## FISCAL ANALYSIS

### ASSUMPTION

#### §208.183 Advisory Council on Rare Diseases and Personalized Medicine

Officials from the **Department of Social Services (DSS)** state this legislation states there will be a total of 15 board members on the advisory council. Also attending the board meetings would be approximately 9 MO HealthNet staff. The cost of the meals per meeting was calculated by using Missouri's food per diem for instate travel.

The maximum cost for lunch in Jefferson City is \$10.00 per day per person. The total cost for meals was calculated by taking 15 board members multiplied by \$10.00 which equals \$150.00 ( $\$10.00 \times 15 = \$150.00$ ) for each meeting. MHD assumes there will be 1 meeting per quarter and lunch would be catered.

For FY19 the start date of the advisory council would be February 28, 2019; therefore, FY19 is calculated at 6 months (2 meetings). Mileage was calculated by using an average from the Drug Utilization Review (DUR) board of 7 members that submitted expense reports. The mileage reimbursement for the state of Missouri is calculated at \$0.37 per mile.

Lodging was calculated by using the maximum paid by the state of Missouri of \$89.00 per night. Copies of the packets for the meeting were calculated by using the department max for color ink at \$0.05 per copy and for black and white at \$0.0082 per copy. Cost of paper is at a rate of \$0.05 per sheet. Packets used for the DUR board meeting consists of approximately 5 color slides and 100 sheets of paper.

The Department of Social Services assumes that costs for advisory council meetings would not be eligible for federal funding and, therefore, calculated all costs to be general revenue fund costs.

The DSS estimates the fiscal impact of this proposal to be \$4,296 for FY19 and \$8,593 for each FY20 and FY 21.

**Oversight** assumes the DSS could absorb this minimal fiscal impact within existing appropriation levels.

#### Section 1 Awareness Day

**Oversight** notes this proposal adds that the month of August shall be known and designated as Rare Disease Awareness Month. Oversight assumes this would not have a fiscal impact.
