1 "153.030. 1. All bridges over streams dividing this state from any other state owned, used,
2 leased or otherwise controlled by any person, corporation, railroad company or joint stock company,
3 and all bridges across or over navigable streams within this state, where the charge is made for
4 crossing the same, which are now constructed, which are in the course of construction, or which
5 shall hereafter be constructed, and all property, real and tangible personal, owned, used, leased or
6 otherwise controlled by telegraph, telephone, electric power and light companies, electric
7 transmission lines, pipeline companies and express companies shall be subject to taxation for state,
8 county, municipal and other local purposes to the same extent as the property of private persons.

9 2. And taxes levied thereon shall be levied and collected in the manner as is now or may
10 hereafter be provided by law for the taxation of railroad property in this state, and county
11 commissions, county boards of equalization and the state tax commission are hereby required to
12 perform the same duties and are given the same powers, including punitive powers, in assessing,
13 equalizing and adjusting the taxes on the property set forth in this section as the county commissions
14 and boards of equalization and state tax commission have or may hereafter be empowered with, in
15 assessing, equalizing, and adjusting the taxes on railroad property; and an authorized officer of any
16 such bridge, telegraph, telephone, electric power and light companies, electric transmission lines,

19 companies, electric transmission lines, pipeline companies, or express companies in like manner as
20 the authorized officer of the railroad company is now or may hereafter be required to render for the
21 taxation of railroad property.

22 3. On or before the fifteenth day of April in the year 1946 and each year thereafter an
23 authorized officer of each such company shall furnish the state tax commission and county clerks a
24 report, duly subscribed and sworn to by such authorized officer, which is like in nature and purpose
25 to the reports required of railroads under chapter 151 showing the full amount of all real and
26 tangible personal property owned, used, leased or otherwise controlled by each such company on
27 January first of the year in which the report is due.

28 4. If any telephone company assessed pursuant to chapter 153 has a microwave relay station
29 or stations in a county in which it has no wire mileage but has wire mileage in another county, then,
30 for purposes of apportioning the assessed value of the distributable property of such companies, the
31 straight line distance between such microwave relay stations shall constitute miles of wire. In the
32 event that any public utility company assessed pursuant to this chapter has no distributable property
33 which physically traverses the counties in which it operates, then the assessed value of the
34 distributable property of such company shall be apportioned to the physical location of the
35 distributable property.

36 5. (1) Notwithstanding any provision of law to the contrary, beginning January 1, 2019, a
37 telephone company shall make a one-time election within the tax year to be assessed:

38 (a) Using the methodology for property tax purposes as provided under this section; or

39 (b) Using the methodology for property tax purposes as provided under this section for
40 property consisting of land and buildings and be assessed for all other property exclusively using the
41 methodology utilized under section 137.122.

42
43 If a telephone company begins operations, including a merger of multiple telephone companies,
44 after August 28, 2018, it shall make its one-time election to be assessed using the methodology for
45 property tax purposes as described under paragraph (b) of subdivision (1) of this subsection within
46 the year in which the telephone company begins its operations. A telephone company that fails to
47 make a timely election shall be deemed to have elected to be assessed using the methodology for
48 property tax purposes as provided under subsections 1 to 4 of this section.

49 (2) The provisions of this subsection shall not be construed to change the original

1 assessment jurisdiction of the state tax commission.

2 (3) Nothing in subdivision (1) of this subsection shall be construed as applying to any other
3 utility.

4 (4) (a) The provisions of this subdivision shall ensure that school districts may avoid any
5 fiscal impact as a result of a telephone company being assessed under the provisions of paragraph
6 (b) of subdivision (1) of this subsection. If a school district's current operating levy is below the
7 greater of its most recent voter-approved tax rate or the most recent voter-approved tax rate as
8 adjusted under subdivision (2) of subsection 5 of section 137.073, it shall comply with section
9 137.073.

10 (b) Beginning January 1, 2019, any school district currently operating at a tax rate equal to
11 the greater of the most recent voter-approved tax rate or the most recent voter-approved tax rate as
12 adjusted under subdivision (2) of subsection 5 of section 137.073 that receives less tax revenue from
13 a specific telephone company under this subsection, on or before January thirty-first of the year
14 following the tax year in which the school district received less revenue from a specific telephone
15 company, may by resolution of the school board impose a fee, as determined under this subsection,
16 in order to obtain such revenue. The resolution shall include all facts that support the imposition of
17 the fee. If the school district receives voter approval to raise its tax rate, the district shall no longer
18 impose the fee authorized in this paragraph.

19 (c) Any fee imposed under paragraph (b) of this subdivision shall be determined by taking
20 the difference between the tax revenue the telephone company paid in the tax year in question and
21 the tax revenue the telephone company would have paid in such year had it not made an election
22 under subdivision (1) of this subsection, which shall be calculated by taking the telephone company
23 valuations in the tax year in question, as determined by the state tax commission under paragraph
24 (d) of this subdivision, and applying such valuations to the apportionment process in subsection 2 of
25 section 151.150. The school district shall issue a billing, as provided in this subdivision, to any such
26 telephone company. A telephone company shall have forty-five days after receipt of a billing to
27 remit its payment of its portion of the fees to the school district. Notwithstanding any other
28 provision of law, the issuance or receipt of such fee shall not be used:

29 a. In determining the amount of state aid that a school district receives under section
30 163.031;

31 b. In determining the amount that may be collected under a property tax levy by such
32 district; or

33 c. For any other purpose.

34
35 For the purposes of accounting, a telephone company that issues a payment to a school district under
36 this subsection shall treat such payment as a tax.

37 (d) When establishing the valuation of a telephone company assessed under paragraph (b) of
38 subdivision (1) of this subsection, the state tax commission shall also determine the difference
39 between the assessed value of a telephone company if:

40 a. Assessed under paragraph (b) of subdivision (1) of this subsection; and

41 b. Assessed exclusively under subsections 1 to 4 of this section.

42
43 The state tax commission shall then apportion such amount to each county and provide such
44 information to any school district making a request for such information.

45 (e) This subsection shall expire when no school district is eligible for a fee.

46 6. (1) If any public utility company assessed pursuant to this chapter has ownership of any
47 real or personal property associated with a project which uses wind energy directly to generate
48 electricity, such wind energy project property shall be valued and taxed by any local authorities
49 having jurisdiction under the provisions of chapter 137 and other relevant provisions of the law.

1 (2) Notwithstanding any provision of law to the contrary, beginning January 1, 2020, for any
 2 public utility company assessed pursuant to this chapter which has a wind energy project, such wind
 3 energy project shall be assessed using the methodology for real and personal property as provided in
 4 this subsection:

5 (a) Any wind energy property of such company shall be assessed upon the county assessor's
 6 local tax rolls; and

7 (b) ~~[Any property consisting of land and buildings related to the wind energy project shall be~~
