Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Sections 89.020, 137.021, 144.025, 265.300, 265.490, 265.494, and 414.032, RSMo, are repealed and eleven new sections enacted in lieu thereof, to be known as sections 64.002, 65.702, 89.020, 137.021, 144.025, 265.300, 265.490, 265.494, 273.450, 414.032, and 644.059, to read as follows:

64.002. For purposes of a zoning law, ordinance, or code authorized and enacted under this chapter, a zoning or property classification of agricultural or horticultural shall include any sawmill or planing mill as defined in the U.S. Department of Labor’s Standard Industrial Classification (SIC) Manual under Industry Group 242 with the SIC number 2421.

65.702. 89.020. 1. For the purpose of promoting health, safety, morals or the general welfare of the community, the legislative body of all cities, towns, and villages is hereby empowered to regulate and restrict the height, number of stories, and size of buildings and other structures, the percentage of lot that may be occupied, the size of yards, courts, and other open spaces, the

density of population, the preservation of features of historical significance, and the location and use of buildings, structures and land for trade, industry, residence or other purposes.

2. For the purpose of any zoning law, ordinance or code, the classification single family dwelling or single family residence shall include any home in which eight or fewer unrelated mentally or physically handicapped persons reside, and may include two additional persons acting as houseparents or guardians who need not be related to each other or to any of the mentally or physically handicapped persons residing in the home. In the case of any such residential home for mentally or physically handicapped persons, the local zoning authority may require that the exterior appearance of the home and property be in reasonable conformance with the general neighborhood standards. Further, the local zoning authority may establish reasonable standards regarding the density of such individual homes in any specific single family dwelling neighborhood.

3. No person or entity shall contract or enter into a contract which would restrict group homes or their location as described in this section from and after September 28, 1985.

4. Any county, city, town or village which has a population of at least five hundred and whose boundaries are partially contiguous with a portion of a lake with a shoreline of at least one hundred fifty miles shall have the authority to enforce its zoning laws, ordinances or codes for one hundred yards beyond the shoreline which is adjacent to its boundaries. In the event that a lake is not large enough to allow any county, city, town or village to enforce its zoning laws, ordinances or codes for one hundred yards beyond the shoreline without encroaching on the enforcement powers granted another county, city, town or village under this subsection, the counties, cities, towns and villages whose boundaries are partially contiguous to such lake shall enforce their zoning laws, ordinances or orders under this subsection pursuant to an agreement entered into by such counties, cities, towns [and], or villages.

5. Should a single family dwelling or single family residence as defined described in subsection 2 of this section cease to operate for the purpose as set forth in subsection 2 of this section, any other use of such home, other than allowed by local zoning restrictions, must be approved by the local zoning authority.

6. For purposes of any zoning law, ordinance or code the classification of single family dwelling or single family residence shall include any private residence licensed by the children's division or department of mental health to provide foster care to one or more but less than seven children who are unrelated to either foster parent by blood, marriage or adoption. Nothing in this subsection shall be construed to relieve the children's division, the department of mental health or any other person, firm or corporation occupying or utilizing any single family dwelling or single family residence for the purposes specified in this subsection from compliance with any ordinance or regulation relating to occupancy permits except as to number and relationship of
occupants or from compliance with any building or safety code applicable to actual use of such
single family dwelling or single family residence.

7. Any city, town, or village that is granted zoning powers under this section and is
located within a county that has adopted zoning regulations under chapter 64 may enact an
ordinance to adopt by reference the zoning regulations of such county in lieu of adopting its own
zoning regulations.

8. For purposes of any zoning law, ordinance, or code authorized and enacted
under this section, a zoning or property classification of agricultural or horticultural shall
include any sawmill or planing mill as defined in the U.S. Department of Labor’s Standard
Industrial Classification (SIC) Manual under Industry Group 242 with the SIC number 2421.

137.021. 1. The assessor, in grading land which is devoted primarily to the raising and
harvesting of crops, to the feeding, breeding and management of livestock, to dairying, or to any
combination thereof, as defined in section 137.016, pursuant to the provisions of sections
137.017 to 137.021, shall in addition to the assessor's personal knowledge, judgment and
experience, consider soil surveys, decreases in land valuation due to natural disasters, level of
flood protection, governmental regulations limiting the use of such land, the estate held in such
land, and other relevant information. On or before December thirty-first of each odd-numbered
year, the state tax commission shall promulgate by regulation and publish a value based on
productive capability for each of the several grades of agricultural and horticultural land. If such
rules are not disapproved by the general assembly in the manner set out below, they shall take
effect on January first of the next odd-numbered year. Such values shall be based upon soil
surveys, soil productivity indexes, production costs, crop yields, appropriate capitalization rates
and any other pertinent factors, all of which may be provided by the college of agriculture of the
University of Missouri, and shall be used by all county assessors in conjunction with their land
grades in determining assessed values. Any regulation promulgated pursuant to this subsection
shall be deemed to be beyond the scope and authority provided in this subsection if the general
assembly, within the first sixty calendar days of the regular session immediately following the
promulgation of such regulation, by concurrent resolution, shall disapprove the values contained
in such regulation. If the general assembly so disapproves any regulation promulgated pursuant
to this subsection, the state tax commission shall continue to use values set forth in the most
recent preceding regulation promulgated pursuant to this subsection.

