

HB 2705 -- ALTERNATIVE SPECIAL NEEDS SERVICES ACT

SPONSOR: Rone

This bill establishes the "Alternative Special Needs Services Act." The Act allows a school district or charter school to enter into an alternative special needs services agreement with the parent of a child with disabilities enrolled in a public school whose education is estimated to cost more than three times the current expenditure per average daily attendance of the school. Such an agreement shall allow an independent provider to provide alternative special needs services that results in financial savings for the school or the Department of Elementary and Secondary Education.

This bill is similar to SB 1035 (2018).
