

HB 1753 -- COLLECTION OF SAMPLES ON PRIVATE LAND

SPONSOR: Pogue

This bill prohibits a federal or state agency, political subdivision, or private contractor from collecting samples of substance located on private land without the express written consent of the landowner. If an entity intends to conduct tests or surveys in a county, a written letter and description of the tests or surveys must be delivered to the county commission.

This bill is the same as HB 206 (2017).
