FISCAL ANALYSIS

ASSUMPTION

Officials at the **Department of Social Services (DSS)** assume the following:

Division of Legal Services (DLS)

This bill does not have fiscal impact to DLS.

Children's Division (CD)

There is no anticipated fiscal impact.

Family Support Division (FSD)

452.375:

Income Maintenance (IM):

FSD has policies and procedures in place regarding custody arrangements in determining eligibility for all public assistance programs FSD administers. The provisions of this bill do not alter the eligibility criteria for any public assistance programs FSD administers. Therefore, there is no fiscal impact to FSD.

Child Support (CS)

Proposed sections 452.375.2 requires courts to award parents equal parenting time (i.e., 50/50 visitation) unless the presumption is rebutted by preponderance of the evidence. FSD child support assumes that if this bill passes most judicial orders will include equal parenting time for each parent. The directions for the Civil Procedure Form No. 14 allow a 34% visitation credit for a parent who has 181-183 overnight visits with his/her child (i.e., 50/50 visitation) up to 50% credit if the court determines the credit is unjust and inappropriate. A 50% visitation credit may result in a \$0 obligation. Today, courts may enter no parenting time up to equal parenting time. Likewise, the court may order no credit for visitation or credit up to 50% based on the circumstances of the party. Awarding equal parenting time in all orders and giving obligors a 34% to 50% visitation credit may reduce the child support obligations in Missouri judicial orders.

Since support amounts are assigned to the state when a parent and child receive Temporary Assistance for Needy Families (TANF), and all new orders may be reduced by a 34% up to 50% visitation credit, the state's ability to recoup TANF payments will be reduced. The state retains approximately 35% of all assigned collections in the Child Support Enforcement (CSEC) Fund; a reduction in the ability to recoup TANF expenditures will reduce the amount of assigned collections deposited into the CSEC fund that help fund the Child Support program.

ASSUMPTION (continued)

In state fiscal year (SFY) 2017, there were 4,723 new judicial support orders entered in the Missouri Automated Child Support System (MACSS). FSD's caseload for state fiscal year 2017 was 328,398 cases of which 19,557 (or 6.0%) were TANF cases. Therefore, of the 4,723 new judicial orders entered in MACSS in SFY 2017, FSD assumes 6.0% or 283 were on TANF cases and the judicial current support obligations were assigned to the state. The total assigned support that accrued on those orders for SFY 2017 was \$332,979 with an average annual accrual per order amount of \$1,177 (\$332,979/283).

Assuming that the number of TANF recipients remains static, FSD estimates the amount of support assigned to the state for the recoupment of TANF benefits would be reduced by up to \$332,979 per year which results in \$116,543 (\$332,979 x 35%) less that the state could potentially collect and retain as CSEC revenues.

The impact on CSEC revenues will be a range of \$0 (no change in the obligation) up to \$116,543 (assuming equal parenting time results in a \$0 obligation).

Oversight considers the fiscal impact estimated by DSS to be more of a potential indirect fiscal impact, depending upon the judgements of the courts, the current custody agreements of the parents, and the financial status of the parties. Therefore, Oversight will assume that the proposal will not have a direct fiscal impact on the state.

Officials at the **Office of the State Courts Administrator**, the **Department of Health and Senior Services** and the **Department of Mental Health** each assume no fiscal impact to their respective agencies from this proposal.

<u>FISCAL IMPACT - State Government</u>	FY 2019 (10 Mo.)	FY 2020	FY 2021
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>
 <u>FISCAL IMPACT - Local Government</u>	 FY 2019 (10 Mo.)	 FY 2020	 FY 2021
	 <u>\$0</u>	 <u>\$0</u>	 <u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

Currently, the court must determine custody that is in the best interest of the child. This bill establishes, except in paternity actions, a rebuttable presumption that an award of equal or approximately equal parenting time is in the best interest of the child, unless a preponderance of the evidence exists, as specified in these provisions. The bill clarifies that parenting time has the same meaning as visitation.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
