

HB 478 -- EMINENT DOMAIN

SPONSOR: Walker (3)

This bill prohibits the power of eminent domain from being exercised for any electric transmission line project if the project is in Adair, Knox, Marion, and Schuyler counties, or if the project is constructed entirely with private funds and users of the line pay for the transmission line. However, said prohibition shall not apply to any rural electric cooperative or municipally owned utility.

This bill is the same as HB 1426 (2016).
