1 date of this section.

2 4. An owner of a solar site may follow practices at the
3 solar site that provide native perennial vegetation and foraging
4 habitat beneficial to pollinators.

5 5. An owner of a solar site implementing site management
6 practices under this section may claim that the site is
7 pollinator-friendly or provides benefits to pollinators only if
8 the site and the site's vegetation management plan adhere to the
9 criteria set forth in the University of Missouri extension
10 service's scorecard described under subsection 3 of this section.

11 6. An owner making a claim that a solar site is pollinator-
12 friendly or provides benefits to pollinators shall make the solar
13 site's completed scorecard and vegetation management plan
14 available to the public and provide a copy to the University of
15 Missouri extension service and a nonprofit solar industry trade
16 association of this state.
