VETO SESSION

First Regular Session, 99th GENERAL ASSEMBLY

FIRST DAY, WEDNESDAY, SEPTEMBER 13, 2017

Speaker Richardson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicky, Chaplain.

He leadeth me in the paths of righteousness for His name's sake. (Psalm 23:3)

O God, mindful of our responsibilities as the leaders of our people, we bow before You, praying that we may be led in right paths and let our hearts receive the guidance of Your good spirit during this Veto Session.

May Your spirit guide us that we be saved from false choices and be lifted to new heights of creative endeavor and courageous action. Together as leaders and people may we be physically strong, mentally awake, morally strong, and religiously alive. May we always remember to be wise stewards of Your gifts and to use them for Your glory and to make more secure the freedoms and responsibilities of our state.

Bless all who are gathered here today with the faith in democracy that never falters and never fails despite human weaknesses. We also pray for all the victims affected by Hurricanes Harvey and Irma. Give them strength and endurance for the long recovery to follow over the next months and years.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

MESSAGES FROM THE GOVERNOR

June 29, 2017

TO THE CHIEF CLERK OF THE HOUSE OF REPRESENTATIVES
99th GENERAL ASSEMBLY
STATE OF MISSOURI

Herewith I return to you **House Committee Substitute for House Concurrent Resolution No. 19** entitled:

AN ACT

Relating to the financing of educational facilities.

I disapprove of House Committee Substitute for House Concurrent Resolution 19. My reasons for disapproval are as follows:

Missouri government must be a wise steward of our citizens' hard-earned tax dollars. It should contribute to the economic growth of our State through the implementation of sound fiscal policy, and it should operate to serve all Missourians as efficiently as possible. Unfortunately, our budget is unbalanced, revenue is down, and the costs of living and conducting business are rising. In order to balance our budget, hard choices have to be made.

If signed into law, House Committee Substitute for House Concurrent Resolution 19 could commit the State to funding 50% of a new conservatory building for the University of Missouri-Kansas City's ("UMKC") music and dance programs. The remainder of the cost of the building would be funded by private donations, grants, and other funds from the University of Missouri. This bill puts Missouri taxpayers on the hook for \$48 million in debt over the next decade. The interest on these bonds is estimated to be between \$7 million and \$10 million. Furthermore, there is no definite plan to cover the facility's operating expenses; therefore, the taxpayers are currently at risk for an estimated \$19 million in operating expenses in the next 10 years.

I came into office as a conservative outsider. I pledged to act as a budget hawk and protect the people's money. My administration asked leaders across government to do more with less taxpayer money, and to get better results for the people of Missouri. I urged the leaders of Missouri's universities to think and act differently, to prioritize, and to make tough decisions.

In a sign of their commitment to heeding this call, the President and the Board of Curators of the University of Missouri System announced that they will reject any additional taxpayer money to pay for the UMKC conservatory. Instead, university leaders have committed to develop a real, detailed plan to pay for the building with alternative means: either through private funds or by reprioritizing their current resources.

Accordingly, I veto this bill to protect Missouri taxpayers and to signal my support for the need for a real plan before the State makes any major capital investment. I cannot support a bill that blindly pledges taxpayer dollars, and certainly not when leaders in the university system have publicly acknowledged that no state funds should be used for this project. Our university leaders and the Kansas City community are ready to do this the right way. My administration is committed to changing the way business is done in Missouri.

In accordance with the above stated reasons for disapproval, I am returning **House Committee Substitute for House Concurrent Resolution No. 19** without my approval.

Sincerely,

/s/ Eric R. Greitens

TO THE CHIEF CLERK OF THE HOUSE OF REPRESENTATIVES
99th GENERAL ASSEMBLY
FIRST REGULAR SESSION
STATE OF MISSOURI

Herewith I return to you **Senate Substitute for House Committee Bill No. 3** entitled:

AN ACT

To repeal section 208.1050, RSMo, and to enact in lieu thereof one new section relating to funds for vulnerable senior citizens.

I disapprove of Senate Substitute for House Committee Bill No. 3. My reasons for disapproval are as follows.

