survivor or beneficiary who received the annuity shall receive a refund upon the survivor's or beneficiary's death equal to the amount, if any, of the judge's contributions less any annuity amounts received by the judge and the survivor or beneficiary.

7. The employee contribution rate, the benefits provided under sections 476.515 to 476.565 to judges covered under this section, and any other provision of sections 476.515 to 476.565 with regard to judges covered under this section may be altered, amended, increased, decreased, or repealed, but only with respect to services rendered by the judge after the effective date of such alteration, amendment, increase, decrease, or repeal, or, with respect to interest credits, for periods of time after the effective date of such alteration, amendment, increase, decrease, or repeal.

8. Any judge who is receiving retirement compensation under section 476.529 or 476.530 who becomes employed as an employee eligible to participate in the closed plan or in the year 2000 plan under chapter 104, shall not receive such retirement compensation for any calendar month in which the retired judge is so employed. Any judge who is receiving retirement compensation under section 476.529 or section 476.530 who subsequently serves as a judge as defined pursuant to subdivision (4) of subsection 1 of section 476.515 shall not receive such retirement compensation for any calendar month in which the retired judge is serving as a judge; except that upon retirement such judge's annuity shall be recalculated to include any additional service or salary accrued based on the judge's subsequent service. A judge who is receiving compensation under section 476.529 or 476.530 may continue to receive such retirement compensation while serving as a senior judge or senior commissioner and shall receive additional credit and salary for such service pursuant to section 476.682.”; and
