

HB 2208 -- PAPER BALLOTS

SPONSOR: Curtman

This bill requires that all electronic voting systems produce results from paper ballots marked by hand, or in the case of disabled voters who need assistance, from paper ballots marked by a paper ballot marking device designed to assist such voters. Direct-record electronic voting machines shall be phased out upon mechanical failure. The bill has a delayed effective date of January 01, 2019, for the requirement to cease replacement of voting machines when they must be retired for mechanical failure.

This bill is similar to HB 1778 (2016).