Senate Substitute for House Committee Bill No. 3 is an unconstitutional, one-time fix that jeopardizes more than 200 state funds without the courtesy of a public hearing. Senate Substitute for House Committee Bill No. 3 requires the State Treasurer to divert \$35,400,000 from General Revenue into the Missouri Senior Services Protection Fund on or before September 1, 2017. To pay for this diversion, the bill authorizes the Commissioner of Administration to transfer \$35,400,000 into General Revenue “from the unexpended balance remaining from all fees, funds and moneys from whatsoever source received by any department, board, bureau, commission, institution, official, or agency of the state government,” with the exception of nine types of funds.

The funding scheme devised by Senate Substitute for House Committee Bill No. 3 violates the Missouri Constitution. Our state’s constitution is clear that taxpayer money cannot be withdrawn or spent without specific appropriation authority. Article IV, Section 23 requires that “[e]very appropriation law shall distinctly specify the amount and purpose of the appropriation” Article III, Section 36 states that “the general assembly shall have no power to divert [revenue collected and money received by the state] or to permit the withdrawal of money from the treasury, except in pursuance of appropriations made by law.” Finally, Article IV, Section 28 prohibits withdrawing money from the state treasury “except by warrant drawn in accordance with an appropriation made by law,” The Missouri Supreme Court concluded that these constitutional provisions are “unambiguous” and “[t]heir meaning is clear: money may not be withdrawn from the state treasury for any purpose other than that specified in an appropriation law.” *State ex inf. Danforth v. Merrell*, 530 S.W.2d 209, 213 (Mo. banc 1975).

Despite this clear constitutional direction, the General Assembly failed to pass an appropriations bill this session that contained the funding provisions set forth in Senate Substitute for House Committee Bill No. 3. Likewise, no appropriation bill diverted \$35,400,000 from General Revenue into the Missouri Senior Services Protection Fund. And, no appropriation bill swept \$35,400,000 from specified funds into General Revenue in order to pay for this diversion.

Senate Substitute for House Committee Bill No. 3 is not itself an appropriation bill.¹ Yet Senate Substitute for House Committee Bill No. 3 is the only location for this \$35,400,000 diversion from General Revenue into the Missouri Senior Services Protection Fund, as well as the only authorization for the \$35,400,000 sweep from various funds into General Revenue. Because of the complete lack of authority in any appropriation bill, Senate Substitute for House Committee Bill No. 3 violates multiple provisions of the Missouri Constitution: Article III, Section 36; Article IV, Section 23; and Article IV, Section 28.

These constitutional deficiencies are compounded by the bill’s failure to identify specific funds and amounts that will be swept, which would need to be included in an appropriations bill. Instead, the General Assembly attempted to shift responsibility to the Commissioner of Administration for deciding which funds would be targeted, and how much money would be drained from them.

¹ Nor could Senate Substitute for House Committee Bill No. 3 be a valid appropriation bill. Under Article III, Section 25, the General Assembly could not consider any appropriation bill after 6 p.m. on May 5, 2017. The Senate did not pass Senate Substitute for House Committee Bill No. 3 until May 8, and the House did not truly agree and finally pass the bill until May 12.

The Missouri Supreme Court rejected a similar ploy by lawmakers more than 40 years ago. *See State ex inf. Danforth*, 530 S.W.2d at 214. In that instance, the General Assembly authorized the Commissioner of Administration and a committee of legislators to transfer funds from one purpose to another. *Id.* at 211. The Missouri Supreme Court ruled this delegation of appropriation power was unconstitutional and any exercise of it would be a “usurpation of power” by both the legislature and the committee. *Id.* at 214.

The Attorney General has also concluded that the General Assembly’s delegation of appropriation power is unconstitutional. *See* Attorney General Opinion 190-74, at p. 5 (“It is the opinion of this office that the provision in [S.B. 1] which purports to give authority to the Committee on State Fiscal Affairs and the Commissioner of Administration to ‘alter’ the purpose of appropriations is unconstitutional in violation of Article IV, Section 28 and Article III, Sections 21 through 33, Constitution of Missouri.”); Attorney General Opinion 222-73, at p. 2 (“Therefore, it is our opinion that the Office of Administration has no authority to allow expenditures from appropriations in accordance with directives received from the Committee on State Fiscal Affairs contrary to the provisions of an appropriation act.”).

