

HCS HB 469 -- MISSOURI ONE START PROGRAM

SPONSOR: Grier

COMMITTEE ACTION: Voted "Do Pass with HCS" by the Standing Committee on Economic Development by a vote of 12 to 1.

This bill modifies provisions relating to the Missouri Works Training Program and changes the name of the program to the Missouri One Start Program. The bill also renames the associated funds.

Currently, the program allows administrative expenses to 15% of total training costs. This bill limits such expenses to a reasonable amount determined by the Department of Economic Development. In creating rules and regulations governing the Missouri One Start Training Program, this bill requires the department to consider such factors as the potential number of new jobs to be created, the amount of new capital investment in new facilities and equipment, the significance of state benefits to the qualified company's decision to locate or expand in Missouri, the economic need of the affected community, and the importance of the qualified company to the economic development of the state.

This bill allows the department to require a qualified business to repay all benefits if such business fails to maintain the new or retained jobs within five years of approval of benefits or if such business leaves the state within five years of approval of benefits.

The bill allows the department to contract with other entities, including businesses, industries, other state agencies, and political subdivisions of the state for the purpose of implementing a training project under the program.

Upon appropriation of funds to the Missouri One Start Job Development Fund, this bill allows a local education agency to petition the department to utilize the fund to create or improve training facilities, equipment, staff, expertise, programming, and administration. The department may award moneys from the fund for reimbursement of training project costs and services as it deems necessary.

This bill gives the department the discretion to determine the appropriate amount of funds to allocate to a training project from the Missouri One Start Community College New Jobs and Retained Jobs Training funds.

Any agreement or obligation entered into by the department that was

made under the provisions of the Missouri Works Training Program prior to the effective date of this bill shall remain in effect according to the provisions of such agreement or obligation.

This bill is similar to SB 184 (2019).
