

HJR 84 -- SALES TAX FOR HIGHWAY PATROL

SPONSOR: Korman

Upon voter approval, this Constitutional Amendment authorizes an additional .4% state sales and use tax on tangible personal property to be deposited into the newly created, Missouri Law Enforcement Fund. The fund can be used solely to provide for: actual costs of an annual audit, actual costs of the State Highway Patrol, grants to municipal and county law enforcement agencies for training and equipment, and families of law enforcement officers killed in the line of duty.
