AN ACT

Be it enacted by the General Assembly of the state of Missouri, as follows:

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted from the law. Matter in bold-face type in the above bill is proposed language.

285.700. 1. Sections 285.700 to 285.750 shall be known and may be cited as the "Professional Employer Organization Act".

2. The secretary of state or any person designated by the secretary of state may enforce the provisions of sections 285.700 to 285.750.

285.705. As used in sections 285.700 to 285.750, the following terms mean:

(1) "Client", any person who enters into a professional employer agreement with a PEO;

(2) "Coemployer", either a PEO or a client;

(3) "Coemployment relationship", a relationship that is intended to be an ongoing relationship rather than a temporary or project-specific relationship, wherein the rights, duties, and obligations of an employer that arise out of an employment relationship have been allocated between coemployers pursuant to a professional employer agreement and sections 285.700 to 285.750. In such a coemployment relationship:

(a) The PEO is entitled to enforce only such employer rights and is subject to only those obligations specifically allocated to the PEO by the professional employer agreement or sections 285.700 to 285.750;

(b) The client is entitled to enforce those rights and obligated to provide and perform those employer obligations allocated to such client by the professional employer agreement and sections 285.700 to 285.750; and

(c) The client is entitled to enforce any right and obligated to perform any obligation of an employer not specifically allocated to the PEO by the professional employer agreement or sections 285.700 to 285.750;

(4) "Covered employee", an individual having a coemployment relationship with a PEO and a client who meets the following criteria:

(a) The individual has received written notice of coemployment with the PEO; and
(b) The individual's coemployment relationship is pursuant to a professional employer agreement subject to sections 285.700 to 285.750.

Individuals who are officers, directors, shareholders, partners, and managers of the client will be covered employees, except to the extent the PEO and the client have expressly agreed in the professional employer agreement that such individuals would not be covered employees, provided such individuals meet the criteria of this subdivision and act as operational managers or perform day-to-day operational services for the client;

(5) "PEO group", any two or more PEOs that are majority owned or commonly controlled by the same entity, parent, or controlling person;

(6) "Person", any individual, partnership, corporation, limited liability company, association, or any other form of legally recognized entity;

(7) "Professional employer agreement", a written contract by and between a client and a PEO that provides:

(a) For the coemployment of covered employees;
(b) For the allocation of employer rights and obligations between the client and the PEO with respect to the covered employees; and
(c) That the PEO and the client assume the responsibilities required under sections 285.700 to 285.750;

(8) "Professional employer organization" or "PEO", any person engaged in the business of providing professional employer services. A person engaged in the business of providing professional employer services shall be subject to registration and regulation under sections 285.700 to 285.750 regardless of its use of the term or conducting business as a professional employer organization, staff leasing company, registered staff leasing company, employee leasing company, administrative employer, or any other name. The following shall not be deemed to be professional employer organizations or the providing of professional employment services for the purposes of sections 285.700 to 285.750:

(a) Arrangements wherein a person, whose principal business activity is not entering into professional employer arrangements and does not hold itself out as a PEO, shares employees with a commonly owned company within the meaning of Section 414(b) and (c) of the Internal Revenue Code of 1986, as amended;

(b) Independent contractor arrangements by which a person assumes responsibility for the product produced or service performed by such person or his or her agents and retains and exercises primary direction and control over the work performed by the individuals whose services are supplied under such arrangements; and

(c) Providing temporary help services;
(9) "Professional employer services", the service of entering into coemployment relationships under sections 285.700 to 285.750 in which all or a majority of the employees providing services to a client or to a division or work unit of a client are covered employees;

(10) "Registrant", a PEO registered under sections 285.700 to 285.750;

(11) "Temporary help services", services consisting of a person:

(a) Recruiting and hiring its own employees;

(b) Finding other organizations that need the services of those employees;

(c) Assigning those employees to perform work at or services for the other organizations to support or supplement the other organizations' workforces, or to provide assistance in special work situations including, but not limited to, employee absences, skill shortages, seasonal workloads, or to perform special assignments or projects; and

(d) Customarily attempting to reassign the employees to other organizations when they finish each assignment.

285.710. 1. Nothing contained in sections 285.700 to 285.750 or in any professional employer agreement shall affect, modify, or amend any collective bargaining agreement or the rights or obligations of any client, PEO, or covered employee under the federal National Labor Relations Act, the federal Railway Labor Act, or sections 105.500 to 105.530.

2. Nothing in sections 285.700 to 285.750 or in any professional employer agreement shall:

(1) Diminish, abolish, or remove rights of covered employees to a client or obligations of such client to a covered employee existing prior to the effective date of a professional employer agreement;

(2) Affect, modify, or amend any contractual relationship or restrictive covenant between a covered employee and any client in effect at the time a professional employer agreement becomes effective. A professional employer agreement shall also not prohibit or amend any contractual relationship or restrictive covenant that is entered into subsequently between a client or a covered employee. A PEO shall have no responsibility or liability in connection with, or arising out of, any such existing or new contractual relationship or restrictive covenant unless the PEO has specifically agreed otherwise in writing; or

(3) Create any new or additional enforceable right of a covered employee against a PEO that is not specifically provided by the professional employer agreement or sections 285.700 to 285.750.
3. Nothing contained in sections 285.700 to 285.750 or any professional employer agreement shall affect, modify, or amend any state, local, or federal licensing, registration, or certification requirement applicable to any client or covered employee.

4. A covered employee who shall be licensed, registered, or certified according to law or regulation is deemed solely an employee of the client for purposes of any such license, registration, or certification requirement.

5. A PEO shall not be deemed to engage in any occupation, trade, profession, or other activity that is subject to licensing, registration, or certification requirements, or is otherwise regulated by a governmental entity solely by entering into and maintaining a coemployment relationship with a covered employee who is subject to such requirements or regulation.

6. A client shall have the sole right of direction and control of the professional or licensed activities of covered employees and of the client's business. Such covered employees and clients shall remain subject to regulation by the regulatory or governmental entity responsible for licensing, registration, or certification of such covered employees or clients.

7. For purposes of the determination of tax credits, economic incentives, or other benefits provided by this state or any other government entity and based on employment, covered employees shall be deemed employees solely of the client. A client shall be entitled to the benefit of any tax credit, economic incentive, or other benefit arising as the result of the employment of covered employees of such client. Notwithstanding that the PEO is the W-2 reporting employer, the client shall continue to qualify for such benefit, incentive, or credit. If the grant or amount of any such benefit, incentive, or credit is based on the number of employees, then each client shall be treated as employing only those covered employees coemployed by the client. Covered employees working for other clients of the PEO shall not be counted. Each PEO shall provide, upon request by a client or an agency or department of this state, employment information reasonably required by any agency or department of this state responsible for administration of any such tax credit, economic incentive, or other benefit that is necessary to support any request, claim, application, or other action by a client seeking any such tax credit, economic incentive, or other benefit.

8. With respect to a bid, contract, purchase order, or agreement entered into with the state or a political subdivision of the state, a client company's status or certification as a minority business enterprise or a women's business enterprise, as those terms are defined in section 37.020, shall not be affected because the client company has entered into an agreement with a PEO or uses the services of a PEO.
285.715. 1. Except as otherwise provided in sections 285.700 to 285.750, no person shall provide, advertise, or otherwise hold itself out as providing professional employer services in this state, unless such person is registered under sections 285.700 to 285.750.

2. Each applicant for registration under sections 285.700 to 285.750 shall provide the secretary of state with the following information:

   (1) The name or names under which the PEO conducts business;

   (2) The address of the principal place of business of the PEO and the address of each office it maintains in this state;

   (3) The PEO's taxpayer or employer identification number;

   (4) A list by jurisdiction of each name under which the PEO has operated in the preceding five years, including any alternative names, names of predecessors, and, if known, successor business entities;

   (5) A statement of ownership, which shall include the name and evidence of the business experience of any person that, individually or acting in concert with one or more other persons, owns or controls, directly or indirectly, twenty-five percent or more of the equity interests of the PEO;

   (6) A statement of management, which shall include the name and evidence of the business experience of any person who serves as president, chief executive officer, or otherwise has the authority to act as senior executive officer of the PEO; and

   (7) A financial statement setting forth the financial condition of the PEO or PEO group. At the time of application for a new license, the applicant shall submit the most recent audit of the applicant, which shall not be older than thirteen months. Thereafter, a PEO or PEO group shall file on an annual basis, within one hundred eighty days after the end of the PEO’s or PEO group's fiscal year, a succeeding audit. An applicant may apply for an extension with the secretary of state, but any such request shall be accompanied by a letter from the auditors stating the reasons for the delay and the anticipated audit completion date. The financial statement shall be prepared in accordance with generally accepted accounting principles and audited by an independent certified public accountant licensed to practice in the jurisdiction in which such accountant is located and shall be without qualification as to the going concern status of the PEO. A PEO or PEO group may submit combined or consolidated audited financial statements to meet the requirements of this section. A PEO that has not had sufficient operating history to have audited financials based upon at least twelve months of operating history shall meet the financial capacity requirements of sections 285.700 to 285.750 and present financial statements reviewed by a certified public accountant.
3. (1) Each PEO operating within this state as of the effective date of sections 285.700 to 285.750 shall complete its initial registration not later than one hundred eighty days after the effective date of sections 285.700 to 285.750. Such initial registration shall be valid until one hundred eighty days from the end of the PEO's first fiscal year that is more than one year after the effective date of sections 285.700 to 285.750.

(2) Each PEO not operating within this state as of the effective date of sections 285.700 to 285.750 shall complete its initial registration prior to initiating operations within this state. In the event a PEO not registered in this state becomes aware that an existing client not based in this state has employees and operations in this state, the PEO shall either decline to provide PEO services for those employees or notify the secretary of state within five business days of its knowledge of this fact and file a limited registration application under subsection 6 of this section or a full business registration if there are more than fifty covered employees. The secretary of state may issue an interim operating permit for the period the registration applications are pending if the PEO is currently registered or licensed by another state and the secretary of state determines it to be in the best interest of the potential covered employees.

4. Within one hundred eighty days after the end of a registrant's fiscal year, such registrant shall renew its registration by notifying the secretary of state of any changes in the information provided in such registrant's most recent registration or renewal. A registrant's existing registration shall remain in effect during the pendency of a renewal application.

5. PEOs in a PEO group may satisfy the reporting and financial requirements of sections 285.700 to 285.750 on a combined or consolidated basis, provided that each member of the PEO group guarantees the financial capacity obligations under sections 285.700 to 285.750 of each other member of the PEO group. In the case of a PEO or PEO group that submits a combined or consolidated audited financial statement including entities that are not PEOs or that are not in the PEO group, the controlling entity of the PEO group under the consolidated or combined statement shall guarantee the obligations of the PEOs in the PEO group.

6. (1) A PEO is eligible for a limited registration under sections 285.700 to 285.750 if such PEO:

(a) Submits a properly executed request for limited registration on a form provided by the secretary of state;

(b) Is domiciled outside this state and is licensed or registered as a professional employer organization in another state;
(c) Does not maintain an office in this state or directly solicit clients located or
domiciled within this state; and
(d) Does not have more than fifty covered employees employed or domiciled in this
state on any given day.

(2) A limited registration is valid for one year, and may be renewed.
(3) A PEO seeking limited registration under this section shall provide the secretary
of state with information and documentation necessary to show that the PEO qualifies for
a limited registration.
(4) The provisions of section 285.725 shall not apply to applicants for limited
registration.

7. The secretary of state shall maintain a list of professional employer organizations
registered under sections 285.700 to 285.750 that is readily available to the public by
electronic or other means.
8. The secretary of state may produce forms necessary to promote the efficient
administration of this section.
9. The secretary of state shall, to the extent practical, permit the acceptance of
electronic filings in conformance with sections 432.200 to 432.295, including applications,
documents, reports, and other filings required by sections 285.700 to 285.750. The
secretary of state may provide for the acceptance of electronic filings and other assurance
by an independent and qualified assurance organization approved by the secretary of state
that provides satisfactory assurance of compliance acceptable to the secretary of state
consistent with or in lieu of the requirements of sections 285.715 and 285.725 and other
requirements of sections 285.700 to 285.750. The secretary of state shall permit a PEO to
authorize such an approved assurance organization to act on the PEO's behalf in
complying with the registration requirements of sections 285.700 to 285.750, including
electronic filings of information and payment of registration fees. Use of such an approved
assurance organization shall be optional and not mandatory for a registrant. Nothing in
this subsection shall limit or change the secretary of state's authority to register or
terminate registration of a professional employer organization or to investigate or enforce
any provision of sections 285.700 to 285.750.
10. All records, reports, and other information obtained from a PEO under sections
285.700 to 285.750, except to the extent necessary for the proper administration of sections
285.700 to 285.750 by the secretary of state, shall be confidential and shall not be
considered a "public record" as that term is defined in section 610.010.

