

HB 394 -- ETHICS

SPONSOR: Ellebracht

Currently, persons who make expenditures of \$500 or more, other than contributions to candidates or committees, to support or oppose candidates or ballot measures file certain reports under Section 130.047, RSMo.

This bill requires any entity that is not a defined committee that makes aggregate expenditures of \$500 or more, other than contributions to candidates or committees, to support or oppose candidates or ballot measures to file a quarterly donor report with the name and address of donors to the entity who give more than \$50 to the entity in a quarter.

This bill is similar to HB 2582 (2018).
