

HJR 71 -- CONSERVATION SALES AND USE TAX

SPONSOR: Houghton

Upon voter approval, this constitutional amendment divides the conservation sales and use equality between the Department of Conservation and the Highways and Transportation Commission and requires the tax to be approved by voters in 2020, and then every 10 years thereafter. If a majority of the voters fail to approve the continuance of the tax, the tax will terminate at the end of the second fiscal year after the last election was held.

This bill is the same as SJR 20 (2018).