Just like the General Assembly’s attempt to sweep funds 40 years ago – rejected as unconstitutional by the State’s high court – Senate Substitute for House Committee Bill No. 3 would give the Commissioner of Administration authority to transfer funds from one purpose to another. Under the clear Missouri Supreme Court precedent in *State ex inf. Danforth*, Senate Substitute for House Committee Bill No. 3 is unconstitutional.

That the fund sweep is optional does not save Senate Substitute for House Committee Bill No. 3. In *State ex inf. Danforth*, the Missouri Supreme Court found unconstitutional a law that provided the Commissioner of Administration and a committee of legislators the *option* of transferring funds from one purpose to another. 530 S.W.2d 209, 214. Similarly, Senate Substitute for House Committee Bill No. 3 unconstitutionally provides the Commissioner of Administration the option of transferring funds from one purpose to another. But this “option” is a false choice. The Commissioner of Administration’s failure to perform this fund sweep would unbalance the Fiscal Year 2018 state budget by \$35,400,000.

How the General Assembly passed the final version of Senate Substitute for House Committee Bill No. 3 also raises constitutional concerns. When the bill passed the House and received a public hearing in the Senate General Laws Committee, what was then House Committee Bill No. 3 redirected a property tax credit to fund the Missouri Senior Services Protection Fund. However, the substitute bill first introduced on the Senate floor in the final days of session replaced all of the original language in the House bill with the diversion and fund sweep approach. Neither chamber held a public hearing on the new approach.

Since 1875, the Missouri Constitution has required legislation to be limited to its original purpose. *See* Article III, Section 21. The original purpose of a bill is determined by “its earliest title and *contents*,” and this constitutional doctrine prohibits “introduction of a matter that is not germane to the object of the legislation or that is unrelated to its original subject.” *Legends Bank v. State*, 361 S.W.3d 383, 386 (Mo. banc 2012) (emphasis added). By completely changing the substance of the original bill, Senate Substitute for House Committee Bill No. 3 violates the Missouri Constitution’s original purpose requirement. Moreover, any claim that the bill’s broad title allowed a total replacement of bill text also implicates the Missouri Constitution’s clear title requirement. *See Home Builders Ass’n of Greater St. Louis v. State*, 75 S.W.3d 267, 270 (Mo. banc 2012).

Practical concerns join these numerous constitutional problems. Missouri has 468 different state funds. When it negotiated the bill substitute, the Senate protected nine categories of funds from the fund sweep. Protected funds include funds for tattoo artists (Tattoo Fund), interior designers (Interior Designer Council Fund), embalmers (Board of Embalmers and Funeral Directors’ Fund), acupuncturists (Acupuncturist Fund), massage therapists (Massage Therapy Fund), and realtors (Real Estate Commission Fund).

The Office of Administration's Budget and Planning Division estimates that Senate Substitute for House Committee Bill No. 3 exposed 233 state funds to the potential fund sweep. Funds at risk of being drained include programs to prevent child abuse and neglect (Children's Trust Fund), assistance to workers injured on the job (Workers Compensation Fund and Second Injury Fund), and training to police officers (Highway Patrol Academy Fund) and firefighters (Fire Education Fund).

Because there was no public hearing and the Senate negotiated carve-outs late in the legislative session, Missourians never had the chance to question or comment on this bill's funding priorities. Missourians did not have the chance to question why the Senate protected tattoo artists, interior designers, and realtors, while placing in jeopardy funds for abused children, injured workers, and first responders.

Elected officials in the General Assembly must confront funding issues seriously and not dodge tough decisions through last minute, unconstitutional gimmicks. In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute for House Committee Bill No. 3** without my approval.

Sincerely,

/s/ Eric R. Greitens

HOUSE OF REPRESENTATIVES
99th GENERAL ASSEMBLY
FIRST REGULAR SESSION
STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 5** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the Office of Administration, the Department of Transportation, the Department of Conservation, the Department of Public Safety, the Chief Executive's Office, and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2017 and ending June 30, 2018.

Section 5.181

I hereby veto \$1 General Revenue for MOHEFA debt service and all related expenses associated with the Kansas City Music Conservatory project bonds.

This decision is consistent with my veto message of June 29, 2017 returning House Committee Substitute for House Concurrent Resolution 19 without my approval.