285.720. 1. Upon filing an initial registration statement under sections 285.700 to
285.750, a PEO shall pay an initial registration fee not to exceed five hundred dollars.
2. Upon each annual renewal of a registration statement filed under sections 285.700 to 285.750, a PEO shall pay a renewal fee not to exceed two hundred fifty dollars.

3. The secretary of state shall determine any fee to be charged for a group registration.

4. Each PEO seeking limited registration shall pay a fee in the amount not to exceed two hundred fifty dollars upon initial application for limited registration and upon each renewal of such limited registration.

5. No fee charged under sections 285.700 to 285.750 shall exceed the amount reasonably necessary for the administration of sections 285.700 to 285.750.

285.725. Except as provided by 285.715, each PEO or collectively each PEO group shall maintain either:

1. Positive working capital as defined by generally accepted accounting principles at registration as reflected in the financial statements submitted to the secretary of state with the initial registration and each annual renewal; or

2. A PEO or PEO group that does not have positive working capital may provide a bond, irrevocable letter of credit, or securities with a minimum market value equaling the deficiency plus one hundred thousand dollars to the secretary of state. Such bond is to be held by a depository designated by the secretary of state securing payment by the PEO of all taxes, wages, benefits, or other entitlement due to or with respect to covered employees if the PEO does not make such payments when due.

285.730. 1. Except as specifically provided in sections 285.700 to 285.750 or in the professional employer agreement, in each coemployment relationship:

1. The client shall be entitled to exercise all rights, and shall be obligated to perform all duties and responsibilities otherwise applicable to an employer in an employment relationship;

2. The PEO shall be entitled to exercise only those rights and obligated to perform only those duties and responsibilities specifically required under sections 285.700 to 285.750 or set forth in the professional employer agreement. The rights, duties, and obligations of the PEO as coemployer with respect to any covered employee shall be limited to those arising pursuant to the professional employer agreement and sections 285.700 to 285.750 during the term of coemployment by the PEO of such covered employee; and

3. Unless otherwise expressly agreed by the PEO and the client in a professional employer agreement, the client retains the exclusive right to direct and control the covered employees as is necessary to conduct the client's business, to discharge any of the client's fiduciary responsibilities, or to comply with any licensure requirements applicable to the client or to the covered employees.
2. Except as specifically provided under sections 285.700 to 285.750, the coemployment relationship between the client and the PEO and between each coemployer and each covered employee shall be governed by the professional employer agreement. Each professional employer agreement shall include the following:

   (1) The allocation of rights, duties, and obligations as described in subsection 1 of this section;

   (2) A requirement that the PEO shall have responsibility to:

      (a) Pay wages to covered employees;

      (b) Withhold, collect, report, and remit payroll-related and unemployment taxes; and

      (c) To the extent the PEO has assumed responsibility in the professional employer agreement, to make payments for employee benefits for covered employees.

As used in this section, the term "wages" does not include any obligation between a client and a covered employee for payments beyond or in addition to the covered employee's salary, draw, or regular rate of pay, such as bonuses, commissions, severance pay, deferred compensation, profit sharing, vacation, sick, or other paid-time off pay, unless the PEO has expressly agreed to assume liability for such payments in the professional employer agreement; and

   (3) A requirement that the PEO shall have a right to hire, discipline, and terminate a covered employee as may be necessary to fulfill the PEO's responsibilities under sections 285.700 to 285.750 and the professional employer agreement. The client shall have a right to hire, discipline, and terminate a covered employee.

3. With respect to each professional employer agreement entered into by a PEO, such PEO shall provide written notice to each covered employee affected by such agreement of the general nature of the coemployment relationship between and among the PEO, the client, and such covered employee.

4. Except to the extent otherwise expressly provided by the applicable professional employer agreement:

   (1) A client shall be solely responsible for the quality, adequacy, or safety of the goods or services produced or sold in the client's business;

   (2) A client shall be solely responsible for directing, supervising, training, and controlling the work of the covered employees with respect to the business activities of the client and solely responsible for the acts, errors, or omissions of the covered employees with regard to such activities;
(3) A client shall not be liable for the acts, errors, or omissions of a PEO or of any covered employee of the client and a PEO if such covered employee is acting under the express direction and control of the PEO;

(4) A PEO shall not be liable for the acts, errors, or omissions of a client or of any covered employee of the client if such covered employee is acting under the express direction and control of the client;

(5) Nothing in this subsection shall serve to limit any contractual liability or obligation specifically provided in the written professional employer agreement; and

(6) A covered employee is not, solely as the result of being a covered employee of a PEO, an employee of the PEO for purposes of general liability insurance, fidelity bonds, surety bonds, employer's liability that is not covered by workers' compensation, or liquor liability insurance carried by the PEO unless the covered employees are included by specific reference in the professional employer agreement and applicable prearranged employment contract, insurance contract, or bond.

5. A PEO under sections 285.700 to 285.750 is not engaged in the sale of insurance or in acting as a third party administrator by offering, marketing, selling, administering, or providing professional employer services that include services and employee benefit plans for covered employees. The provisions of this section shall not supersede or preempt any requirements under section 375.014.

6. For purposes of this state or any county, municipality, or other political subdivision thereof:

(1) Any tax or assessment imposed upon professional employer services or any business license or other fee that is based upon "gross receipts" shall allow a deduction from the gross income or receipts of the business derived from performing professional employer services that is equal to that portion of the fee charged to a client that represents the actual cost of wages and salaries, benefits, payroll taxes, withholding, or other assessments paid to or on behalf of a covered employee by the professional employer organization under a professional employer agreement;

(2) Any tax assessed or assessment or mandated expenditure on a per capita or per employee basis shall be assessed against the client for covered employees and against the professional employer organization for its employees who are not covered employees coemployed with a client. Benefits or monetary consideration that meet the requirements of mandates imposed on a client and that are received by covered employees through the PEO either through payroll or through benefit plans sponsored by the PEO shall be credited against the client's obligation to fulfill such mandates; and
(3) In the case of a tax or an assessment imposed or calculated upon the basis of total payroll, the professional employer organization shall be eligible to apply any small business allowance or exemption available to the client for the covered employees for purposes of computing the tax.

285.740. 1. The responsibility to obtain workers' compensation coverage for covered employees in compliance with all applicable laws shall be specifically allocated in the professional employer agreement to either the client or the PEO.

2. (1) Coverage for both the directly employed workers of a client and the covered employees of that client shall be all in the residual or all in the voluntary market with the same carrier.

(2) Workers' compensation coverage for covered employees in the voluntary market may be obtained by either:

(a) The client through a standard workers' compensation policy or through duly authorized self-insurance under section 287.280; or

(b) The PEO through duly authorized self insurance under section 287.280, through the type of policy referenced under the provisions of 20 CSR 500-6.800(5)(c)2 issued to the PEO by a carrier authorized to do business in this state, or through a multiple coordinated workers' compensation policy issued by a carrier authorized to do business in this state in the name of the PEO or the client.

A PEO authorized to self-insure under section 287.280 shall report to the insurer or the appropriate state and rating authorities such client-based information as is necessary to maintain the client's experience rating.

(3) Workers' compensation for covered employees in the residual market may be obtained by the client through a residual market policy or by the PEO through a multiple coordinated policy in either the name of the PEO or the client that provides to the appropriate state and rating authorities the client-based information satisfactory to maintain the client's experience rating.

3. A PEO that applies for coverage or is covered through the voluntary market shall also maintain and furnish to the insurer sufficient information to permit the calculation of an experience modification factor for each client upon termination of the coemployment relationship. Information reported during the term of the coemployment relationship which is used to calculate an experience modification factor for a client prior to and upon termination of the professional employer agreement shall continue to be used in the future experience ratings of the PEO. Such information shall include:

(1) The client's corporate name;
(2) The client's taxpayer or employer identification number;
(3) Payroll summaries and class codes applicable to each client, and, if requested by the insurer, a listing of all covered employees associated with a given client; and
(4) Claims information grouped by client, and any other information maintained by or readily available to the PEO that is necessary for the calculation of an experience modification factor for each client.

4. In addition to any other provision of chapter 287, any material violations of this section by a PEO is grounds for cancellation or nonrenewal of the PEO's insurance policy by the insurer. If a PEO has received notice that its workers' compensation insurance policy will be canceled or nonrenewed, the PEO shall notify by certified mail, within ten days after the receipt of the notice, all of the clients for which there is a coemployment relationship covered under the policy to be canceled, provided that notice shall not be required if the PEO has obtained another insurance policy from a carrier authorized to do business in this state, with an effective date that is the same as the date of cancellation or nonrenewal.

5. If the coemployment relationship with a client is terminated, the client shall utilize an experience modification factor which reflects its individual experience, including, if applicable, experience incurred for covered employees under the professional employer agreement. The PEO shall provide to the client the client's information that is maintained under subsection 3 of this section within five business days of receiving notice from the client or within five business days of providing notice to the client that the coemployment relationship will terminate. The PEO shall also provide such information to any future client insurer, if requested by such client. The PEO shall notify the insurer of its intent to terminate any client relationship prior to termination when feasible. When prior notice is not feasible, the PEO shall notify its insurer within five business days following actual termination.

6. Both the client and the PEO shall be considered the employer for purposes of coverage under chapter 287. The protection of the exclusive remedy provision under section 287.120 shall apply to the PEO, the client, and to all covered employees and other employees of the client irrespective of which coemployer obtains such workers' compensation coverage. Nothing in this section shall be construed to exempt either the client or the PEO from compliance with the provisions of chapter 287.

7. A client may request the information maintained under subsection 3 of this section at any time and every PEO shall provide that information to such client within five business days of receiving such a request.
8. In the case of a request for information by a third party requesting verification of a client's experience modification factor for a client in the type of policy referenced under the provisions of 20 CSR 500-6.800(5)(c)2, the PEO shall, within five business days of receipt of receiving the client's consent, provide such third party with only the information maintained by the PEO under subsection 3 of this section. If a client refuses to grant consent to a request for information under this subsection, the PEO shall notify the requesting third party that the client has refused to consent to the disclosure of the information maintained by the PEO under subsection 3 of this section.

9. A client shall provide any prospective insurer with the information maintained by the PEO under subsection 3 of this section upon receiving such information from the PEO. Failure to provide a future insurer with such information shall be considered a violation of subsection 6 of section 287.128.

10. (1) A client shall notify any prospective insurer of the client's previous or current relationship with a PEO. Failure to provide a future insurer with such information shall be considered a violation of subsection 6 of section 287.128.

(2) This subsection shall not apply if the PEO did not provide workers' compensation coverage to a client during the coemployment relationship.

11. For purposes of chapter 288, a PEO registered under sections 285.700 to 285.750 shall be treated as a "lesser employing unit" under section 288.032.

285.750. 1. A person shall not knowingly:

(1) Offer or provide professional employer services or use the names PEO, professional employer organization, staff leasing, employee leasing, administrative employer, or other title representing professional employer services without first becoming registered under sections 285.700 to 285.750; or

(2) Provide false or fraudulent information to the secretary of state in conjunction with any registration, renewal, or in any report required under sections 285.700 to 285.750.

2. Disciplinary action shall be taken by the secretary of state for violation of this section for:

(1) The conviction of a professional employer organization or a controlling person of a PEO of a crime that relates to the operation of a PEO or the ability of the licensee or a controlling person of a licensee to operate a PEO;

(2) Knowingly making a material misrepresentation to the secretary of state or other governmental agency; or

(3) A willful violation of sections 285.700 to 285.750 or any order issued by the secretary of state under sections 285.700 to 285.750.
3. Upon finding, after notice and opportunity for hearing, that a PEO, a controlling person of a PEO, or a person offering PEO services has violated one or more provisions of this section and subject to appeal, the secretary of state may:

1. Deny an application for a license;
2. Revoke, restrict, or refuse to renew a license;
3. Impose an administrative penalty in an amount not to exceed one thousand dollars for each material violation;
4. Place the licensee on probation for the period and subject to conditions that the secretary of state specifies; or
5. Issue a cease and desist order.

