FISCAL ANALYSIS

ASSUMPTION

§491.641 - Pretrial Witness Protection Services Fund

Officials from the **Department of Public Safety (DPS)** state this proposal creates a new fund in the state treasury to be used solely by the DPS for the purposes of witness protection services. It does not establish a specific source from which monies will be collected by the fund. It also does not specify if fund monies can be spent on administration of the fund.

The DPS believes it will require one (1) Public Safety Program Specialist to administer the fund.

In the proposed Governor's Budget, DPS is receiving additional FTE to work on grant programs. It is our anticipation that those FTE would cover administering this program. However, if those FTE are cut from the budget, DPS would require an additional one (1) FTE to administer this program.

This version removes the sunset provision.

Oversight does not have any information contrary to that provided by DPS. Therefore, Oversight will range DPS' response from \$0 (DPS will receive additional FTE in the FY 2021 budget) to DPS' impact for fiscal note purposes.

Oversight notes this proposed legislation creates the Pretrial Witness Protection Services Fund. The legislation authorizes the Department of Public Safety to disperse to reimburse expenditures by law enforcement agencies to provide for the security, health, safety and welfare of witnesses, potential witnesses, victims, and members of their families and households, if they are in danger of bodily injury or their life is in jeopardy as a result of giving testimony or being willing to testify in criminal proceedings instituted or investigations pending against a person alleged to have engaged in a violation of state law. This includes authority for local law enforcement agencies to purchase, rent or modify protected housing facilities and to contract with federal or state government agencies to obtain or provide the facilities or services necessary for such housing. In the FY 2021 budget, the Governor's Recommendation approved the funding for this program at \$1,000,000.

Officials from the **Office of State Courts Administrator (OSCA)** state this proposal may have some impact, but there is no way to quantify that impact at the present time. Any significant changes will be reflected in future budget requests.

ASSUMPTION (continued)

Oversight notes the **Department of Natural Resources**, the **Department of Public Safety - Missouri State Highway Patrol**, the **Department of Social Services**, the **Department of Conservation**, the **State Treasurer's Office**, and the **St. Louis County Department of Justice Services** have each stated the proposal would not have a direct fiscal impact on their respective organizations.

In response to a previous version, Oversight notes the **St. Louis County Police Department** stated this proposal would not have a direct fiscal impact on their organization.

Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.
