Such increases shall be considered 32 33 additive to the existing contracts. In addition to payments reflecting the cost of services, contracts 34 shall include incentives provided in recognition of performance based on the evaluation tool created 35 under subsection 3 of this section and the corresponding savings for the state. The response and 36 evaluation team under subsection 4 of this section shall review a formula to distribute such payments, as recommended by the division. 37 38 8.
