17 parents, legal guardians, adopted adult, or the adopted adult's lineal descendants if the adopted
18 adult is deceased, upon written request therefor.

19 4. An adopted adult, **biological parent, adoptive parent**, or the adopted adult's lineal
20 descendants if the adopted adult is deceased, may make a written request to the circuit court
21 having original jurisdiction of such adoption to secure and disclose information identifying the
22 adopted adult's biological parents. If the biological parents have consented to the release of
23 identifying information under subsection [8] 7 of this section, the court shall disclose such
24 identifying information to the adopted adult or the adopted adult's lineal descendants if the
25 adopted adult is deceased. If the biological parents have not consented to the release of
26 identifying information under subsection [8] 7 of this section, the court shall, within ten days of
27 receipt of the request, notify in writing the child-placing agency or juvenile court personnel
28 having access to the information requested of the request by the adopted adult or the adopted
29 adult's lineal descendants.

30 5. Within three months after receiving notice of the request of the adopted adult, or the
31 adopted adult's lineal descendants, the child-placing agency or the juvenile court personnel shall
32 make reasonable efforts to notify the biological parents of the request of the adopted adult or the
33 adopted adult's lineal descendants. The child-placing agency or juvenile court personnel may
34 charge actual costs to the adopted adult or the adopted adult's lineal descendants for the cost of
35 making such search, **but said charge shall not exceed three hundred dollars**. All
36 communications under this subsection are confidential. For purposes of this subsection, "notify"
37 means a personal and confidential contact with the biological parent of the adopted adult, which
38 initial contact shall be made by an employee of the child-placing agency which processed the
39 adoption, juvenile court personnel or some other licensed child-placing agency designated by the
40 child-placing agency or juvenile court. Nothing in this section shall be construed to permit the
41 disclosure of communications privileged pursuant to section 491.060. At the end of three
42 months, the child-placing agency or juvenile court personnel shall file a report with the court
43 stating that each biological parent that was located was given the following information:

- 44 (1) The nature of the identifying information to which the agency has access;
45 (2) The nature of any nonidentifying information requested;
46 (3) The date of the request of the adopted adult or the adopted adult's lineal descendants;
47 (4) The right of the biological parent to file an affidavit with the court stating that the
48 identifying information should be disclosed;
49 (5) The effect of a failure of the biological parent to file an affidavit stating that the
50 identifying information should be disclosed.

51 6. If the child-placing agency or juvenile court personnel reports to the court that it has
52 been unable to notify the biological parent within three months, the identifying information shall

53 ~~[not]~~ be disclosed to the adopted adult or the adopted adult's lineal descendants. Additional
54 requests for the same or substantially the same information may not be made to the court within
55 one year from the end of the three-month period during which the attempted notification was
56 made, unless good cause is shown and leave of court is granted.

57 7. If, within three months, the child-placing agency or juvenile court personnel reports
58 to the court that it has notified the biological parent pursuant to subsection 5 of this section, the
59 court shall receive the identifying information from the child-placing agency. If an affidavit duly
60 executed by a biological parent authorizing the release of information is filed with the court or
61 if a biological parent is found to be deceased, the court shall disclose the identifying information
62 as to that biological parent, **copies of all documents contained in the adoption file, and any**
63 **personal items or correspondence in the agency's or court's possession** to the adopted adult
64 or the adopted adult's lineal descendants if the adopted adult is deceased, provided that the other
65 biological parent either:

66 (1) Is unknown;

67 (2) Is known but cannot be found and notified ~~[pursuant to section 5 of this act]~~ **under**
68 **subsection 5 of this section;**

69 (3) Is deceased; or

70 (4) Has filed with the court an affidavit authorizing release of identifying information.

71

72 If the biological parent fails or refuses to file an affidavit with the court authorizing the release
73 of identifying information, then the identifying information shall not be released to the adopted
74 adult. No additional request for the same or substantially the same information may be made
75 within three years of the time the biological parent fails or refuses to file an affidavit authorizing
76 the release of identifying information.

77 8. Any adopted adult whose adoption was finalized in this state or whose biological
78 parents had their parental rights terminated in this state may request the court to secure and
79 disclose identifying information concerning an adult sibling. Identifying information pertaining
80 exclusively to the adult sibling, whether part of the permanent record of a file in the court or in
81 an agency, shall be released only upon consent of that adult sibling.

82 9. The central office of the children's division within the department of social services
83 shall maintain a registry by which biological parents, adult siblings, and adoptive adults may
84 indicate their desire to be contacted by each other. The division may request such identification
85 for the registry as a party may possess to assure positive identifications. At the time of registry,
86 a biological parent or adult sibling may consent in writing to the release of identifying
87 information to an adopted adult. If such a consent has not been executed and the division
88 believes that a match has occurred on the registry between biological parents or adult siblings

89 and an adopted adult, an employee of the division shall make the confidential contact provided
90 in subsection 5 of this section with the biological parents or adult siblings and with the adopted
91 adult. If the division believes that a match has occurred on the registry between one biological
92 parent or adult sibling and an adopted adult, an employee of the division shall make the
93 confidential contact provided by subsection 5 of this section with the biological parent or adult
94 sibling. The division shall then attempt to make such confidential contact with the other
95 biological parent, and shall proceed thereafter to make such confidential contact with the adopted
96 adult only if the division determines that the other biological parent meets one of the conditions
97 specified in subsection 7 of this section. The biological parent, adult sibling, or adopted adult
98 may refuse to go forward with any further contact between the parties when contacted by the
99 division.

100 10. The provisions of this section, except as provided in subsection 5 of this section
101 governing the release of identifying and nonidentifying adoptive information apply to adoptions
102 completed before and after August 13, 1986.
