#### *House Amendment No. 1*

AMEND House Bill No. 1694, Page 1, Section A, Line 2, by inserting after said section and line the following:

**"66.671. 1. As used in this section, the following terms mean:**

(1) "County", any county with a charter form of government and with more than nine hundred fifty thousand inhabitants and with historic landfills located in such county;

(2) "Historic landfill", any real property for which a county issued an approval before January 1, 1973, for use as a landfill;

(3) "Land use permit", any permit required by a county before any action relating to any use of a plot of property containing a historic landfill may occur.

2. Each county shall compile and keep a list of all historic landfills in the county and shall make such list available to the public.

3. (1) Before July 1, 2021, each county shall establish a procedure to determine whether any reclamation or remediation of a historic landfill has been accomplished safely before issuing any land use permit for such property.

(2) The procedure shall ensure that protecting the health of any resident who lives and person who works near the historic landfill is a primary concern during all phases of a reclamation or remediation of the historic landfill.

(3) The procedure shall be developed in consultation with residents of the county and any stakeholder representing any entity with an interest in the historic landfill. The development of the procedure shall include public hearings and public meetings that allow for public comments by such residents and stakeholders. At such public hearings and public meetings, residents shall be provided ample opportunity to present in person any statement, testimony, or evidence regarding the resident's concerns about the steps that the county shall include as part of the procedure for reviewing any reclamation or remediation of a historic landfill before the county issues any land use permit. All information presented at such public hearings and public meetings shall be deemed an official record to be preserved by the appropriate custodian of such records in the county.

(4) The county shall use all information presented under this subsection in creating the procedure for reviewing a reclamation or remediation of a historic landfill.

4. (1) Before issuing any land use permit, the county shall hold public hearings and public meetings that allow for public comments by such residents and stakeholders. At such public hearings and public meetings, residents shall be provided ample opportunity to present in person any statement, testimony, or evidence regarding the resident's concerns about the following:

(a) Any reclamation or remediation that was performed on the historic landfill;

(b) Any items, substances, or contaminants the resident believes to be in the historic landfill;

(c) Whether any testing was performed on the historic landfill;

(d) Whether further testing should be required before the county issues a land use permit;  
(e) Whether the resident believes the county followed all procedures required under this section for issuing a land use permit; and

(f) Any other concern or comment the resident wishes to make about the historic landfill and any related land use permit.

(2) All information presented at such public hearings and public meetings shall be deemed an official record to be preserved by the appropriate custodian of such records in the county.

(3) The county shall use all information presented under this subsection in determining whether to conduct additional site testing for contaminants beyond any other required site testing before issuing a land use permit.

(4) If the county determines that additional testing is necessary based on the records gathered at the public hearings and public meetings, the county shall require the additional necessary testing. If the additional testing determines that any reclamation or remediation was inadequate or that additional reclamation or remediation is necessary, the county shall require any reclamation or remediation of the historic landfill be completed before the county issues any land use permit."; and

(13) Serve, within government and in the state at large, as an advocate for elderly persons by holding hearings and conducting studies or investigations concerning matters affecting the health, safety, and welfare of elderly persons and by assisting elderly persons to assure their rights to apply for and receive services and to be given fair hearings when such services are denied;

(14) Conduct research and other appropriate activities to determine the needs of elderly persons in this state, including, but not limited to, their needs for social and health services, and to determine what existing services and facilities, private and public, are available to elderly persons to meet those needs;

(15) Maintain and serve as a clearinghouse for up-to-date information and technical assistance related to the needs and interests of elderly persons and persons with Alzheimer's disease or related dementias, including information on the home and community based services program, dementia-specific training materials and dementia-specific trainers. ~~[(19)]~~ **(20)** Monitor the process pursuant to the federal Patient Self-determination Act, 42 U.S.C. Section 1396a (w), in long-term care facilities by which information is provided to patients concerning durable powers of attorney and living wills.

3. The department may withdraw designation of an area agency on aging only when it can be shown the federal or state laws or rules have not been complied with, state or federal funds are not being expended for the purposes for which they were intended, or the elderly are not receiving appropriate services within available resources, and after consultation with the director of the area agency on aging and the area agency board. Withdrawal of any particular program of services may be appealed to the director of the department of health and senior services and the governor. In the event that the division withdraws the area agency on aging designation in accordance with the Older Americans Act, the department shall administer the services to clients previously performed by the area agency on aging until a new area agency on aging is designated.

4. Any person hired by the department of health and senior services after August 13, 1988, to conduct or supervise inspections, surveys or investigations pursuant to chapter 198 shall complete at least one hundred hours of basic orientation regarding the inspection process and applicable rules and statutes during the first six months of employment. Any such person shall annually, on the anniversary date of employment, present to the department evidence of having completed at least twenty hours of continuing education in at least two of the following categories: communication techniques, skills development, resident care, or policy update. The department of health and senior services shall by rule describe the curriculum and structure of such continuing education.

5. The department may issue and promulgate rules to enforce, implement and effectuate the powers and duties established in this section and sections 198.070 and 198.090 and sections 192.2400 and 192.2475 to 192.2500. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

6. Home and community based services is a program, operated and coordinated by the department of health and senior services, which informs individuals of the variety of care options available to them when they may need long-term care.

7. The division shall maintain minimum dementia-specific training requirements for employees involved in the delivery of care to persons with Alzheimer's disease or related dementias who are employed by skilled nursing facilities, intermediate care facilities, residential care facilities, agencies providing in-home care services authorized by the division of aging, adult day-care programs, independent contractors providing direct care to persons with Alzheimer's disease or related dementias and the division of aging. The department of health and senior services shall maintain minimum dementia-specific training requirements for employees involved in the delivery of care to persons with Alzheimer's disease or related dementias who are employed by home health and hospice agencies licensed by chapter 197. Such training shall be incorporated into the home health and hospice agency's new employee orientation and ongoing in-service curricula for all employees involved in the care of persons with dementia. The dementia training need not require additional hours of orientation or ongoing in-service. Training shall include at a minimum, the following:

(2) For other employees who do not provide direct care for, but may have daily contact with, persons with Alzheimer's disease or related dementias, the training shall include an overview of dementias and communicating with persons with dementia.

As used in this subsection, the term "employee" includes persons hired as independent contractors. The training requirements of this subsection shall not be construed as superceding any other laws or rules regarding dementia-specific training."; and