The Section vetoed relates to the General Assembly's decision to commit the State of Missouri to additional bond debt to fund 50% of a new conservatory building for the University of Missouri-Kansas City's music and dance programs. This would have put Missouri taxpayers on the hook for \$48 million in debt over the next decade. The

interest on these bonds is estimated to be between \$7 million and \$10 million. Furthermore, there was no definite plan to cover the facility's operating expenses; therefore, the taxpayers were at risk for an estimated \$19 million in operating expenses in the next 10 years.

I came into office as a conservative outsider. I pledged to act as a budget hawk and protect the people's money. My administration asked leaders across government to do more with less taxpayer money, and to get better results for the people of Missouri. I urged the leaders of Missouri's universities to think and act differently, to prioritize, and to make tough decisions. In a sign of their commitment to heeding this call, the President and the Board of Curators of the University of Missouri System announced that they will reject any additional taxpayer money to pay for the UMKC conservatory. Instead, university leaders have committed to develop a real, detailed plan to pay for the building with alternative means: either through private funds or by reprioritizing their current resources.

Accordingly, I veto this section to protect Missouri taxpayers and to signal my support for the need for a real plan before the State makes any major capital investment. I cannot support a legislative maneuver that blindly pledges taxpayer dollars, and certainly not when leaders in the university system have publicly acknowledged that no state funds should be used for this project.

Said section is vetoed in its entirety from \$1 to \$0 in total from General Revenue Fund.
From \$1 to \$0 in total for the section.

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 6** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Agriculture, Department of Natural Resources, Department of Conservation, and the several divisions and programs thereof and for the expenses, grants, refunds, distributions, and capital improvements projects involving the repair, replacement, and maintenance of state buildings and facilities of the Department of Natural Resources and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds, for the period beginning July 1, 2017 and ending June 30, 2018; provided the Department of Natural Resources notify members of the General Assembly, in

writing, about pending land purchases sixty (60) days prior to the close of sale; and further provided that the Department of Natural Resources not implement or enforce any portion of a federal proposed rule finalized after January 1, 2015, to revise or provide guidance on the regulatory definition of "waters of the United States" or "navigable waters" under the federal Clean Water Act, as amended, 33 U.S.C. Section 1251 et seq., without the approval of the General Assembly; and further provided the Department of Natural Resources not implement or enforce any portion of the federal Environmental Protection Agency's "Carbon Pollution Emission Guidelines for Existing Stationary Sources: Electric Utility Generating Units," 80 Fed. Reg. 64,662 (October 23, 2015).

Section 6.340

I hereby veto \$2,659,260 for the State Environmental Improvement Authority Fund (SEIA). Section 6.340 brings the operations of the Environmental Improvement and Energy Resources Authority (EIERA) onto the state budget. Section 260.035, RSMo, grants the EIERA, not the legislative branch, broad and specific powers to carry out the statutory duties assigned to the Authority. In addition, a majority of the resources in the SEIA Fund are the proceeds from EIERA bond sales, for which the state has no liability (Section 260.065, RSMo), and should not be considered state resources located in the state treasury. The Supreme Court of Missouri has already rejected the claim that revenues collected by the Authority are to be deposited in the state treasury and appropriated therefrom. *State ex inf. Danforth v. State Envtl. Improvement Auth.*, 518 S.W.2d 68 (Mo. banc 1975).

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Corrections and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, for the period beginning July 1, 2017 and ending June 30, 2018.

Section 9.263

I hereby veto \$35,500,000 allocated to the Inmate Canteen Fund.

Section 217.195, RSMo, which created the Inmate Canteen Fund, states that the funds shall be kept in a "separate account" and "shall not revert or be transferred to general revenue." The General Assembly has authorized the creation of funds that are separate from general revenue: "All moneys received by this state shall be deposited in the state treasury to the credit of the general revenue fund, unless required by statute or constitutional provision to be deposited in some other specifically named fund." Section 33.543, RSMo.