324.001. 1. For the purposes of this section, the following terms mean:

1. "Department", the department of insurance, financial institutions and professional registration;
2. "Director", the director of the division of professional registration; and
3. "Division", the division of professional registration.

2. There is hereby established a "Division of Professional Registration" assigned to the department of insurance, financial institutions and professional registration as a type III transfer, headed by a director appointed by the governor with the advice and consent of the senate. All of the general provisions, definitions and powers enumerated in section 1 of the Omnibus State Reorganization Act of 1974 and Executive Order 06-04 shall apply to this department and its divisions, agencies, and personnel.

3. The director of the division of professional registration shall promulgate rules and regulations which designate for each board or commission assigned to the division the renewal date for licenses or certificates. After the initial establishment of renewal dates, no director of the division shall promulgate a rule or regulation which would change the renewal date for licenses or certificates if such change in renewal date would occur prior to the date on which the renewal date in effect at the time such new renewal date is specified next occurs. Each board or commission shall by rule or regulation establish licensing periods of one, two, or three years. Registration fees set by a board or commission shall be effective for the entire licensing period involved, and shall not be increased during any current licensing period. Persons who are required to pay their first registration fees shall be allowed to pay the pro rata share of such fees for the remainder of the period remaining at the time the fees are paid. Each board or commission shall provide the necessary forms for initial registration, and thereafter the director may prescribe standard forms for renewal of licenses and certificates. Each board or commission shall by rule and regulation require each applicant to provide the information which is required to keep the board's records current. Each board or commission shall have the authority to collect
and analyze information required to support workforce planning and policy development. Such
information shall not be publicly disclosed so as to identify a specific health care provider, as
defined in section 376.1350. Each board or commission shall issue the original license or
certificate.

4. The division shall provide clerical and other staff services relating to the issuance and
renewal of licenses for all the professional licensing and regulating boards and commissions
assigned to the division. The division shall perform the financial management and clerical
functions as they each relate to issuance and renewal of licenses and certificates. "Issuance and
renewal of licenses and certificates" means the ministerial function of preparing and delivering
licenses or certificates, and obtaining material and information for the board or commission in
connection with the renewal thereof to include verifying if the applicant has submitted all
required documentation and that the documentation is legible. It does not include any
discretionary authority with regard to the original review of an applicant's qualifications for
licensure or certification, or the subsequent review of licensee's or certificate holder's
qualifications, or any disciplinary action contemplated against the licensee or certificate holder.
The division may develop and implement microfilming systems and automated or manual
management information systems.

5. The director of the division shall maintain a system of accounting and budgeting, in
cooperation with the director of the department, the office of administration, and the state
auditor's office, to ensure proper charges are made to the various boards for services rendered
to them. The general assembly shall appropriate to the division and other state agencies from
each board's funds moneys sufficient to reimburse the division and other state agencies for all
services rendered and all facilities and supplies furnished to that board.

6. For accounting purposes, the appropriation to the division and to the office of
administration for the payment of rent for quarters provided for the division shall be made from
the "Professional Registration Fees Fund", which is hereby created, and is to be used solely for
the purpose defined in subsection 5 of this section. The fund shall consist of moneys deposited
into it from each board's fund. Each board shall contribute a prorated amount necessary to fund
the division for services rendered and rent based upon the system of accounting and budgeting
established by the director of the division as provided in subsection 5 of this section. Transfers
of funds to the professional registration fees fund shall be made by each board on July first of
each year; provided, however, that the director of the division may establish an alternative date
or dates of transfers at the request of any board. Such transfers shall be made until they equal
the prorated amount for services rendered and rent by the division. The provisions of section
33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed
to the credit of general revenue.
7. The director of the division shall be responsible for collecting and accounting for all moneys received by the division or its component agencies. Any money received by a board or commission shall be promptly given, identified by type and source, to the director. The director shall keep a record by board and state accounting system classification of the amount of revenue the director receives. The director shall promptly transmit all receipts to the department of revenue for deposit in the state treasury to the credit of the appropriate fund. The director shall provide each board with all relevant financial information in a timely fashion. Each board shall cooperate with the director by providing necessary information.

8. All educational transcripts, test scores, complaints, investigatory reports, and information pertaining to any person who is an applicant or licensee of any agency assigned to the division of professional registration by statute or by the department are confidential and may not be disclosed to the public or any member of the public, except with the written consent of the person whose records are involved. The agency which possesses the records or information shall disclose the records or information if the person whose records or information is involved has consented to the disclosure. Each agency is entitled to the attorney-client privilege and work-product privilege to the same extent as any other person. Provided, however, that any board may disclose confidential information without the consent of the person involved in the course of voluntary interstate exchange of information, or in the course of any litigation concerning that person, or pursuant to a lawful request, or to other administrative or law enforcement agencies acting within the scope of their statutory authority. Information regarding identity, including names and addresses, registration, and currency of the license of the persons possessing licenses to engage in a professional occupation and the names and addresses of applicants for such licenses is not confidential information.

9. Any deliberations conducted and votes taken in rendering a final decision after a hearing before an agency assigned to the division shall be closed to the parties and the public. Once a final decision is rendered, that decision shall be made available to the parties and the public.

10. A compelling governmental interest shall be deemed to exist for the purposes of section 536.025 for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the division of professional registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue.

11. (1) The following boards and commissions are assigned by specific type transfers to the division of professional registration: Missouri state board of accountancy, chapter 326; board of cosmetology and barber examiners, chapters 328 and 329; Missouri board for architects, professional engineers, professional land surveyors and landscape architects, chapter 327; Missouri state board of chiropractic examiners, chapter 331; state board of registration for the
healing arts, chapter 334; Missouri dental board, chapter 332; state board of embalmers and
funeral directors, chapter 333; state board of optometry, chapter 336; Missouri state board of
nursing, chapter 335; board of pharmacy, chapter 338; state board of podiatric medicine, chapter
330; Missouri real estate appraisers commission, chapter 339; and Missouri veterinary medical
board, chapter 340. The governor shall appoint members of these boards by and with the advice
and consent of the senate.

(2) The boards and commissions assigned to the division shall exercise all their
respective statutory duties and powers, except those clerical and other staff services involving
collecting and accounting for moneys and financial management relating to the issuance and
renewal of licenses, which services shall be provided by the division, within the appropriation
thereof. Nothing herein shall prohibit employment of professional examining or testing services
from professional associations or others as required by the boards or commissions on contract.
Nothing herein shall be construed to affect the power of a board or commission to expend its
funds as appropriated. However, the division shall review the expense vouchers of each board.
The results of such review shall be submitted to the board reviewed and to the house and senate
appropriations committees annually.

(3) Notwithstanding any other provisions of law, the director of the division shall
exercise only those management functions of the boards and commissions specifically provided
in the Reorganization Act of 1974, and those relating to the allocation and assignment of space,
personnel other than board personnel, and equipment.

(4) "Board personnel", as used in this section or chapters 317, 326, 327, 328, 329, 330,
331, 332, 333, 334, 335, 336, 337, 338, 339, 340, and 345, shall mean personnel whose functions
and responsibilities are in areas not related to the clerical duties involving the issuance and
renewal of licenses, to the collecting and accounting for moneys, or to financial management
relating to issuance and renewal of licenses; specifically included are executive secretaries (or
comparable positions), consultants, inspectors, investigators, counsel, and secretarial support
staff for these positions; and such other positions as are established and authorized by statute for
a particular board or commission. Boards and commissions may employ legal counsel, if
authorized by law, and temporary personnel if the board is unable to meet its responsibilities with
the employees authorized above. Any board or commission which hires temporary employees
shall annually provide the division director and the appropriation committees of the general
assembly with a complete list of all persons employed in the previous year, the length of their
employment, the amount of their remuneration, and a description of their responsibilities.

(5) Board personnel for each board or commission shall be employed by and serve at the
pleasure of the board or commission, shall be supervised as the board or commission designates,
and shall have their duties and compensation prescribed by the board or commission, within
appropriations for that purpose, except that compensation for board personnel shall not exceed that established for comparable positions as determined by the board or commission pursuant to the job and pay plan of the department of insurance, financial institutions and professional registration. Nothing herein shall be construed to permit salaries for any board personnel to be lowered except by board action.

12. All the powers, duties, and functions of the division of athletics, chapter 317, and others, are assigned by type I transfer to the division of professional registration.

13. Wherever the laws, rules, or regulations of this state make reference to the division of professional registration of the department of economic development, such references shall be deemed to refer to the division of professional registration.

14. (1) The state board of nursing, board of pharmacy, Missouri dental board, state committee of psychologists, state board of chiropractic examiners, state board of optometry, Missouri board of occupational therapy, or state board of registration for the healing arts may individually or collectively enter into a contractual agreement with the department of health and senior services, a public institution of higher education, or a nonprofit entity for the purpose of collecting and analyzing workforce data from its licensees, registrants, or permit holders for future workforce planning and to assess the accessibility and availability of qualified health care services and practitioners in Missouri. The boards shall work collaboratively with other state governmental entities to ensure coordination and avoid duplication of efforts.

(2) The boards may expend appropriated funds necessary for operational expenses of the program formed under this subsection. Each board is authorized to accept grants to fund the collection or analysis authorized in this subsection. Any such funds shall be deposited in the respective board's fund.

(3) Data collection shall be controlled and approved by the applicable state board conducting or requesting the collection. Notwithstanding the provisions of sections 324.010 and 334.001, the boards may release identifying data to the contractor to facilitate data analysis of the health care workforce including, but not limited to, geographic, demographic, and practice or professional characteristics of licensees. The state board shall not request or be authorized to collect income or other financial earnings data.

(4) Data collected under this subsection shall be deemed the property of the state board requesting the data. Data shall be maintained by the state board in accordance with chapter 610, provided that any information deemed closed or confidential under subsection 8 of this section or any other provision of state law shall not be disclosed without consent of the applicable licensee or entity or as otherwise authorized by law. Data shall only be released in an aggregate form by geography, profession or professional specialization, or population characteristic in a
manner that cannot be used to identify a specific individual or entity. Data suppression standards shall be addressed and established in the contractual agreement.

(5) Contractors shall maintain the security and confidentiality of data received or collected under this subsection and shall not use, disclose, or release any data without approval of the applicable state board. The contractual agreement between the applicable state board and contractor shall establish a data release and research review policy to include legal and institutional review board, or agency-equivalent, approval.

(6) Each board may promulgate rules subject to the provisions of this subsection and chapter 536 to effectuate and implement the workforce data collection and analysis authorized by this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

324.013. 1. For purposes of this section, the following terms mean:

   (1) "License", a license, certificate, registration, permit, or accreditation that enables a person to legally practice an occupation, profession, or activity in the state;

   (2) "Oversight body", any board, department, agency, or office of the state that issues licenses. The term "oversight body" shall not include any political subdivision.

2. An oversight body shall not deny any person eighteen years of age or older a license on the basis of age unless the license enables a person to operate a school bus owned by or under contract with a public school or the state board of education, transport hazardous material, use explosives, or engage in any activity associated with gaming.

324.046. 1. For the purposes of this section, the term "health care professional" shall mean a physician, other health care practitioner, or mental health professional licensed, accredited, or certified by the state of Missouri to perform specified health services.

2. Any health care professional in the state of Missouri may annually complete training in the areas of suicide assessment, referral, treatment, and management, which may qualify as part of the continuing education requirements for his or her licensure.

