FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Insurance, Financial Institutions and Professional Registration (DIFP)** assume this legislation requires hair-braiders in the state of Missouri to register with the Board of Cosmetology and Barber Examiners for a fee of not more than \$20 to cover the board's costs for keeping this registration list. The Board of Cosmetology and Barber Examiners will need to develop and prepare a instructional video for hair-braiding.

An instructional video will be made and posted to the website at a cost of \$10,000.

Based on information the Board obtained through research and information its inspectors obtained, the DIFP estimates the 1,500 individuals in the state of Missouri will be required to be registered. In addition, a 3% growth rate has been estimated.

It is assumed 1,500 inspections will be conducted annually. Based on an average of 60 miles traveled per inspection and fuel costs of \$0.37 per mile, total inspection costs are estimated to be \$33,300 (1,500 inspections x 60 miles x \$0.37 per mile).

Staffing:

1 Office Support Assistant (\$23,628/annually) - Keyboarding needed to provide administrative support and assist with complaints and investigations

2 Inspectors (\$29,580/annually) needed to conduct inspections of facilities or premises. In order to be consistent with other duties of the board, it is anticipated the board will inspect each of the facilities or premises of the hair-braiding registrants once a year to ensure they are complying with the provisions of this statute, should this bill pass.

Revenue:

Provisions of the proposal provide a maximum registration fee of \$20. The DIFP assumes a one-time registration fee. Total revenue of \$30,000 is estimated for FY 19, with a 3% growth rate for subsequent years. Fees will be deposited into the Cosmetology and Barber Examiners Fund.

ASSUMPTION (continued)

Oversight notes the provisions of the proposal only require hair braiders to register with the DIFP. Representatives of the Board of Cosmetology and Barber Examiners **may** visit any facility in which hair braiding is performed to determine if the brochure and completed self-test are available, but it is not required. Due to the limited number of individuals who may be required to register as hair braiders, **Oversight** assumes the DIFP can perform the requirements of this proposal with existing staff. Registration fees will be sufficient to cover the cost of developing the instructional video.

Oversight assumes this proposal does not require any additional licenses or permits for a barber licensed under chapter 328 or cosmetologist licensed under chapter 328 practicing within a licensed barber shop or licensed cosmetology shop. (which includes business licenses and or operating licenses). **Oversight** will reflect a potential unknown loss of income to Local Political Subdivisions.

FISCAL IMPACT - Small Business

This proposal will directly impact small business hair braiders and cosmetology businesses that hire hair braiders as they will be required to pay a registration fee.

FISCAL DESCRIPTION

This proposal specifies that the practice of cosmetology cannot include hair braiding. The bill requires that all individual engaging in braiding first register with the State Board of Cosmetology and Barber Examiners. The purpose of the registration is only to maintain a listing of individuals who engage in hair braiding for compensation and does not authorize the board to license or regulate the practice of hair braiding in any way. The board must prepare a instructional video containing information regarding infection control techniques for hair braiding that must contain a self-test with questions. An individual engaged in the practice of hair braiding is required to complete the self-test and make it available upon request.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
