(2) Any hazardous waste facility, as defined in section 260.360; or

2. The department of natural resources shall create and make available on its website an interactive map of hazardous waste sites in Missouri. The map shall contain links to additional information on each hazardous waste site and a method for members of the public to sign up to receive updates on any hazardous waste site. The information shall appear together in one document or web page that is easily accessible.

3. Before January 1, 2021, each hazardous waste site shall post an informational sign in a conspicuous place at each entrance to the site.