Section 217.195, RSMo expressly excepted the Inmate Canteen Fund from the requirements in Section 33.80, RSMo, that all state money be placed in the state treasury and be subject to appropriation by the General Assembly. Like in *Petition of Bd. of Pub. Buildings*, 363 S.W.2d 598, 607 (Mo. banc 1962), the Inmate Canteen Fund "would not have passed through the treasury at any time and would not have been withdrawn therefrom by appropriation." Accordingly, Section 9.263 impermissibly brings the Inmate Canteen Fund into the State Treasury and appropriations process. This provision is inconsistent with Section 217.195, RSMo. The legislature may not amend current legal requirements through the appropriation process. It is well-settled that "legislation of a general character cannot be included in an appropriation bill." *State ex rel. Davis v. Smith*, 75 S.W.2d 828, 830 (Mo. banc 1934); *see also State ex rel. Hueller v. Thompson*, 289 S.W. 338, 340 (Mo. banc 1926).

In addition, Section 217.195, RSMo further directs the Department of Corrections to "keep accurate records of the source of money deposited" into the fund and to "allocate appropriations from the fund to the appropriate correctional center." Because Section 217.195, RSMo already authorizes the Department of Corrections to allocate appropriations from the fund to the appropriate correctional center, where funds shall be expended "for the benefit of the offenders in the improvement of recreational, religious, or educational services," Section 9.263 is unnecessary.

Section 9.263 is vetoed in its entirety from \$35,500,000 to \$0 in total from the Inmate Canteen Fund.
From \$35,500,000 to \$0 in total for the section.

Herewith I return to you **House Bill No. 850** entitled:

AN ACT

To repeal section 40.435, RSMo, and to enact in lieu thereof one new section relating to military complaints against a commanding officer.

I disapprove of House Bill No. 850. My reasons for disapproval are as follows:

House Bill No. 850 would no longer allow Missouri National Guard soldiers to forward a complaint lodged against a commanding officer to the Governor, who is the Commander-in-Chief of the Missouri National Guard. *See* MO. CONST., art. IV, § 6; RSMo, § 41.120. Although there are other grievance procedures available to our soldiers, there are situations in which the State's Commander-in-Chief should be on notice of soldiers' grievances. Moreover, this procedure has been available to our service men and women since 1984, and there is no evidence of substantial need to amend this long-standing process. I am committed to keeping as many resources as possible available to our soldiers; therefore, I must veto House Bill No. 850.

The following Proclamation was received from His Excellency, Governor Eric R. Greitens.

PROCLAMATION

WHEREAS, Article IV, Section 27, authorizes the Governor to control the rate at which any appropriation is expended by allotment and, further, authorizes the Governor to reduce the expenditures of the state or any of its agencies below their appropriations whenever the actual revenues are less than the revenue estimates upon which the appropriations were based; and

WHEREAS, in addition to the power to control the rate of expenditure established in Article IV, Section 27, three percent of each appropriation, with the exception of amounts for personal service to pay salaries fixed by law, shall be set aside pursuant to section 33.290, RSMo, as a reserve fund and not subject to expenditure except with the approval of the Governor; and

WHEREAS, Article IV, Section 27.2, provides that the Governor notify the General Assembly "whenever the rate at which any appropriation shall be expended is not equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation"; and

WHEREAS, due to a variety of factors, including the three percent reserve that is legally required by section 33.290, RSMo, the rate at which most appropriations are expended is not in "equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation"; and

WHEREAS, Article IV, Section 27.3, provides that the Governor notify the General Assembly "when the governor reduces one or more items or portions of items of appropriation of money as a result of actual revenues being less than the revenue estimates upon which the appropriations were based."

NOW THEREFORE, I, Eric R. Greitens, GOVERNOR OF THE STATE OF MISSOURI, pursuant to Article IV, Section 27, do hereby make the following notification to the Ninety-Ninth General Assembly of the State of Missouri:

I hereby notify the General Assembly, pursuant to Article IV, Section 27.2 of the Missouri Constitution, that the rate of expenditure for the appropriation lines in the fiscal year 2018 budget contained in Exhibit A attached hereto is not in equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation.

I further notify the General Assembly, pursuant to Article IV, Section 27.3 of the Missouri Constitution, that, at the conclusion of fiscal year 2017, the appropriation lines in the fiscal year 2017 budget contained in Exhibit B attached hereto were permanently reduced as a result of actual revenues being less than the revenue estimates upon which the appropriations were based in the fiscal year 2017 budget.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, this 1st day of August, 2017.