324.047. 1. The purpose of this section is to promote general welfare by establishing guidelines for the regulation of occupations and professions not regulated prior to January 1, 2019, and guidelines for combining any additional occupations or professions under a single license regulated by the state prior to January 1, 2019.
2. For purposes of this section, the following terms mean:

1. "Applicant group", any occupational or professional group or organization, any individual, or any other interested party that seeks to be licensed or further regulated or supports any bill that proposes to combine any additional occupations or professions under a single license regulated by the state prior to January 1, 2019;

2. "Certification", a program in which the government grants nontransferable recognition to an individual who meets personal qualifications established by a regulatory entity. Upon approval, the individual may use "certified" as a designated title. This term shall not be synonymous with an occupational license;

3. "Department", the department of insurance, financial institutions and professional registration;

4. "Director", the director of the division of professional registration;

5. "Division", the division of professional registration;

6. "General welfare", the concern of the government for the health, peace, morality, and safety of its residents;

7. "Lawful occupation", a course of conduct, pursuit, or profession that includes the sale of goods or services that are not themselves illegal to sell irrespective of whether the individual selling them is subject to an occupational regulation;

8. "Least restrictive type of occupational regulation", the regulation that is least restrictive, in which the following list of regulations in order from least to most restrictive is used to make such determination:

   a. Bonding or insurance;
   b. Registration;
   c. Certification;
   d. Occupational license;

9. "Occupational license", a nontransferable authorization in law for an individual to perform a lawful occupation for compensation based on meeting personal qualifications established by a regulatory entity and that, if not possessed, prohibits the individual from performing the occupation for compensation;

10. "Occupational regulation", a statute, ordinance, rule, practice, policy, or other law requiring an individual to possess certain personal qualifications to work in a lawful occupation;

11. "Personal qualifications", criteria related to an individual's personal background, including completion of an approved educational program, satisfactory performance on an examination, work experience, criminal history, and completion of continuing education;
"Practitioner", an individual who has achieved knowledge and skill by practice and is actively engaged in a specified occupation or profession;

(13) "Registration", a requirement established by the general assembly in which an individual:
(a) Submits notification to a state agency; and
(b) May use "registered" as a designated title.

Notification may include the individual's name and address, the individual's agent for service of process, the location of the activity to be performed, and a description of the service the individual provides. Registration may include a requirement to post a bond but does not include education or experience requirements. If the requirement of registration is not met, the individual is prohibited from performing the occupation for compensation or using "registered" as a designated title. The term "registration" shall not be synonymous with an occupational license;

(14) "Regulatory entity", any board, commission, agency, division, or other unit or subunit of state government that regulates one or more professions, occupations, industries, businesses, or other endeavors in this state;

(16) "Substantial burden", a requirement in an occupational regulation that imposes significant difficulty or cost on an individual seeking to enter into or continue in a lawful occupation and is more than an incidental burden.

3. All individuals may engage in the occupation of their choice, free from unreasonable government regulation. The state shall not impose a substantial burden on an individual's pursuit of his or her occupation or profession unless there is a reasonable interest for the state to protect the general welfare. If such an interest exists, the regulation adopted by the state shall be the least restrictive type of occupational regulation consistent with the public interest to be protected.

4. All bills introduced in the general assembly to regulate, pursuant to subsection 6 of this section, an occupation or profession shall be reviewed according to the following criteria. An occupation or profession shall be regulated by the state if:
(1) Unregulated practice could cause harm and endanger the general welfare, and the potential for further harm and endangerment is recognizable;
(2) The public can reasonably be expected to benefit from an assurance of personal qualifications; and
(3) The general welfare cannot be sufficiently protected by other means.

5. After evaluating the criteria in subdivision (3) of this subsection and considering governmental, economic, and societal costs and benefits, if the general assembly finds that the state has a reasonable interest in regulating, pursuant to subsection 6 of this section, an occupation or profession not previously regulated by law, the most efficient form of regulation shall be implemented, consistent with this section and with the need to protect the general welfare, as follows:

   (1) If the threat to the general welfare resulting from the practitioner's services is easily predictable, the regulation shall implement a system of insurance, bonding, or registration;

   (2) If the consumer has challenges accessing credentialing information or possesses significantly less information on how to report abuses such that the practitioner puts the consumer in a disadvantaged position relative to the practitioner to judge the quality of the practitioner's services, the regulation shall implement a system of certification; and

   (3) If other regulatory structures, such as bonding, insurance, registration, and certification, insufficiently protect the general welfare from recognizable harm, the regulation shall implement a system of licensing.

6. After January 1, 2019, any relevant regulatory entity shall report, and the department shall make available to the general assembly, upon the filing of a bill that proposes additional regulation of a profession or occupation currently regulated by the regulatory entity, the following factors to the department:

   (1) A description of the professional or occupational group proposed for expansion of regulation, including the number of individuals or business entities that would be subject to regulation to the extent that such information is available; the names and addresses of associations, organizations, and other groups representing the practitioners; and an estimate of the number of practitioners in each group;

   (2) Whether practice of the profession or occupation proposed for expansion of regulation requires such a specialized skill that the public is not qualified to select a competent practitioner without assurances that minimum qualifications have been met;

   (3) The nature and extent of potential harm to the public if the profession or occupation is not regulated as described in the bill, the extent to which there is a threat to the general welfare, and production of evidence of potential harm, including a description of any complaints filed with state law enforcement authorities, courts, departmental agencies, professional or occupational boards, and professional and occupational associations that have been lodged against practitioners of the profession or occupation in this state within the past five years. Notwithstanding the provisions of this section or any
other section, the relevant regulatory entity shall provide, and the department shall make available to the general assembly, the information relating to such complaints even if the information is considered a closed record or otherwise confidential; except that, the regulatory entity and the department shall redact names and other personally identifiable information from the information released;

(4) A description of the voluntary efforts made by practitioners of the profession or occupation to protect the public through self-regulation, private certifications, membership in professional or occupational associations, or academic credentials and a statement of why these efforts are inadequate to protect the public;

(5) The extent to which expansion of regulation of the profession or occupation will increase the cost of goods or services provided by practitioners and the overall cost-effectiveness and economic impact of the proposed regulation, including the direct cost to the government and the indirect costs to consumers;

(6) The extent to which expansion of regulation of the profession or occupation would increase or decrease the availability of services to the public;

(7) The extent to which existing legal remedies are inadequate to prevent or redress the kinds of harm potentially resulting from the lack of the requirements outlined in the bill;

(8) Why bonding and insurance, registration, certification, occupational license to practice, or another type of regulation is being proposed, why that regulatory alternative was chosen, and whether the proposed method of regulation is appropriate;

(9) A list of other states that regulate the profession or occupation, the type of regulation, copies of other states' laws, and available evidence from those states of the effect of regulation on the profession or occupation in terms of a before-and-after analysis;

(10) The details of any previous efforts in this state to implement regulation of the profession or occupation;

(11) Whether the proposed requirements for regulation exceed the national industry standards of minimal competence, if such standards exist, and what those standards are if they exist; and

(12) The method proposed to finance the proposed regulation and financial data pertaining to whether the proposed regulation can be reasonably financed by current or proposed licensees through dedicated revenue mechanisms.

7. If no existing regulatory entity regulates the occupation or profession to be regulated in the bill, the department shall report and make available to the general assembly, upon the filing of a bill after January 1, 2019, that proposes new regulation of a profession or occupation, the following factors:
A description of the professional or occupational group proposed for regulation, including the number of individuals or business entities that would be subject to regulation to the extent that such information is available; the names and addresses of associations, organizations, and other groups representing the practitioners; and an estimate of the number of practitioners in each group;

(2) The nature and extent of potential harm to the public if the profession or occupation is not regulated, the extent to which there is a threat to the general welfare, and production of evidence of potential harm, including a description of any complaints filed with state law enforcement authorities, courts, departmental agencies, professional or occupational boards, and professional and occupational associations that have been lodged against practitioners of the profession or occupation in this state within the past five years. Notwithstanding the provisions of this section or any other section, the department shall release the information relating to such complaints even if the information is considered a closed record or otherwise confidential; except that, the department shall redact names and other personally identifiable information from the information released;

(3) A list of other states that regulate the profession or occupation, the type of regulation, copies of other states' laws, and available evidence from those states of the effect of regulation on the profession or occupation in terms of a before-and-after analysis;

(4) The details of any previous efforts in this state to implement regulation of the profession or occupation; and

(5) Whether the proposed requirements for regulation exceed the national industry standards of minimal competence, if such standards exist, and what those standards are if they exist.

8. After January 1, 2019, applicant groups may report to the department, and the department shall make available to the general assembly, any of the information required in subsection 6 or 7 of this section and whether the profession or occupation plans to apply for mandated benefits.

324.200. 1. Sections 324.200 to 324.225 shall be known and may be cited as the "Dietitian Practice Act".
2. As used in sections 324.200 to 324.225, the following terms shall mean:
(1) "Commission on Accreditation for Dietetics Education (CADE)", the American Dietetic Association's Accreditation Council for Education in Nutrition and Dietetics or "ACEND", the Academy of Nutrition and Dietetics accrediting agency for education programs preparing students for professions as registered dietitians;
(2) "Committee", the state committee of dietitians established in section 324.203;
"Dietetics practice", the application of principles derived from integrating knowledge
of food, nutrition, biochemistry, physiology, management, and behavioral and social science to
achieve and maintain the health of people by providing nutrition assessment and nutrition care
services. The primary function of dietetic practice is the provision of nutrition care services that
shall include, but not be limited to:
(a) Assessing the nutrition needs of individuals and groups and determining resources
and constraints in the practice setting;
(b) Establishing priorities, goals, and objectives that meet nutrition needs and are
consistent with available resources and constraints;
(c) Providing nutrition counseling or education in health and disease;
(d) Developing, implementing, and managing nutrition care systems;

(4) "Dietitian", one engaged in dietetic practice as defined in subdivision (3) of this
section;
(5) "Director", the director of the division of professional registration;
(6) "Division", the division of professional registration;
(7) "Licensed dietitian", a person who is licensed pursuant to the provisions of sections
324.200 to 324.225 to engage in the practice of dietetics or medical nutrition therapy;
(8) "Medical nutrition therapy", nutritional diagnostic, therapy, and counseling services
which are furnished by a registered dietitian or registered dietitian nutritionist;
(9) "Registered dietitian" or "registered dietitian nutritionist", a person who:
(a) Has completed a minimum of a baccalaureate degree granted by a United States
regionally accredited college or university or foreign equivalent;
(b) Completed the academic requirements of a didactic program in dietetics, as approved
by [CADE] ACEND;
(c) Successfully completed the registration examination for dietitians; and
(d) Accrued seventy-five hours of approved continuing professional units every five
years; as determined by the committee on dietetic registration.

Any person who holds a license to practice dietetics in this state may use
the title "Dietitian" or the abbreviation "L.D." or "L.D.N.". No other person may use the title
"Dietitian" or the abbreviation "L.D." or "L.D.N.". No other person shall assume any title or use
any title or use any abbreviation or any other words, letters, signs, or devices to indicate that the
person using the same is a licensed dietitian.
2. No person shall practice or offer to practice dietetics in this state for compensation or 
use any title, sign, abbreviation, card, or device to indicate that such person is practicing dietetics 
unless he or she has been duly licensed pursuant to the provisions of sections 324.200 to 
324.225.

3. Any person who violates the provisions of subsection 1 of this section is guilty of a

   acceptable educational institution accredited by a regional accrediting body or accredited by an 
   accrediting body which has been approved by the United States Department of Education.  
   Applicants who have obtained their education outside of the United States and its territories must 
   have their academic degrees validated as equivalent to the baccalaureate or master's degree 
   conferred by a regionally accredited college or university in the United States. Validation of a 
   foreign degree does not eliminate the need for a verification statement of completion of a 
   didactic program in dietetics;

   (2) The applicant has completed a supervised practice requirement from an institution 
   that is certified by a nationally recognized professional organization as having a dietetics 
   specialty or who meets criteria for dietetics education established by the committee. The 
   committee may specify those professional organization certifications which are to be recognized 
   and may set standards for education training and experience required for those without such 
   specialty certification to become dietitians.

3. The applicant shall successfully pass an examination as determined by the committee 
and possess a current registration with the Commission on Dietetic Registration. The committee 
may waive the examination requirement and grant licensure to an applicant for a license as a 
dietitian who presents satisfactory evidence to the committee of current registration as a dietitian 
with the commission on dietetic registration.

4. Prior to July 1, 2000, a person may apply for licensure without examination and shall 
be exempt from the academic requirements of this section if the committee is satisfied that the 
applicant has a bachelor's degree in a program approved by the committee and has work 
experience approved by the committee.

