

House \_\_\_\_\_ Amendment NO. \_\_\_\_\_

Offered By \_\_\_\_\_

1 AMEND House Committee Substitute for Senate Bill No. 128, Page 1, Section A, Line 6, by  
2 inserting after all of said line the following:

3  
4 "67.301. 1. Notwithstanding any provision to the contrary, no city, county, town, village, or  
5 political subdivision shall adopt or enforce any ordinance, order, or regulation that:

6 (1) Requires a permit for the installation or use of a battery-charged fence in addition to an  
7 alarm system permit issued by such city, county, town, village, or political subdivision;

8 (2) Imposes installation or operational requirements for the battery-charged fence that do  
9 not comply with either:

10 (a) The standards set by the International Electrotechnical Commission, as published June  
11 29, 2018; or

12 (b) The requirements of the definition of a "battery-charged fence" under subsection 2 of  
13 this section; or

14 (3) Prohibits the installation or use of a battery-charged fence.

15 2. As used in this section, the following terms mean:

16 (1) "Alarm system", an alarm system for which a permit may be issued by a political  
17 subdivision;

18 (2) "Battery-charged fence", a fence that:

19 (a) Interfaces with an alarm system in a manner that enables the fence to cause the  
20 connected alarm system to transmit a signal intended to summon law enforcement in response to a  
21 burglary;

22 (b) Is located on property that is not designated by a city, county, town, village, or political  
23 subdivision for residential use;

24 (c) Has an energizer that is powered by a commercial storage battery that is no more than  
25 twelve volts of direct current and that periodically delivers voltage impulses to the fence;

26 (d) Produces an electric charge that does not exceed energizer characteristics set for electric  
27 fence energizers by the International Electrotechnical Commission, as published in the  
28 Commission's standard on June 29, 2018;

29 (e) Is completely surrounded by a nonelectric perimeter fence or wall that is no less than  
30 five feet in height;

31 (f) Is no more than ten feet in height or, if part of a nonelectric fence or wall, no more than  
32 two feet higher than the nonelectric fence or wall, whichever is higher; and

33 (g) Is marked with conspicuous warning signs that are located on the battery-charged fence  
34 at intervals no more than sixty feet apart and that read "WARNING: ELECTRIC FENCE".

35 3. Upon installation of a battery-charged fence, an installer shall deliver written notice to the  
36 chief administrator of the city, county, town, village, or political subdivision that:

Action Taken \_\_\_\_\_ Date \_\_\_\_\_

1       (1) States that the battery-charged fence was installed;  
2       (2) States the street address of the battery-charged fence; and  
3       (3) Includes a certification that the battery-charged fence satisfies the definition of a  
4       "battery-charged fence" under subsection 2 of this section and the standards for electric fence  
5       energizers set by the International Electrotechnical Commission, as published in the Commission's  
6       standard on June 29, 2018."; and  
7

8 Further amend said bill by amending the title, enacting clause, and intersectional references  
9 accordingly.
