## FISCAL ANALYSIS

### ASSUMPTION

Officials at the **Office of Administration's Division of Budget and Planning** assume the proposed legislation should not result in additional costs or savings to the Division of Budget and Planning.

Subsection 407.780.3. establishes a penalty between \$100 and \$500 for entities listed in the bill that violate this section by providing baby crib bumpers for sale in this state. To the extent that these fines are deposited into the state treasury, total state revenues will increase.

To the extent that this legislation decreases sales tax, general and total state revenues could decrease. This proposal will impact the calculation under Article X, Section 18(e). The DOR may be able to provide any estimates.

Officials at the **Department of Revenue (DOR)** assume the proposed legislation could reduce Total State Revenue by an estimated \$117,244 each fiscal year.

### Section 407.780

This section states that no commercial dealer, manufacturer, importer, distributor, wholesaler, or retailer shall sell, lease, offer for sale, or offer for lease in the state any crib bumper pad as an accessory to a crib or as a separate item. For any violation of the provisions of this section, there shall be a penalty of not less than one hundred dollars nor more than five hundred dollars for each offense. The enactment of Section 407.780 of Section A of this act shall become effective on January 1, 2021.

Based on information published on Missouri Health and Senior Service's website, the average number of births is about 75,000. The DOR's estimate is based on assuming that a bumper would be purchased for each child.

The DOR reviewed various websites and searches to try and determine the price of baby bumpers and arrived at an estimate an average price of \$37.

If each child born in FY 21 used a baby bumper, the total taxable sales would equal \$2,775,000. The State of Missouri would collect 4.225 percent on the total taxable sales for a potential total state sale tax collection amount of \$117,244.

ASSUMPTION (continued)

The DOR estimates that Total State Revenue could decrease by \$117,244 each fiscal year. Sales tax is collected and deposited into various funds per Missouri statute and Missouri Constitution. The itemized impact to the various funds are shown below.

Decrease to Total State Revenue - Per Fund			
Fund	Fiscal Year		
	Fiscal Year 2021	Fiscal Year 2022	Fiscal Year 2023
General Revenue	\$0.00	(\$83,250)	(\$83,250)
Conservation	\$0.00	(\$3,469)	(\$3,469)
Education	\$0.00	(\$27,750)	(\$27,750)
Parks and Soil	\$0.00	(\$2,775)	(\$2,775)
Total State Revenue	\$0.00	(\$117,244)	(\$117,244)

The DOR believes that the impact shown above could be reduced or offset by an unknown amount from any penalty collected from any commercial dealers, manufacturers, importers, distributors, wholesalers, or retailers who violate the provisions under this section.

**Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a fiscal impact that could be up to DOR's estimate.

**Oversight** will also reflect a 6 month loss in sales tax in FY 21 using DOR's numbers since the proposal becomes effective January 1, 2021. Oversight will also reflect a loss to local political subdivisions in sales tax collected using a population weighted estimate of 3.86% or \$107,115 ( $\$2,775,000 * .0386$ ) for FYs 22 and 23 and a 6 month loss of \$53,558 in FY 21.

Oversight assumes the actual loss in sales tax revenue would be lower than DOR's estimates, because:

- Oversight assumes not every newborn would use a bumper pad. The potential dangers of these items has been publicized and Oversight assumes some parents are choosing not to use them;
- Oversight assumes not every bumper pad used would be purchased new. Oversight assumes some bumper pads would be used for multiple newborns in the same household, or perhaps purchased/utilized by other families.

ASSUMPTION (continued)

Officials at the **Department of Health and Senior Services**, the **Office of the Attorney General**, the **Department of Social Services** and the **Office of the Secretary of State** each assume no fiscal impact to their respective agencies from this proposal.

**Oversight** notes that the Department of Health and Senior Services, the Office of the Attorney General, the Department of Social Services and the Office of the Secretary of State each has stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note for these agencies.

FISCAL IMPACT - Small Business

This proposed legislation could impact any small business that sells, manufactures, or refurbishes baby crib bumpers.

FISCAL DESCRIPTION

This bill prohibits commercial dealers, manufacturers, importers, distributors, wholesalers, or retailers from selling, leasing, offering for sale, or offering for lease in Missouri any crib bumper pad as an accessory to a crib or as a separate item. Any violations of the provisions of this bill will result in a penalty of at least \$100 and no more than \$500 for each offense. This bill has a delayed effective date of January 1, 2021.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