5. The committee may determine the type of documentation needed to verify that an 
applicant meets the qualifications provided in subsection 3 of this section.

The council shall consist of four interior designers and one public member appointed by the [governor with the advice and consent of the senate] director of the division. [5.] 6. Each member of the council may receive as compensation an amount set by the division not to exceed fifty dollars per day and shall be reimbursed for the member's reasonable and necessary expenses incurred in the official performance of the member's duties as a member of the council. The director shall establish by rule guidelines for payment.

[6.] 7. The council shall meet at least twice each year and guide, advise, and make recommendations to the division on matters within the scope of sections 324.400 to 324.439. The organization of the council shall be established by the members of the council.

(d) Any announced fee for a specified service where that fee does not include the charges for necessary related or incidental services, or where the actual fee charged for that specified service may exceed the announced fee, but it shall not be unlawful to announce only the maximum fee that can be charged for the specified service, including all related or incidental services, modified by the term "up to" if desired;

(e) Any announcement in any form including the term "specialist" or the phrase "limited to the specialty of" unless each person named in conjunction with the term or phrase, or responsible for the announcement, holds a valid Missouri certificate and license evidencing that the person is a specialist in that area;

(f) Any announcement containing any of the terms denoting recognized specialties, or other descriptive terms carrying the same meaning, unless the announcement clearly designates by list each dentist not licensed as a specialist in Missouri who is sponsoring or named in the announcement, or employed by the entity sponsoring the announcement, after the following clearly legible or audible statement: "Notice: the following dentist(s) in this practice is (are) not licensed in Missouri as specialists in the advertised dental specialty(s) of ______". For purposes of this paragraph, a statement that is "clearly legible" shall have print that is equal or larger in size than the announcement of services, and a statement that is "clearly audible" shall have speech volume and pace equal to the announcement of services;

(g) Any announcement containing any terms denoting or implying specialty areas that are not recognized by the American Dental Association;

(h) Any advertisement that does not contain the name of one or more of the duly registered and currently licensed dentists regularly employed in and responsible for the management, supervision, and operation of each office location listed in the advertisement;

or

(i) Any advertisement denoting the use of sedation services permitted by the board in accordance with section 332.362 using any term other than deep sedation, general anesthesia, or moderate sedation. Such terms shall only be used in the announcement or advertisement of sedation services with the possession of a deep sedation, general anesthesia, or moderate sedation permit or license;

(15) Violation of the drug laws or rules and regulations of this state, any other state or the federal government;

(16) Failure or refusal to properly guard against contagious, infectious or communicable diseases or the spread thereof;

(18) Accepting, tendering or paying "rebates" to or "splitting fees" with any other person; provided, however, that nothing herein shall be so construed as to make it unlawful for a dentist practicing in a partnership or as a corporation organized pursuant to the provisions of chapter 356 to distribute profits in accordance with his or her stated agreement;

(19) Administering, or causing or permitting to be administered, nitrous oxide gas in any amount to himself or herself, or to another unless as an adjunctive measure to patient management;

(20) Being unable to practice as a dentist, specialist or hygienist with reasonable skill and safety to patients by reasons of professional incompetency, or because of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or as a result of any mental or physical condition. In enforcing this subdivision the board shall, after a hearing before the board, upon a finding of probable cause, require the dentist or specialist or hygienist to submit to a reexamination for the purpose of establishing his or her competency to practice as a dentist, specialist or hygienist, which reexamination shall be conducted in accordance with rules adopted for this purpose by the board, including rules to allow the examination of the dentist's, specialist's or hygienist's professional competence by at least three dentists or fellow specialists, or to submit to a mental or physical examination or combination thereof by at least three physicians. One examiner shall be selected by the dentist, specialist or hygienist compelled to take examination, one selected by the board, and one shall be selected by the two examiners so selected. Notice of the physical or mental examination shall be given by personal service or registered mail. Failure of the dentist, specialist or hygienist to submit to the examination when directed shall constitute an admission of the allegations against him or her, unless the failure was due to circumstances beyond his or her control. A dentist, specialist or hygienist whose right to practice has been affected pursuant to this subdivision shall, at reasonable intervals, be afforded an opportunity to demonstrate that he or she can resume competent practice with reasonable skill and safety to patients.

(a) In any proceeding pursuant to this subdivision, neither the record of proceedings nor the orders entered by the board shall be used against a dentist, specialist or hygienist in any other proceeding. Proceedings pursuant to this subdivision shall be conducted by the board without the filing of a complaint with the administrative hearing commission;

(b) When the board finds any person unqualified because of any of the grounds set forth in this subdivision, it may enter an order imposing one or more of the following: denying his or her application for a license; permanently withholding issuance of a license; administering a public or private reprimand; placing on probation, suspending or limiting or restricting his or her license to practice as a dentist, specialist or hygienist for a period of not more than five years; revoking his or her license to practice as a dentist, specialist or hygienist; requiring him or her
to submit to the care, counseling or treatment of physicians designated by the dentist, specialist or hygienist compelled to be treated; or requiring such person to submit to identification, intervention, treatment or rehabilitation by the well-being committee as provided in section 332.327. For the purpose of this subdivision, "license" includes the certificate of registration, or license, or both, issued by the board.

3. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2, for disciplinary action are met, the board may, singly or in combination:

(1) Censure or place the person or firm named in the complaint on probation on such terms and conditions as the board deems appropriate for a period not to exceed five years; or
(2) Suspend the license, certificate or permit for a period not to exceed three years; or
(3) Revoke the license, certificate, or permit. In any order of revocation, the board may provide that the person shall not apply for licensure for a period of not less than one year following the date of the order of revocation; or
(4) Cause the person or firm named in the complaint to make restitution to any patient, or any insurer or third-party payer who shall have paid in whole or in part a claim or payment for which they should be reimbursed, where restitution would be an appropriate remedy, including the reasonable cost of follow-up care to correct or complete a procedure performed or one that was to be performed by the person or firm named in the complaint; or
(5) Request the attorney general to bring an action in the circuit court of competent jurisdiction to recover a civil penalty on behalf of the state in an amount to be assessed by the court.

4. If the board concludes that a dentist or dental hygienist has committed an act or is engaging in a course of conduct that would be grounds for disciplinary action and constitutes a clear and present danger to the public health and safety, the board may file a complaint before the administrative hearing commission requesting an expedited hearing and specifying the conduct that gives rise to the danger and the nature of the proposed restriction or suspension of the dentist's or dental hygienist's license. Within fifteen days after service of the complaint on the dentist or dental hygienist, the administrative hearing commission shall conduct a preliminary hearing to determine whether the alleged conduct of the dentist or dental hygienist appears to constitute a clear and present danger to the public health and safety that justifies that the dentist's or dental hygienist's license be immediately restricted or suspended. The burden of proving that a dentist or dental hygienist is a clear and present danger to the public health and safety shall be upon the Missouri dental board. The administrative hearing commission shall issue its decision
immediately after the hearing and shall either grant to the board the authority to suspend or
restrict the license or dismiss the action.

5. If the administrative hearing commission grants temporary authority to the board to
restrict or suspend a dentist's or dental hygienist's license, the dentist or dental hygienist named
in the complaint may request a full hearing before the administrative hearing commission. A
request for a full hearing shall be made within thirty days after the administrative hearing
commission issues a decision. The administrative hearing commission shall, if requested by a
dentist or dental hygienist named in the complaint, set a date to hold a full hearing under chapter
621 regarding the activities alleged in the initial complaint filed by the board. The administrative
hearing commission shall set the date for full hearing within ninety days from the date its
decision was issued. Either party may request continuances, which shall be granted by the
administrative hearing commission upon a showing of good cause by either party or consent of
both parties. If a request for a full hearing is not made within thirty days, the authority to impose
discipline becomes final and the board shall set the matter for hearing in accordance with section
621.110.

6. If the administrative hearing commission dismisses without prejudice the complaint
filed by the board under subsection 4 of this section or dismisses the action based on a finding
that the board did not meet its burden of proof establishing a clear and present danger, such
dismissal shall not bar the board from initiating a subsequent action on the same grounds in
accordance with this chapter and chapters 536 and 621.

7. Notwithstanding any other provisions of section 332.071 or of this section, a currently
licensed dentist in Missouri may enter into an agreement with individuals and organizations to
provide dental health care, provided such agreement does not permit or compel practices that
violate any provision of this chapter.

8. At all proceedings for the enforcement of these or any other provisions of this chapter
the board shall, as it deems necessary, select, in its discretion, either the attorney general or one
of the attorney general's assistants designated by the attorney general or other legal counsel to
appear and represent the board at each stage of such proceeding or trial until its conclusion.

9. If at any time when any discipline has been imposed pursuant to this section or
pursuant to any provision of this chapter, the licensee removes himself or herself from the state
of Missouri, ceases to be currently licensed pursuant to the provisions of this chapter, or fails to
keep the Missouri dental board advised of his or her current place of business and residence, the
time of his or her absence, or unlicensed status, or unknown whereabouts shall not be deemed
or taken as any part of the time of discipline so imposed.

annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and
any rule proposed or adopted after August 28, 1999, shall be invalid and void.

authority, permit or license required pursuant to chapter 335 for one or any combination of
causes stated in subsection 2 of this section or the board may, as a condition to issuing or
reinstating any such permit or license, require a person to submit himself or herself for
identification, intervention, treatment, or rehabilitation monitoring by the impaired nurse
intervention program and alternative program as provided in section 335.067. The board
shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant
of his or her right to file a complaint with the administrative hearing commission as provided by
chapter 621.

(7) A report from a board-approved facility or a professional health program stating the licensee is not fit to practice. For purposes of this section, a licensee is deemed to have waived all objections to the admissibility of testimony from the provider of the examination and admissibility of the examination reports. The licensee shall sign all necessary releases for the board to obtain and use the examination during a hearing; or

(8) Any conduct for which the board may discipline that constitutes a serious danger to the health, safety, or welfare of a patient or the public.

If the administrative hearing commission finds that there is probable cause, the administrative hearing commission shall enter the order requested by the board. The order shall be effective upon personal service or by leaving a copy at all of the licensee’s current addresses on file with the board.

11. (1) The administrative hearing commission shall hold a hearing within forty-five days of the board’s filing of the complaint to determine if cause for discipline exists. The administrative hearing commission may grant a request for a continuance, but shall in any event hold the hearing within one hundred twenty days of the board’s initial filing. The board shall be granted leave to amend its complaint if it is more than thirty days prior to the hearing. 13. If the administrative hearing commission does not find probable cause and does not grant the emergency suspension or restriction, the board shall remove all reference to such emergency suspension or restriction from its public records. The administrative hearing commission shall, if requested by the nurse named in the complaint, set a date to hold a full hearing under the provisions of chapter 621 regarding the activities alleged in the initial complaint filed by the board.

335.067. 1. The state board of nursing may establish an impaired nurse intervention program and an alternative program to promote the early identification, intervention, treatment, and monitoring of nurses or applicants for a nursing license who may be impaired by reasons of illness, reason of substance abuse, or as a result of any mental condition. This program shall be available to anyone holding a current license and may be entered voluntarily, as part of an agreement with the board of nursing, or as a condition of a disciplinary order entered by the board of nursing or the potential for substance abuse.

2. [The board may enter into a contractual agreement with a nonprofit corporation or a nursing association for the purpose of creating, supporting, and maintaining a program to be designated as the impaired nurse program.] The intervention program is available, upon board discretion, to licensees and applicants for licensure who self-refer, test positive in a pre-employment or for-cause drug or alcohol screen, individuals who have pled guilty to or been found guilty of any drug offense, whether felony or misdemeanor, or individuals who have pled guilty to or been found guilty of three or more criminal offenses resulting from or related to the use of drugs or alcohol, whether a felony or misdemeanor. The program shall be a minimum of one year in duration and require random drug and alcohol testing at the participant's expense.

3. The alternative program is available, upon board discretion, to licensees and applicants for licensure who admit to having a substance use disorder. The program shall be from three to five years in duration and at a minimum require random drug and alcohol testing at the participant's expense.

4. Upon receiving a complaint or an application, the board shall screen the information submitted to determine whether the individual may be eligible for the intervention or alternative program. If eligible for one of the programs, the board may contact the individual and offer the program. If accepted, the board and individual may enter into a written agreement setting forth the requirements of the program. If declined, the board may proceed with its regular process of investigating a complaint or application as set forth in this chapter and chapter 324. The board shall retain sole discretion to offer the program at any time.

