44 after August 28, 2020, shall be invalid and void.

162.877. 1. (1) If any school district desires to be attached to an adjacent special
2 school district, the school board of the district desiring the attachment to the special school

27 include each school district annexed to the special school district under this section. A
28 member representing an annexed school district on the governing council shall be elected
29 as provided in section 162.856. After the new governing council member is elected, a new

35 (4) (a) The existing special school district board of education shall, upon formation
36 of a new special school district under this section and each decade within ninety days after
37 each decennial census has been reported to the President of the United States, adopt a
38 resolution calling for the formation of a redistricting committee. Upon adoption of such
39 resolution, the secretary of the board of education shall forward a certified copy thereof
40 to the state board of education. The redistricting committee shall consist of three residents
41 within the district, appointed by the board of education of the special school district, plus
42 three additional persons residing within the special school district, appointed by the state
43 board. Thereafter, the redistricting committee shall meet, organize itself with a chair and
44 secretary, and proceed with the adoption of a redistricting plan. Any plan proposed to be
45 adopted shall receive approval of a majority of the whole redistricting committee before
46 its adoption. Upon adoption, the redistricting committee shall forward a copy of the plan
47 certified by the secretary of the redistricting committee to the state board for its approval
48 or disapproval. The state board shall approve any redistricting plan that divides the
49 special school district into seven subdistricts of equal population, taking into account as
50 much as possible existing school district boundary lines. Upon approval by the state board,
51 the redistricting plan shall become effective and all board members elected thereafter shall
52 be elected from subdistricts in which they reside. If the plan is disapproved, it shall be
53 returned to the redistricting committee for revision and resubmission. If a redistricting
54 plan has not been adopted within one year after the publication of the decennial census
55 figures, the state board shall provide the redistricting plan. No member of the redistricting
56 committee shall serve on the board of education for a period of six years following such
57 service on the redistricting committee.

58 (b) Within thirty days after the adoption of a redistricting plan, the state board of

4 per average daily attendance as calculated on the district annual secretary of the board report for

5 the year in which expenditures are claimed. **For any school district with an average daily**
6 **attendance of five hundred students or fewer, the calculation of three times the current**
7 **expenditure per average daily attendance shall not include any money reimbursed to a**
8 **school district under this section.**

9 2. A school district shall submit, through timely application, as determined by the state
10 department of elementary and secondary education, the cost of serving any **high-needs** student
11 **with an individualized education program**, as provided in subsection 1 of this section.