2. When land that is agricultural and horticultural property, as defined in section
137.016, and is being valued and assessed for general property tax purposes pursuant to the
provisions of sections 137.017 to 137.021 becomes property other than agricultural and
horticultural property, as defined in section 137.016, it shall be reassessed as of the following January first.

3. Separation or split-off of a part of the land which is being valued and assessed for general property tax purposes pursuant to the provisions of sections 137.017 to 137.021, either by conveyance or other action of the owner of the land, so that such land is no longer agricultural and horticultural property, as defined in section 137.016, shall subject the land so separated to reassessment as of the following January first. This shall not impair the right of the remaining land to continuance of valuation and assessment for general property tax purposes pursuant to the provisions of sections 137.017 to 137.021.

4. The state tax commission shall not promulgate a rule increasing agricultural land productive values more than two percent above the values in effect prior to the rule promulgation or eight percent above the lowest value in effect in any of the ten years prior to the rule promulgation. No agricultural land shall have its productive values increased if the land is located in a county that has been affected by a natural disaster as declared by the United States Department of Agriculture within the previous two years.

144.025. 1. Notwithstanding any other provisions of law to the contrary, in any retail sale other than retail sales governed by subsections 4 and 5 of this section, where any article on which sales or use tax has been paid, credited, or otherwise satisfied or which was exempted or excluded from sales or use tax is taken in trade as a credit or part payment on the purchase price of the article being sold, the tax imposed by sections 144.020 and 144.440 shall be computed only on that portion of the purchase price which exceeds the actual allowance made for the article traded in or exchanged, if there is a bill of sale or other record showing the actual allowance made for the article traded in or exchanged. Where the purchaser of a motor vehicle, trailer, boat or outboard motor receives a rebate from the seller or manufacturer, the tax imposed by sections 144.020 and 144.440 shall be computed only on that portion of the purchase price which exceeds the amount of the rebate, if there is a bill of sale or other record showing the actual rebate given by the seller or manufacturer. Where the trade-in or exchange allowance plus any applicable rebate exceeds the purchase price of the purchased article there shall be no sales or use tax owed. This section shall also apply to motor vehicles, trailers, boats, and outboard motors sold by the owner or holder of the properly assigned certificate of ownership if the seller purchases or contracts to purchase a subsequent motor vehicle, trailer, boat, or outboard motor within one hundred eighty days before or after the date of the sale of the original article and a bill of sale showing the paid sale price is presented to the department of revenue at the time of licensing. A copy of the bill of sale shall be left with the licensing office. Where the subsequent motor vehicle, trailer, boat, or outboard motor is titled more than one hundred eighty days after the sale of the original motor vehicle, trailer, boat, or outboard motor, the allowance pursuant
22 to this section shall be made if the person titling such article establishes that the purchase or
23 contract to purchase was finalized prior to the expiration of the one hundred eighty-day period.
24 2. As used in this section, the term "boat" includes all motorboats and vessels, as the
terms "motorboat" and "vessel" are defined in section 306.010.

truck as defined in section 301.010, and a trailer as defined in section 301.010.
29 4. The provisions of subsection 1 of this section shall not apply to retail sales of
manufactured homes in which the purchaser receives a document known as the "Manufacturer's
Statement of Origin" for purposes of obtaining a title to the manufactured home from the
department of revenue of this state or from the appropriate agency or officer of any other state.
33 5. Any purchaser of a motor vehicle or trailer used for agricultural use by the purchaser
shall be allowed to use as an allowance to offset the sales and use tax liability towards the
purchase of the motor vehicle or trailer any grain, fruit, vegetables, cotton, or livestock
produced or raised by the purchaser. The director of revenue may prescribe forms for
compliance with this subsection.

If such materials are disapproved, the respective entity shall notify the individual or organization, in writing, of the deficiencies of the materials. Upon the individual or organization curing such deficiencies, such individual or organization may resubmit such materials for review. If the state veterinarian or department of public safety does not review the submitted materials and notify the individual or organization within fourteen calendar days, such materials shall be deemed approved by the respective entity.

3. 4. Any waiver issued under subsection 3 of this section shall be as limited in scope and applicability as necessary and shall apply equally and uniformly to all persons and companies in the impacted petroleum motor fuel supply and distribution system including, but not limited to, petroleum producers, terminals, distributors, and retailers.

For the purposes of this section, agricultural stormwater discharges and return flows from irrigated agriculture
shall include stormwater and snow melt runoff, drainage, and infiltration, including water

subsurface, from standard farming industry practices. This shall include, but not be
limited to, cultivation and tillage of soil, and production, growing, raising, and harvesting
of agricultural commodities and livestock. Nothing in this section shall be construed to
effect, limit, or supersede sections 640.700 to 640.755 or any other law or regulation of
concentrated animal feeding operations.

Section B. The enactment of section 273.450 of section A of this act shall become
effective on January 1, 2019.