5. Upon successful completion of the intervention or alternative program, the licensee shall be deemed to have no disciplinary action against his or her license and shall not be required to disclose participation in the program. All records shall be deemed
confidential and not public records under chapter 610 and not subject to court or 
adминистration subpoena or subject to discovery or introduction as evidence in any civil,

by the licensee or applicant, the licensee's license shall be indefinitely suspended or the 
applicant's application shall not be acted upon until the licensee or applicant continues to 
fully participate in the program, has one year with no positive drug or alcohol screens, and 
completes a sobriety notebook. The licensee may then request that his or her license be 
reinstated or the applicant may then request the board act upon his or her application.

7. If a licensee does not successfully complete the intervention program, the board 
may pursue disciplinary action as set forth in section 335.066 and chapter 621. If an 
applicant does not successfully complete the intervention program, the board may issue an 
order pursuant to the provisions of chapters 324, 335, 536, and 621. Records from the 
program may be used as evidence in any such proceedings initiated under chapters 324, 
335, 536, and 621. Any such licensee disciplined by the board pursuant to this section or 
applicant subject to an order pursuant to this section shall not be eligible to participate in 
the alternative program.

8. If a licensee or applicant violates any term of the alternative program and the 
licensee or applicant denies the violation, the board may convene a hearing, after due 
otice to the licensee or applicant to determine whether such violation has occurred. The 
hearing shall be confidential and not open to the public under chapter 610. Records from 
the program shall be deemed admissible in the hearing. If the licensee or applicant admits 
to the violation, no hearing is required. If a violation is found by the board or admitted to 
by the licensee or applicant, the licensee's license shall be indefinitely suspended or the 
applicant's application shall not be acted upon until the licensee or applicant continues to 
fully participate in the program, has one year with no positive drug or alcohol screens, and 
completes a sobriety notebook. The licensee may then request that his or her license be 
reinstated or the applicant may then request the board act upon his or her application.

9. If a licensee does not successfully complete the alternative program, the board 
may pursue disciplinary action as set forth in section 335.066 and chapter 621. If an 
applicant does not successfully complete the alternative program, the board may issue an
order pursuant to the provisions of chapters 324, 335, and 621. Records from the program may be used as evidence in any such proceedings conducted pursuant to the provisions of chapters 324, 335, and 621.

4. A psychologist practicing into a distant state under the temporary authorization to practice will be subject to the distant state's authority and law. A distant state may, in accordance with that state's due process law, limit or revoke a psychologist's temporary authorization to practice in the distant state and may take any other necessary actions under the distant state's applicable law to protect the health and safety of the distant state's citizens. If a distant state takes action, the state shall promptly notify the home state and the commission.
5. If a psychologist's license in any home state, another compact state, or any temporary authorization to practice in any distant state, is restricted, suspended or
otherwise limited, the IPC shall be revoked and therefore the psychologist shall not be eligible to practice in a compact state under the temporary authorization to practice.

337.125. A psychologist may practice in a receiving state under the authority to practice interjurisdictional telepsychology only in the performance of the scope of practice for psychology as assigned by an appropriate state psychology regulatory authority, as defined in the rules of the commission, and under the following circumstances:

1. The psychologist initiates a client/patient contact in a home state via telecommunications technologies with a client/patient in a receiving state;
2. Other conditions regarding telepsychology as determined by rules promulgated by the commission.

2. A receiving state may take adverse action on a psychologist's authority to practice interjurisdictional telepsychology within that receiving state. A home state may take adverse action against a psychologist based on an adverse action taken by a distant state regarding temporary in-person, face-to-face practice.

3. (1) If a home state takes adverse action against a psychologist's license, that psychologist's authority to practice interjurisdictional telepsychology is terminated and the E.Passport is revoked. Furthermore, that psychologist's temporary authorization to practice is terminated and the IPC is revoked.

(2) All home state disciplinary orders which impose adverse action shall be reported to the commission in accordance with the rules promulgated by the commission. A compact state shall report adverse actions in accordance with the rules of the commission.

(3) In the event discipline is reported on a psychologist, the psychologist will not be eligible for telepsychology or temporary in-person, face-to-face practice in accordance with the rules of the commission.

(4) Other actions may be imposed as determined by the rules promulgated by the commission.

4. A home state's psychology regulatory authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a licensee which occurred in a receiving state as it would if such conduct had occurred by a licensee within the home state. In such cases, the home state's law shall control in determining any adverse action against a psychologist's license.
5. A distant state's psychology regulatory authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a psychologist practicing under temporary authorization practice which occurred in that distant state as if such conduct had occurred by a licensee within the home state. In such cases, distant state's law shall control in determining any adverse action against a psychologist's temporary authorization to practice.

6. Nothing in this compact shall override a compact state's decision that a psychologist's participation in an alternative program may be used in lieu of adverse action and that such participation shall remain non-public if required by the compact state's law. Compact states shall require psychologists who enter any alternative programs to not provide telepsychology services under the authority to practice interjurisdictional telepsychology or provide temporary psychological services under the temporary authorization to practice in any other compact state during the term of the alternative program.

7. No other judicial or administrative remedies shall be available to a psychologist in the event a compact state imposes an adverse action pursuant to subsection 3 of this section.

337.135. 1. In addition to any other powers granted under state law, a compact state's psychology regulatory authority shall have the authority under this compact to:

The issuing state psychology regulatory authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state where the witnesses or evidence are located; and

(2) Issue cease and desist or injunctive relief orders to revoke a psychologist's authority to practice interjurisdictional telepsychology or temporary authorization to practice.

2. During the course of any investigation, a psychologist may not change his or her home state licensure. A home state psychology regulatory authority is authorized to complete any pending investigations of a psychologist and to take any actions appropriate under its law. The home state psychology regulatory authority shall promptly report the conclusions of such investigations to the commission. Once an investigation has been
completed, and pending the outcome of said investigation, the psychologist may change his
or her home state licensure. The commission shall promptly notify the new home state of
any such decisions as provided in the rules of the commission. All information provided
to the commission or distributed by compact states pursuant to the psychologist shall be
confidential, filed under seal and used for investigatory or disciplinary matters. The
commission may create additional rules for mandated or discretionary sharing of
information by compact states.

337.140. 1. The commission shall provide for the development and maintenance
of a coordinated licensure information system "coordinated database" and reporting
system containing licensure and disciplinary action information on all psychologist
individuals to whom this compact is applicable in all compact states as defined by the rules

of any adverse action taken against, or significant investigative information on, any licensee
in a compact state.

4. Compact states reporting information to the coordinated database may designate
information that may not be shared with the public without the express permission of the
compact state reporting the information.

required to be expunged by the law of the compact state reporting the information shall
be removed from the coordinated database.

immunity.

other means as provided in the bylaws. The bylaws may provide for commissioners'
participation in meetings by telephone or other means of communication.

(3) The commission shall meet at least once during each calendar year. Additional

given in the same manner as required under the rulemaking provisions in section 337.150.

(1) The members, officers, executive director, employees and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided that nothing in this subsection shall be construed to protect any such person from suit or liability for any damage, loss, injury or liability caused by the intentional or willful or wanton misconduct of that person.

(2) The commission shall defend any member, officer, executive director, employee or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error or omission did not result from that person's intentional or willful or wanton misconduct.

(3) The commission shall indemnify and hold harmless any member, officer, executive director, employee or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities, provided that the actual or alleged act, error or omission did not result from the intentional or willful or wanton misconduct of that person.

337.150. 1. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

2. If a majority of the legislatures of the compact states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compact state.

3. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.
4. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:
   (1) On the website of the commission; and
   (2) On the website of each compact states’ psychology regulatory authority or the publication in which each state would otherwise publish proposed rules.

5. The notice of proposed rulemaking shall include:
   (1) The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;
   (2) The text of the proposed rule or amendment and the reason for the proposed rule;
   (3) A request for comments on the proposed rule from any interested person;
   (4) The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

6. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

7. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:
   (1) At least twenty-five persons who submit comments independently of each other;
   (2) A governmental subdivision or agency; or
   (3) A duly appointed person in an association that has at least twenty-five members.

8. (1) If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing.
   (2) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.
   (3) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.
   (4) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subdivision shall not preclude the commission from making a transcript or recording of the hearing if it so chooses.
(5) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

9. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

10. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

11. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

12. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that shall be adopted immediately in order to:

   (1) Meet an imminent threat to public health, safety, or welfare;

   (2) Prevent a loss of commission or compact state funds;

   (3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

   (4) Protect public health and safety.

13. (1) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule.

   (2) A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

337.155. 1. (1) The executive, legislative, and judicial branches of state government in each compact state shall enforce this compact and take all actions necessary and
appropriate to effectuate the compact's purposes and intent. The provisions of this
compact and the rules promulgated hereunder shall have standing as statutory law.

(2) All courts shall take judicial notice of the compact and the rules in any judicial
or administrative proceeding in a compact state pertaining to the subject matter of this
compact which may affect the powers, responsibilities, or actions of the commission.

(3) The commission shall be entitled to receive service of process in any such
proceeding, and shall have standing to intervene in such a proceeding for all purposes.
Failure to provide service of process to the commission shall render a judgment or order
void as to the commission, this compact or promulgated rules.

2. (1) If the commission determines that a compact state has defaulted in the
performance of its obligations or responsibilities under this compact or the promulgated
rules, the commission shall:

(a) Provide written notice to the defaulting state and other compact states of the
nature of the default, the proposed means of remedying the default or any other action to
be taken by the commission; and

(b) Provide remedial training and specific technical assistance regarding the
default.

(2) If a state in default fails to remedy the default, the defaulting state may be
terminated from the compact upon an affirmative vote of a majority of the compact states,
and all rights, privileges, and benefits conferred by this compact shall be terminated on the
effective date of termination. A remedy of the default does not relieve the offending state
of obligations or liabilities incurred during the period of default.

(3) Termination of membership in the compact shall be imposed only after all other
means of securing compliance have been exhausted. Notice of intent to suspend or
terminate shall be submitted by the commission to the governor, the majority and minority
leaders of the defaulting state's legislature, and each of the compact states.

(4) A compact state which has been terminated is responsible for all assessments,
obligations, and liabilities incurred through the effective date of termination, including
obligations which extend beyond the effective date of termination.

(5) The commission shall not bear any costs incurred by the state which is found
to be in default or which has been terminated from the compact, unless agreed upon in
writing between the commission and the defaulting state.

(6) The defaulting state may appeal the action of the commission by petitioning the
U.S. District Court for the state of Georgia or the federal district where the compact has
its principal offices. The prevailing member shall be awarded all costs of such litigation,
including reasonable attorney's fees.
3. (1) Upon request by a compact state, the commission shall attempt to resolve disputes related to the compact which arise among compact states and between compact and noncompact states.

(2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes that arise before the commission.

4. (1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(2) By majority vote, the commission may initiate legal action in the United States District Court for the State of Georgia or the federal district where the compact has its principal offices against a compact state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

(3) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

337.160. 1. The compact shall come into effect on the date on which the compact is enacted into law in the seventh compact state. The provisions which become effective at that time shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

2. Any state which joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule which has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

3. (1) Any compact state may withdraw from this compact by enacting a statute repealing the same.

(2) A compact state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(3) Withdrawal shall not affect the continuing requirement of the withdrawing state's psychology regulatory authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

4. Nothing contained in this compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a compact state and a noncompact state which does not conflict with the provisions of this compact.
5. This compact may be amended by the compact states. No amendment to this compact shall become effective and binding upon any compact state until it is enacted into the law of all compact states.

337.165. This compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any state member thereto, the compact shall remain in full force and effect as to the remaining compact states.

   (2) Utilize changes and arrangements of contextual factors, antecedent stimuli, positive reinforcement, and other consequences to produce behavior change.

