

HB 440 -- MEDICAL MARIJUANA LICENSES AND CERTIFICATES

SPONSOR: Washington

This bill requires the Department of Health and Senior Services to give minority business enterprise applicants and women's business enterprise applicants a scoring bonus of 10 points when scoring medical marijuana cultivation facility, medical marijuana dispensary facility, medical marijuana-infused products manufacturing facility, medical marijuana testing facility, or medical marijuana transportation applicants. The department must take into consideration any policy implemented by the political subdivision in which the applicant will be located that is designed to promote, increase, or maintain the participation of minority business enterprises and women's business enterprises in that political subdivision.

This bill is the same as SB 2 (2019).