4. The committee shall be authorized to issue a temporary license to an applicant for a behavior analyst license or assistant behavior analyst license upon receipt of a complete application, submission of a fee as set by the committee by rule for behavior analyst or assistant behavior analyst, and a showing of valid licensure as a behavior analyst or assistant behavior analyst in another state, only if the applicant has submitted fingerprints and no disqualifying criminal history appears on the family care safety registry. The temporary license shall expire upon issuance of a license or denial of the application but no later than ninety days from issuance of the temporary license. Upon written request to the committee, the holder of a temporary license shall be entitled to one extension of ninety days of the temporary license.

5. (1) The committee shall, in accordance with rules promulgated by the committee, issue a provisional behavior analyst license or a provisional assistant behavior analyst license upon receipt by the committee of a complete application, appropriate fee as set by the committee by rule, and proof of satisfaction of requirements under subsections 2 and 3 of this section, respectively, and other requirements established by the committee by rule, except that applicants for a provisional license as either a behavior analyst or assistant behavior analyst need not have passed an examination and been certified as a board-certified behavior analyst or a board-certified assistant behavior analyst to obtain a provisional behavior analyst or provisional assistant behavior analyst license.
(2) A provisional license issued under this subsection shall only authorize and permit the licensee to render behavior analysis under the supervision and the full professional responsibility and control of such licensee's licensed supervisor.

(3) A provisional license shall automatically terminate upon issuance of a permanent license, upon a finding of cause to discipline after notice and hearing under section 337.330, upon termination of supervision by a licensed supervisor, or upon the expiration of one year from the date of issuance of the provisional license, whichever first occurs. The provisional license may be renewed after one year, with a maximum issuance of two years. Upon a showing of good cause, the committee by rule shall provide procedures for exceptions and variances from the requirement of a maximum issuance of two years.

6. No person shall hold himself or herself out to be licensed behavior analysts or LBA, provisionally licensed behavior analyst or PLBA, provisionally licensed assistant behavior analyst or PLABA, temporary licensed behavior analyst or TLBA, or temporary licensed assistant behavior analyst or TLaBA, licensed assistant behavior analysts or LaBA in the state of Missouri unless they meet the applicable requirements.

11. Persons who provide services under the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. Section 1400, et seq., or Section 504 of the federal Rehabilitation Act of 1973, 29 U.S.C. 5. A new license to replace any certificate lost, destroyed, or mutilated may be issued subject to the rules of the committee, upon payment of a fee established by the committee.

6. The committee shall set the amount of the fees authorized by sections 337.300 to 337.345 and required by rules promulgated under section 536.021. The fees shall be set at a level to produce revenue which shall not substantially exceed the cost and expense of administering sections 337.300 to 337.345.

7. The committee is authorized to issue an inactive license to any licensee who makes written application for such license on a form provided by the committee and remits the fee for an inactive license established by the committee. An inactive license may be issued only to a
person who has previously been issued a license to practice as a licensed behavior analyst or a licensed assistant behavior analyst who is no longer regularly engaged in such practice and who does not hold himself or herself out to the public as being professionally engaged in such practice in this state. Each inactive license shall be subject to all provisions of this chapter, except as otherwise specifically provided. Each application shall be accompanied by the fees required by the committee.

2. The division shall mail a renewal notice to the last known address of each licensee prior to the registration renewal date. Failure to provide the division with the information required for registration, or to pay the registration fee after such notice shall effect a revocation of the license after a period of sixty days from the registration renewal date. The license shall be restored if, within two years of the registration date, the applicant provides written application and the payment of the registration fee and a delinquency fee.

3. A new certificate to replace any certificate lost, destroyed or mutilated may be issued subject to the rules of the committee, upon payment of a fee.

4. The committee shall set the amount of the fees which sections 337.500 to 337.540 authorize and require by rules and regulations promulgated pursuant to section 536.021. The fees shall be set at a level to produce revenue which shall not substantially exceed the cost and expense of administering the provisions of sections 337.500 to 337.540. All fees provided for
in sections 337.500 to 337.540 shall be collected by the director who shall deposit the same with
the state treasurer in a fund to be known as the "Committee of Professional Counselors Fund".

5. The provisions of section 33.080 to the contrary notwithstanding, money in this fund
shall not be transferred and placed to the credit of general revenue until the amount in the fund
at the end of the biennium exceeds two times the amount of the appropriation from the
committee's fund for the preceding fiscal year or, if the committee requires by rule renewal less
frequently than yearly then three times the appropriation from the committee's fund for the
preceding fiscal year. The amount, if any, in the fund which shall lapse is that amount in the
fund which exceeds the appropriate multiple of the appropriations from the committee's fund for
the preceding fiscal year.

6. The committee shall hold public examinations at least two times per year, at such
times and places as may be fixed by the committee, notice of such examinations to be given to
each applicant at least ten days prior thereto.

337.510.  1. Each applicant for licensure as a professional counselor shall furnish
evidence to the committee that the applicant is at least eighteen years of age, is of good moral
character, is a United States citizen or is legally present in the United States; and

(1) The applicant has completed a course of study as defined by the board rule leading
to a master's, specialist's, or doctoral degree with a major in counseling, except any applicant
who has held a license as a professional counselor in this state or currently holds a license
as a professional counselor in another state shall not be required to have completed any
courses related to career development; and

(2) The applicant has completed acceptable supervised counseling as defined by board
rule. If the applicant has a master's degree with a major in counseling as defined by board rule,
the applicant shall complete at least two years of acceptable supervised counseling experience
subsequent to the receipt of the master's degree. The composition and number of hours
comprising the acceptable supervised counseling experience shall be defined by board rule. An
applicant may substitute thirty semester hours of post master's graduate study for one of the two
required years of acceptable supervised counseling experience if such hours are clearly related
to counseling;

(3) After August 28, 2007, each applicant shall have completed a minimum of three
hours of graduate level coursework in diagnostic systems either in the curriculum leading to a
degree or as post master's graduate level course work;

(4) Upon examination, the applicant is possessed of requisite knowledge of the
profession, including techniques and applications, research and its interpretation, and

2. Any person who previously held a valid unrevoked, unsuspended license as a professional counselor in this state and who held a valid license as a professional counselor in another state at the time of application to the committee shall be granted a license to engage in professional counseling in this state upon application to the committee accompanied by the appropriate fee as established by the committee pursuant to section 337.507.

3. Any person holding a current license, certificate of registration, or permit from another state or territory of the United States to practice as a professional counselor who is at least eighteen years of age, is of good moral character, and is a United States citizen or is legally present in the United States may be granted a license without examination to engage in the practice of professional counseling in this state upon the application to the board, payment of the required fee as established by the board, and satisfying one of the following requirements:

   (1) Approval by the American Association of State Counseling Boards (AASCB) or its successor organization according to the eligibility criteria established by AASCB. The successor organization shall be defined by board rule; or

   (2) In good standing and currently certified by the National Board for Certified Counselors or its successor organization and has completed acceptable supervised counseling experience as defined by board rule. The successor organization shall be defined by board rule; or

   (3) Determination by the board that the requirements of the other state or territory are substantially the same as Missouri and certified by the applicant's current licensing entity that the applicant has a current license. The applicant shall also consent to examination of any disciplinary history.

4. The committee shall issue a license to each person who files an application and fee who furnishes evidence satisfactory to the committee that the applicant has complied with the provisions of this act and has taken and passed a written, open-book examination on Missouri laws and regulations governing the practice of professional counseling as defined in section 337.500. The division shall issue a provisional professional counselor license to any applicant who meets all requirements of this section, but who has not completed the required acceptable supervised counseling experience and such applicant may reapply for licensure as a professional counselor upon completion of such acceptable supervised counseling experience.

5. All persons licensed to practice professional counseling in this state shall pay on or before the license renewal date a renewal license fee and shall furnish to the committee satisfactory evidence of the completion of the requisite number of hours of continuing education as required by rule, including two hours of suicide assessment, referral, treatment, and management training, which shall be no more than forty hours biennially. The continuing
education requirements may be waived by the committee upon presentation to the committee of satisfactory evidence of the illness of the licensee or for other good cause.

337.612. 1. Applications for licensure as a clinical social worker, baccalaureate social worker, advanced macro social worker or master social worker shall be in writing, submitted to the committee on forms prescribed by the committee and furnished to the applicant. The form shall include a statement that the applicant has completed two hours of suicide assessment, referral, treatment, and management training. The application shall contain the applicant's statements showing the applicant's education, experience, and such other information as the committee may require. Each application shall contain a statement that it is made under oath or affirmation and that the information contained therein is true and correct to the best knowledge and belief of the applicant, subject to the penalties provided for the making of a false affidavit or declaration. Each application shall be accompanied by the fees required by the committee.

2. The committee shall mail a renewal notice to the last known address of each licensee prior to the licensure renewal date. Failure to provide the committee with the information required for licensure, or to pay the licensure fee after such notice shall effect a revocation of the license after a period of sixty days from the licensure renewal date. The license shall be restored if, within two years of the licensure date, the applicant provides written application and the payment of the licensure fee and a delinquency fee.

3. A new certificate to replace any certificate lost, destroyed or mutilated may be issued subject to the rules of the committee, upon payment of a fee.

4. The committee shall set the amount of the fees which sections 337.600 to 337.689 authorize and require by rules and regulations promulgated pursuant to section 536.021. The fees shall be set at a level to produce revenue which shall not substantially exceed the cost and expense of administering the provisions of sections 337.600 to 337.689. All fees provided for in sections 337.600 to 337.689 shall be collected by the director who shall deposit the same with the state treasurer in a fund to be known as the "Clinical Social Workers Fund". After August 28, 2007, the clinical social workers fund shall be called the "Licensed Social Workers Fund" and after such date all references in state law to the clinical social workers fund shall be considered references to the licensed social workers fund.

5. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue until the amount in the fund at the end of the biennium exceeds two times the amount of the appropriations from the clinical social workers fund for the preceding fiscal year or, if the committee requires by rule renewal less frequently than yearly, then three times the appropriation from the committee's fund for the preceding fiscal year. The amount, if any, in the fund which shall lapse is that amount in the
34 fund which exceeds the appropriate multiple of the appropriations from the clinical social
35 workers fund for the preceding fiscal year.

337.618. Each license issued pursuant to the provisions of sections 337.600 to 337.689
2 shall expire on a renewal date established by the director. The term of licensure shall be
3 twenty-four months. The committee shall require a minimum number of thirty clock hours of
4 continuing education for renewal of a license issued pursuant to sections 337.600 to 337.689,
5 including two hours of suicide assessment, referral, treatment, and management training.
6 The committee shall renew any license upon application for a renewal, completion of the
7 required continuing education hours and upon payment of the fee established by the committee
8 pursuant to the provisions of section 337.612. As provided by rule, the board may waive or
9 extend the time requirements for completion of continuing education for reasons related to
10 health, military service, foreign residency, or for other good cause. All requests for waivers or
11 extensions of time shall be made in writing and submitted to the board before the renewal date.

337.662. 1. Applications for licensure as a baccalaureate social worker shall be in
2 writing, submitted to the committee on forms prescribed by the committee and furnished to the
3 applicant. The form shall include a statement that the applicant has completed two hours
4 of suicide assessment, referral, treatment, and management training. The application shall
5 contain the applicant's statements showing the applicant's education, experience and such other
6 information as the committee may require. Each application shall contain a statement that it is
7 made under oath or affirmation and that the information contained therein is true and correct to
8 the best knowledge and belief of the applicant, subject to the penalties provided for the making
9 of a false affidavit or declaration. Each application shall be accompanied by the fees required
10 by the committee.

2. The committee shall mail a renewal notice to the last known address of each licensee
3 prior to the licensure renewal date. Failure to provide the committee with the information
4 required for licensure as provided in subsection 1 of this section, or to pay the licensure fee
5 after such notice shall effect a revocation of the license after a period of sixty days from the
6 licensure renewal date. The license shall be restored if, within two years of the licensure date,
7 the applicant provides written application and the payment of the licensure fee and a delinquency
8 fee.

3. A new certificate to replace any certificate lost, destroyed or mutilated may be issued
4 subject to the rules of the committee, upon payment of a fee.

4. The committee shall set the amount of the fees which sections 337.650 to 337.689
1 authorize and require by rules and regulations promulgated pursuant to chapter 536. The fees
2 shall be set at a level to produce revenue which shall not substantially exceed the cost and
3 expense of administering the provisions of sections 337.650 to 337.689. All fees provided for
in sections 337.650 to 337.689 shall be collected by the director who shall deposit the same with
the state treasurer in the clinical social workers fund established in section 337.612.

337.712. 1. Applications for licensure as a baccalaureate social worker shall be in
writing, submitted to the committee on forms prescribed by the committee and furnished to the
applicant. The form shall include a statement that the applicant has completed two hours
of suicide assessment, referral, treatment, and management training. The application shall
contain the applicant's statements showing the applicant's education, experience and such other
information as the committee may require. Each application shall contain a statement that it is
made under oath or affirmation and that the information contained therein is true and correct to
the best knowledge and belief of the applicant, subject to the penalties provided for the making
of a false affidavit or declaration. Each application shall be accompanied by the fees required
by the committee.

2. The committee shall mail a renewal notice to the last known address of each licensee
prior to the licensure renewal date. Failure to provide the committee with the information
required for licensure, or to pay the licensure fee after such notice shall effect a revocation of the
license after a period of sixty days from the licensure renewal date. The license shall be restored
if, within two years of the licensure date, the applicant provides written application and the
payment of the licensure fee and a delinquency fee.

3. A new certificate to replace any certificate lost, destroyed or mutilated may be issued
subject to the rules of the committee, upon payment of a fee.

4. The committee shall set the amount of the fees which sections 337.650 to 337.689
authorize and require by rules and regulations promulgated pursuant to chapter 536. The fees
shall be set at a level to produce revenue which shall not substantially exceed the cost and
expense of administering the provisions of sections 337.650 to 337.689. All fees provided for
in sections 337.650 to 337.689 shall be collected by the director who shall deposit the same with
the state treasurer in the clinical social workers fund established in section 337.612.

337.718. 1. Each license issued pursuant to the provisions of sections 337.700 to
337.739 shall expire on a renewal date established by the director. The term of licensure shall
be twenty-four months; however, the director may establish a shorter term for the first licenses
issued pursuant to sections 337.700 to 337.739. The division shall renew any license upon
application for a renewal and upon payment of the fee established by the division pursuant to the
provisions of section 337.712. Effective August 28, 2008, as a prerequisite for renewal, each
licensed marital and family therapist shall furnish to the committee satisfactory evidence of the
completion of the requisite number of hours of continuing education as defined by rule, which
shall be no more than forty contact hours biennially. At least two hours of continuing
education shall be in suicide assessment, referral, treatment, and management training.
The continuing education requirements may be waived by the committee upon presentation to the committee of satisfactory evidence of illness or for other good cause.

2. The committee may issue temporary permits to practice under extenuating circumstances as determined by the committee and defined by rule.

338.315. 1. Section 353 from other than a licensed or registered drug distributor, drug outsourcer, third-party logistics provider, or licensed pharmacy. Any person who violates the provisions of this section shall, upon conviction, be adjudged guilty of a class A misdemeanor. Any subsequent conviction shall constitute a class E felony.

2. Notwithstanding any other provision of law to the contrary, the sale, purchase, or trade of a prescription drug by a pharmacy to other pharmacies is permissible if the total dollar volume of such sales, purchases, or trades are in compliance with the rules of the board and do not exceed five percent of the pharmacy's total annual prescription drug sales.

3. Pharmacies shall establish and maintain inventories and records of all transactions regarding the receipt and distribution or other disposition of legend drugs. Such records shall be maintained for two years and be readily available upon request by the board or its representatives.

4. The board shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

338.330. As used in sections 338.300 to 338.370, the following terms mean:

2. "Legend drug":
   a. Subject to Section 503(b) of the Federal Food, Drug and Cosmetic Act, including finished dosage forms and active ingredients subject to such Section 503(b); or

[4][5] "Third-party logistics provider", an entity that provides or coordinates warehousing or other logistics services of a product on behalf of a drug manufacturer, wholesale drug distributor, or dispenser of a legend drug, but does not take ownership of the product, nor has responsibility to direct the sale or disposition of the product;

(6) "Wholesale drug distributor", anyone engaged in the delivery or distribution of legend drugs from any location and who is involved in the actual, constructive or attempted transfer of a drug or drug-related device in this state, other than to the ultimate consumer. This shall include, but not be limited to, drug wholesalers, repackagers and manufacturers which are engaged in the delivery or distribution of drugs in this state, with facilities located in this state or in any other state or jurisdiction. A wholesale drug distributor shall not include any common carrier or individual hired solely to transport legend drugs. Any locations where drugs are delivered on a consignment basis, as defined by the board, shall be exempt from licensure as a drug distributor, and those standards of practice required of a drug distributor but shall be open for inspection by board of pharmacy representatives as provided for in section 338.360.
338.333. 1. Except as otherwise provided by the board of pharmacy by rule in the event
of an emergency or to alleviate a supply shortage, no person or distribution outlet shall act as a
wholesale drug distributor [or], pharmacy distributor, drug outsourcer, or third-party logistics
provider without first obtaining license to do so from the Missouri board of pharmacy and
paying the required fee. The board may grant temporary licenses when the wholesale drug
distributor [or], pharmacy distributor, drug outsourcer, or third-party logistics provider first
applies for a license to operate within the state. Temporary licenses shall remain valid until such
time as the board shall find that the applicant meets or fails to meet the requirements for regular
licensure. No license shall be issued or renewed for a wholesale drug distributor [or], pharmacy
distributor, drug outsourcer, or third-party logistics provider to operate unless the same shall
be operated in a manner prescribed by law and according to the rules and regulations
promulgated by the board of pharmacy with respect thereto. Separate licenses shall be required
for each distribution site owned or operated by a wholesale drug distributor [or], pharmacy
distributor, drug outsourcer, or third-party logistics provider, unless such drug distributor
or, pharmacy distributor, drug outsourcer, or third-party logistics provider meets the
requirements of section 338.335.

2. An agent or employee of any licensed or registered wholesale drug distributor [or],
pharmacy distributor, drug outsourcer, or third-party logistics provider need not seek
licensure under this section and may lawfully possess pharmaceutical drugs, if [he] the agent or
employee is acting in the usual course of his or her business or employment.

3. The board may permit out-of-state wholesale drug distributors, drug outsourcers,
third-party logistics provider, or out-of-state pharmacy distributors to be licensed as required
by sections 338.210 to 338.370 on the basis of reciprocity to the extent that an out-of-state
wholesale drug distributor or out-of-state pharmacy distributor the entity both:

(1) Possesses a valid license granted by another state pursuant to legal standards
comparable to those which must be met by a wholesale drug distributor [or], pharmacy
distributor, drug outsourcers, or third-party logistics provider of this state as prerequisites
for obtaining a license under the laws of this state; and

(2) Distributes into Missouri from a state which would extend reciprocal treatment under
its own laws to a wholesale drug distributor [or], pharmacy distributor, drug outsourcers, or
third-party logistics provider of this state.

338.337. It shall be unlawful for any out-of-state wholesale drug distributor [or],
on-of-state pharmacy acting as a distributor, drug outsourcers, or third-party logistics
provider to do business in this state without first obtaining a license to do so from the board of
pharmacy and paying the required fee, except as otherwise provided by section 338.335 and this
section. Application for an out-of-state wholesale drug distributor's, drug outsourcer's, or out-
of-state third-party logistics provider's license under this section shall be made on a form furnished by the board. The issuance of a license under sections 338.330 to 338.370 shall not change or affect tax liability imposed by the Missouri department of revenue on any [out-of-state wholesale drug distributor or out-of-state pharmacy] entity. Any out-of-state wholesale drug distributor that is a drug manufacturer and which produces and distributes from a facility which has been inspected and approved by the Food and Drug Administration, maintains current approval by the federal Food and Drug Administration, and has provided a copy of the most recent Food and Drug Administration Establishment Inspection Report to the board, and which is licensed by the state in which the distribution facility is located, or, if located within a foreign jurisdiction, is authorized and in good standing to operate as a drug manufacturer within such jurisdiction, need not be licensed as provided in this section but such out-of-state distributor shall register its business name and address with the board of pharmacy and pay a filing fee in an amount established by the board.

338.340. No person acting as principal or agent for any out-of-state wholesale drug distributor, drug outsourcer, or out-of-state third-party logistics provider shall sell or distribute drugs in this state unless the wholesale drug distributor or pharmacy distributor entity has obtained a license pursuant to the provisions of sections 338.330 to 338.370.

344.030. 1. An applicant for an initial license shall file a completed application with the board on a form provided by the board, accompanied by an application fee as provided by rule payable to the department of health and senior services. Information provided in the application shall be attested by signature to be true and correct to the best of the applicant's knowledge and belief.

2. No initial license shall be issued to a person as a nursing home administrator unless:

   (1) The applicant provides the board satisfactory proof that the applicant is [twenty-one years of age or over] of good moral character and a high school graduate or equivalent;

   (2) The applicant provides the board satisfactory proof that the applicant has had a minimum of three years' experience in health care administration or two years of postsecondary education in health care administration or has satisfactorily completed a course of instruction and training prescribed by the board, which includes instruction in the needs properly to be served by nursing homes, the protection of the interests of residents therein, and the elements of good nursing home administration, or has presented evidence satisfactory to the board of sufficient education, training, or experience in the foregoing fields to administer, supervise and manage a nursing home; and

   (3) The applicant passes the examinations administered by the board. If an applicant fails to make a passing grade on either of the examinations such applicant may make application
for reexamination on a form furnished by the board and may be retested. If an applicant fails
either of the examinations a third time, the applicant shall be required to complete a course of
instruction prescribed and approved by the board. After completion of the board-prescribed
course of instruction, the applicant may reapply for examination. With regard to the national
examination required for licensure, no examination scores from other states shall be recognized
by the board after the applicant has failed his or her third attempt at the national examination.
There shall be a separate, nonrefundable fee for each examination. The board shall set the
amount of the fee for examination by rules and regulations promulgated pursuant to section
536.021. The fee shall be set at a level to produce revenue which shall not substantially exceed
the cost and expense of administering the examination.

3. The board may issue a license through reciprocity to any person who is regularly
licensed as a nursing home administrator in any other state, territory, or the District of Columbia,
if the regulations for securing such license are equivalent to those required in the state of
Missouri. However, no license by reciprocity shall be issued until the applicant passes a special
examination approved by the board, which will examine the applicant's knowledge of specific
provisions of Missouri statutes and regulations pertaining to nursing homes. The applicant shall
furnish satisfactory evidence that such applicant is of good moral character and has acted in the
capacity of a nursing home administrator in such state, territory, or the District of Columbia at
least one year after the securing of the license. The board, in its discretion, may enter into
written reciprocal agreements pursuant to this section with other states which have equivalent
laws and regulations.

4. Nothing in sections 344.010 to 344.108, or the rules or regulations thereunder shall
be construed to require an applicant for a license as a nursing home administrator, who is
employed by an institution listed and certified by the Commission for Accreditation of Christian
Science Nursing Organizations/Facilities, Inc., to administer institutions certified by such
commission for the care and treatment of the sick in accordance with the creed or tenets of a
recognized church or religious denomination, to demonstrate proficiency in any techniques or
to meet any educational qualifications or standards not in accord with the remedial care and
treatment provided in such institutions. The applicant's license shall be endorsed to confine the
applicant's practice to such institutions.

5. The board may issue a temporary emergency license for a period not to exceed ninety
days to a person twenty-one years of age or over, of good moral character and a high school
graduate or equivalent to serve as an acting nursing home administrator, provided such person
is replacing a licensed nursing home administrator who has died, has been removed or has
vacated the nursing home administrator's position. No temporary emergency license may be
issued to a person who has had a nursing home administrator's license denied, suspended or
revoked. A temporary emergency license may be renewed for one additional ninety-day period
upon a showing that the person seeking the renewal of a temporary emergency license meets the
qualifications for licensure and has filed an application for a regular license, accompanied by the
application fee, and the applicant has taken the examination or examinations but the results have
not been received by the board. No temporary emergency license may be renewed more than one
time.

training. Said instructions and fees associated therewith shall be identical or similar to those
prescribed in section 374.710 for bail bond agents and general bail bond agents.

3. In addition to said twenty-four hours of initial minimum training, licensees shall be
required to receive eight hours of biennial continuing education of which said instructions and
fees shall be identical or similar to those prescribed in section 374.710 for bail bond agents and
general bail bond agents.
